DEALERS DISPLAY NEW TEXT BOOKS IN STUDENT UNION

Between now and July 2, teachers attending the summer session will have an opportunity to look over the latest in textbooks and equipment, displayed in the southeast basement room of the Student Union. The exhibit is the tenth in its series, and is held each summer in conjunction with the summer school.

This year's exhibit is believed to be the largest ever to be displayed on the campus. Thirty-seven exhibitors, representing the leading book dealers of the United States, are showing new texts. The Nebraska State Teachers association has prepared an exhibit directly outside the door of the display room.
