UNION SPONSORS INITIAL SUMMER DANCE ON FRIDAY

Gay Feistner Band to Play; Matinee Party Slated for Saturday.

Gay Feistner, popular ten-piece Lincoln band, has been signed to play for the first all-university dance of the summer session Friday, June 10 in the Union ballroom. Feistner and his orchestra have played at a number of university parties during the winter session, and have met with popular approval in their engagements at surrounding towns.

This is but the first of a series of summer dances, states Kenneth Van Sant, Student Union director. Next week Dave Haun will return, with his band "better than ever." The dances are planned as get-acquainted affairs. Dates are not required. Admission has been set at 10 cents, with the orchestra playing from 9:00 to 12:00 o'clock.

No Charge Saturday.

On Saturday, June 11, Miss Marian Steele, recreation director, is planning the first matinee dance of the summer, from 3:30 to 5:30. No charge will be made, and students may come without dates. Music will be furnished by the Capehart music reproduction machine.

The game rooms on second floor of the Union are open, and students are urged to take advantage of them, Van Sant stated. Ping pong tables have been set up on third floor.

Much enthusiasm has been shown in the filling out of the recreation preference questionnaires, the Union director said, and the results will be compiled and sports schedules made out next week.

CONSERVATION GROUP PLANS WATER SURVEY

Nebraska Division to Work With U. S. in Platte Valley Region.

Work on the ground water survey of the Lodge Pole and Lodge Pole-South Platte valleys will be continued this summer by the University Conservation and Survey division in co-operation with the United States Geological survey, according to Dr. G. E. Condra of the University division. L. K. Wenzel of Washington, D. C. will arrive soon to take charge of field work. Associated with him will be R. C. Cady, also of Washington, and O. J. Sherer, H. F. Orth, and Robert Lawrence of the University.

The work of the party will be done in the vicinity of Alliance, on the Box Butte table, where Cady is already stationed. Sherer will leave today for Alliance today, Dr. Condra stated, and Orth and Lawrence will leave with the building equipment on Monday.

A preliminary survey of ground water conditions in the locality was made last year. This year the party will make a close study of water bearing formations, the depth of the table, the volume and quality of the water supply and areas showing promise for irrigation. Numerous soundings will be made to determine the exact water-bearing section. All wells in the area will be measured as to the depth to the water table, curb elevation and dependability for water supply. The drilling crew will be shifted to the Lodge Pole valley before the end of the survey season.

THE WEATHER.

We may be wrong, but the weather man calls it thunder showers and warmer for today.

Nebraskan Copies Free; Staff Seeks Reporters

Copies of the summer Nebraskan may be secured free of charge at boxes in the halls of Andrews, Teachers college, Social Science, and at the Student Union building.

Students interested in reportorial work on the summer paper are asked to call at the office, Student Union, Room 18. News may also be brought to Room 18. Society events or "gore" may be telephoned to Mary Ann Cockle at B-7564.

It is suggested that each house select one member to bring in items of interest or choice bits of personal news about members in the house so that the Nebraskan may adequately represent the summer student body, reflecting its ideas and relating its activities.

ALL-STATE OFFICERS' INSTITUTE CONVENES ON CAMPUS MONDAY

Sheriff's Association, F. B. I. Sponsor Full Program June 13 to 17.

Police officers thruout the state will gather Monday for the five day Police Institute sponsored by the Federal Bureau of Investigation and the Nebraska State Sheriff's association. Lectures and the demonstrations will be open to all attending officers without charge.

Highlights of the week's program include a demonstration by the Omaha fire department first aid team on Tuesday evening, a demonstration of night raids on Wednesday evening, and a banquet in the Student Union building on Friday evening.

Included on the program for the week are the following events:

DR. BENTSON LEAVES FOR SOUTHEAST TOUR

Professor Conducts Classes at Columbia University Summer Session.

Dr. Nels A. Bengtson of the geography department left Tuesday morning accompanied by his family, for an extended trip through the southern coast states prior to the opening of the summer session at Columbia university where Dr. Bengtson will conduct classes in economic geography in the school of business.

From Lincoln the party plans to go south through Texas and Louisiana, stopping for a time at New Orleans, east through Birmingham, Knoxville, Atlanta, Charleston and up to Williamsburg, Virginia. There the family will spend the summer, while Dr. Bengtson is at Columbia.

German Exchange Professor Says Vaunted Freedom of U. S. Little Evident on N. U. Campus.

Nebraska is branded as a university of no academic freedom, where professors are handicapped and overworked and students are too busy enjoying campus life to have time for any deep study, in an article written by Dr. Friedrich Schoenemann for the German magazine Zeitschrift fur Neuschprachliche.

Dr. Schoenemann acted as an exchange professor of philosophy here in 1936 and his article is entitled "An Exchange Professor in America." He is now at the University of Berlin from where he sent three copies of the magazine to friends on the campus.

"When I came to Nebraska I had to agree to a certain gentleman's agreement about Germany and its sin," writes Dr. Schoenemann. "I had no full academic freedom when I had to give a course on the cultural relation of Germany and America."

"There is no proof of American (Continued on Page 3.)

AG GRAD APPOINTED.

