SOONERS HAVE BIG TACKLES

Reports from Soonerland Indicate that Coach Tom Stidham will cludes Gilford "Cactus Face" Duggan, 215, junior; J. R. Manley, 210, junior; Howard Teeter, 226, jun-ior; Harold "Red" Edgeman, 215, Wrisht Phebus, 210, sophomore; Harold Lahar, 225, sopho-more; Justin Bowers, 218, sophomore, and Albert Ryan, 210, jun-

candidates have enthusiasm, the report states. Oklahoma followers expect a line that will stand up to any class of competition it is to meet in the 1938 campaigns.

Champs Lose.

Oklahoma found out that a champion does not always win if there is a let down among the team members. Just a week after the Sooner wrestling quad took possession of the Big Six grappling crown, Paul V. Keen's matmen lost to the Oklahoma Aggies by the decisive score of 29-3. D. C. Matthews, Roy Stone, and Marshall Word, all consistent pointgetters during the campaign preceeding the conference meet all tasted defeat at the hands of the

Aggies. University of Kansas fans are hoping that the Olympic question will be settled soon and that the games will remain in Tokyo in 1940. The reason for the interest is that the Kansans want to send the Jayhawk basketball team to the Olmpics in 1940. Before they can make the trip they must win the trial tourney. Many of the players that will be on the K. U team in 1940 are not yet in school and what the caliber of the team will be not even the most optimistic fortune teller would hazzard a guess. It seems that the Jayhawks are indulging in the will be displayed to local tennis well known game of counting enthusiasts when these former their chickens before the eggs are

CHIPS

(Continued from Page 1.) any possibilities by the time the comes due. Don't Forget, Now.

Finally, there is the matter of unexpected happenings which can't be described because if you describe something you don't expect to happen, then you are in all likelihood expecting it. So you just have to beware the Ides of March in a general way. Don't speak to strangers, never stay out later than 2 in the morning, don't sign any-thing except blank checks and requisitions, let somebody else open all suspicious packages, and whenever you think about just look around for something to beware of.

BATTLE FOR CENTER POSITION

Bob Burrus, Omaha, left, and Fred Meier, Lincoln, above, are two of the Cornhusker footballers battling for the center position on Maj. Jone's 1938 squad. Burrus, a holdover from last season, has taken on 16 pounds and now tips the beam at 191. Meier is the brother of Franklin Meier, former Husker pivot, and weighs in at 185, more than Franklin ever weighed during his grid career. Bob Ramey, understudy to Charley Brock last season, will sit this one out and take his remaining season of competition in 1939.

HEAVY SHOWERS KEEP TRACK MEN AT INDOOR WORK

To Open at Texas On April 2.

Old J. Pluvius opened all the valves Monday night and Tuesday and let down a shower that will keep the Husker track men indoors for the rest of this week, and possibly some of next. The weatherman has been very unkind to Schulte's proteges this year, giving them a day or two outside and then moving them indoors again.

Only two and a half weeks re main before the opening of the outdoor season. The first competition for the Huskers will be in the Texas Relays, at Austin, Texas on April 2. The men who won first places in the Big Six indoor meet and possibly a few others, will make the trip to Texas.