Fred Siefer, agricultural college graduate, has been appointed secretary of the Nebraska Grain Improvement association according to an announcement by President A. G. Ellick.

Formerly Nemaha county agricultural agent, Siefer is now at Cornell university completing graduate work. He will come to Omaha about July 1 to take over his new position.

V. C. HASCALL HEADS ALUMNI ASSOCIATION

Ray Ramsay Again Elected Secretary-Treasurer Of Organization.

Vincent C. Hascall of Omaha was elected president of the executive committee of the University Alumni association at the annual luncheon held this week. He succeeds District Judge Louis Lightner of Columbus.

Mrs. W. S. Trumbull of Scottsbluff was named vice president and Ray Ramsay was again named secretary-treasurer. Max Meyer of Lincoln was elected as member at large of the executive committee with a term of three years.

Members of the board of directors, with two year terms, are: Mrs. Florence S. Bates, Lincoln, First congressional district; Mrs. Ruth Whitmore, Valley, Second district; A. E. Wenke, Stanton, Third district; Helen Scott, Stromsburg, Fourth district; Dr. F. A. Burnham, Ogallala, Fifth district.

R. E. Campbell of Lincoln was named alumnus member of the athletic board, and Lucille Reilly and Milton Anderson of Lincoln were selected as alumni members of the student union board.

Geography Division To Sponsor Several Tours of Inspection

Geography tours for the classes in Geography 61 and 62 will be held throughout the summer session. The first tour, tentatively scheduled for the second or third Saturday, will probably include a visit to the Columbus power project, with a return stop at Omaha for a study of urban geography.

Local trips will be made to points of interest such as the agricultural college, Robber's cave, the capitol and various commercial places.

APPROXIMATELY 475 REGISTRANTS ENROLL TUESDAY

Classes Begin Today, Run Through Saturday This Week.

Unofficial figures show that 475 persons had completed their registration for the summer session when the coliseum closed Tuesday night. This is 35 more than last year at the same time.

Although no figures were available for Wednesday at press time, officials expected that second day registrants will more than triple the total. Ultimately, after teachers and other late registrants have filed, summer school enrollment will reach over the 2,100 mark.

Classes meet today for the first time and will continue through Saturday this week. Thereafter they will meet only five days a week, Monday through Friday.

Several changes in schedule are announced for Saturday. Voc. Educ. 110 will meet at 10 a. m. instead of 9. Geography 163 will meet at 11 a. m. instead of 1 p. m. Miss Rousseau will take the classes scheduled for Miss Baker. Mr. Fink will teach Physiology 1 and 198 instead of Dr. Lyman, while Dr. Lyman will teach Physiology 10 and 110 instead of Dr. Schrick. Mrs. Kilgore will take the classes scheduled for Miss Corbin.

CAFETERIA TO BEGIN SERVICE THIS NOON

Plan Provides for Three Meals, at 9:00, 11:00, 5:00 O'clock.

Doors of the Student Union cafeteria will be opened at noon today, with provisions for serving capacity crowds at breakfast, luncheon and dinner, Miss Ruth Quisenberry, Union cateress, has announced. Tables in the cafeteria will seat 160 persons at one time, and quick service will be provided to care for the student and faculty crowds.

To accommodate students who have early classes, the cafeteria will be opened at 6:00 o'clock, and will serve breakfast until 9:00. Tentative arrangements provide for luncheon to be served from 11:00 to 1:00 o'clock, and dinner from 5:00 to 7:00.

Miss Quisenberry states that every effort will be made to provide food of the best quality at low prices. The most modern equipment has been purchased for the kitchen to care for the large crowds of patrons. The conveyor system, as well as the service elevators, will enable the kitchen staff to furnish rapid service, with food served hot, directly from the heating units.

Director Van Sant states that during the month of May 35,000 persons were served at the Union grill, an average of 1,000 per day. A large summer patronage is expected, with the grill open for cold drinks and the like and the cafeteria open for the regular meals.

Class of '98 Re-elects C. H. Taylor President

Members of the class of '98 re-elected State Schools Superintendent Charles H. Taylor of Lincoln president at their reunion on the campus this week. George Burgett of Lincoln was re-named vice president and Maurice Hyde, also of Lincoln, was re-elected secretary-treasurer. All will serve for five years.

Fifty-five members of the class returned for the celebration, one-third the number who graduated 40 years ago. Fifty-five others are now dead.

SPEECH CLASSES GIVE "PENNY WISE" JUNE 16

Department Plans Full Line of Comedies, Recitals During Summer.

With scarcely a break from the routine of the past school year, the speech department is planning a full line of activities for students of the summer school. Beginning with a presentation of the full length play "Penny Wise," and continuing with studio theater plays and individual recitals, the department has arranged a schedule of drama which will provide for at least one public appearance every week.

"Penny Wise" was presented during the winter season as part of the regular work of the University Players, and will be given on Thursday, June 16, with several members of the original cast participating. Tina will be portrayed by Ruth Van Slyke, and Martha by Helen Rice. Don Boehm will take the part of Jeff, and Betty Widener will be cast as Penny. Gordon is to be John Gaeth; Katherine, Betty Rowland, and Waldemar Mueller will again be seen as Mr. Dunn.
