

Intramurals Add Track

Frat Sport Council Eliminates Rifle Meet

Twenty-three representatives met with Harold Petz, director of intra-mural sports last night at the coliseum and mapped out their activities for the coming year.

Rifle shooting was eliminated by an almost unanimous vote, and a track meet, to be held in March was passed. The track meet will fill in between the fall and spring sports.

Tennis and golf will be played this fall instead of in the spring as it was last year. This is to give more time to the spring sports, and also it will not conflict with various university activities as they have before. Soccer was also taken up and a vote will be taken next fall as to whether they will have enough time to have it.

In the future it is hoped that a new lighted baseball diamond will be constructed so that night softball games can be played in the fall and spring.

Varsity Gridmen Hit Pay Dirt Four Times In Clash With Frosh

Yearlings Block One Veteran Tally Attempt on Ten Yard Marker

Varsity footballers went thru one hour of offensive scrimmage with freshmen gridgers yesterday, manufacturing four touchdowns, and failing on one occasion to hit pay dirt with four downs, after getting inside the ten yard line.

The team failing to score was composed of mostly third and fourth string players, with Biff and staff watching mainly for mistakes instead of scores or yardage gained.

Starting lineup for the two teams:

Varsity	Frosh
Kabler	Hunt
Grimm	Wirtman
Mills	Leik
Rehm	Ely
Pfeiff	Myers
Dobson	Fyrrtel
Hopp	DePrutter
Plock	Benson
Dodd	Wirtman
Calliban	Hartley

Best showing of the scrimmage were the first two plays after Dodd returned the frosh kickoff 35 yards to the yearling 45. Then Harry Hopp scooted fifteen yards over tackle and 30 around end for the first touchdown.

The next touchdown came after a series of seven plays with Marvin Plock, Hopp Petch and Rorig alternating carrying the mail. Rorig drove over from the ten yard line for the score and then kicked goal.

Touchdown number three was scored by the second string backfield playing with second and third string linemen. Eight plays were necessary to carry the ball over, with Luther scoring the points on a 15 yard end run. Luther carried

Gymnasts To Report

Coach Miller Schedules First Practice Monday.

First action in the fifth year of Varsity Gymnastics will be seen next Monday afternoon at the Coliseum. Ten or more experienced men are expected to report.

Coach Miller announces that all men interested in participating in gymnastics apply at his office at the coliseum or report for practice Monday, 4 p. m.

Promising candidates expected to report for this years squad are:

Southwick, Seier, Seidel, Wedgwood Allen, Luke, and lettermen Proffitt, Cadwell, and Glass.

The Nebraska team competes with representatives of the Big Ten and the Rocky Mountain conferences and has in the past been placed against such schools as Minnesota, Iowa, Illinois, and Chicago. Most of the tilts will be scheduled for the second semester of this school year. At least two contests are to be held at home.

As has been the custom in the last several years, the Cornhuskers will probably receive a bid to the Rocky Mountain A. A. U. Invitational Meet. When not active, the Gym team will give exhibitions between halves of basketball games during the coming season.

Locke Praises 'Pa'

Former Pupil Lauds Track's Grand Old Man

Coach Schulte has done more for high school students of Nebraska than any other man or a dozen men. This was the praise heaped on the university's retired "grand old man" of the track world Thursday at the Co-operative club meeting.

The singer of Henry Schulte's praise was one of his former star pupils, Roland "Gyp" Locke, honored guest at the meeting, and for many years world record holder of the 220-yard dash. In paying tribute to his former mentor, Locke pointed out the various competitive tests which Schulte worked out to aid in the development of both scholars and athletes. Schulte made a brief address.

Soph Athletes Vie For Award

Students Apply Oct. 3 For \$100 Prize

Sophomore athlete interested in the Joseph Simon cash award of one hundred dollars may secure application blanks from the office of Dean C. H. Oldfather of the arts and science college.

William Pfeiff was last year's winner. Candidates will be judged on scholarship, athletic prowess, and all around ability, which they displayed during their freshman year. All applications must be filed in the dean's office before 4 p. m., Oct. 3.

Frosh Gridders Promise Varsity Good Scrimmage

Improved Squad of Nine Teams Ready for Fray

After only a few days of work, Coach Adolph Lewandowski is very much pleased by the improvement of the 128 members of the freshman football squad. This came after two complete teams had scrimmaged against the varsity.

With nine full teams to throw against the varsity Saturday, Lewandowski hopes to put a presentable team on the field. In the tentative starting lineup it seems that Bob Ludwick of Lincoln and Jerry Dutcher of Benson will get the call. Wayne Blue of Tecumseh and Vic Schleich of Lincoln have

been getting the nod at tackle, while Ed Schwartzkopf of Lincoln and Phil Bordy of Silver Creek have been stationed at guard. Hub Monsky, Omaha, should be the first string center.

In the backfield Howard Zorn, Dalton, quarterback; Dick Debban, Elwood and Henry Rohn, Fremont, halves; and Jack Stubbs of Norfolk are slated to get the call. Doug Hudson of Curtis and Herb Grote of Benson should see lots of service in the backfield. A partial list of teams, names and positions follows:

TWO KINDS: WASHABLE AND PERMANENT

The Perfect Combination,
Quink PLUS the Parker Vacuumatic Pen

Even the Finest Fountain Pen Performs Far Better

When Filled with this Modern Ink . . . A Marvelous Creation!

Created by Parker to guard pens from pen-clogging inks . . . Ends 69% of the fountain pen troubles

There is not—and never has been—any other pen designed to handle all kinds of inks—good and bad—as well as the revolutionary Parker Vacuumatic. One reason is that this modern invention has no rubber ink sac, no lever filler, no piston pump. It is filled by a simple diaphragm, sealed in the top, where ink can never touch or decompose its working parts.

And its patented Television barrel lets you SEE the level of ink at all times—see when to refill.

This pedigreed Beauty of laminated Pearl and Jet is everywhere acknowledged to be the grandest pen ever created. Yet even this Guaranteed Mechanically Perfect pen can be plugged up by the grit and gum in ordinary writing inks.

Hence to guard the celebrated Parker Pens from pen-clogging inks, Parker experts developed this utterly new kind of writing ink—called Quink—an ink that actually cleans any pen as it writes.

This is done by a secret ingredient, wholly harmless. It dissolves the gum and other troublesome particles left in your pen by ordinary inks. It makes your pen a self-cleaner—cleans as it writes. Parker Quink is full-bodied, rich, and brilliant.

Never watery or gummy. And it dries on PAPER 31% quicker than average, due to stepped-up penetration. Yet Quink costs no more than ordinary inks—small bottles, 15c and 25c.

If you use an ordinary pen, you need Quink even more than does a Parker Pen owner to keep it in writing condition. If you use a Parker Pen, you'll be thrilled and surprised by the way it performs when filled with Quink. For until we created Quink and the Parker Vacuumatic Pen, there never was a really scientific writing combination.

Those who can afford the best will not rest until they have them both. The Parker Pen Company, Jamestown, Wis.

SPORT NOTES

By Norman Harris

Today we come out with our five-star, super special tip on tomorrow's football game—not one of these things such as the day's best bet being Hampden-Sidney for the reason that it has no game scheduled. Ours is a real game—and after burning the midnight oil for hours pondering the question, we are picking the Husker varsity to beat the freshmen—in fact we'll be in Siam Monday if they don't (that's where Henry McLemore said he'd be if Joe Louis didn't beat Max Schmeling in their first meeting in the ring). In making this prediction we realize what a burden we're placing on the varsity, for when the sports writing tribe begins to peer into the future it's a warning for football teams to rush for the nearest bomb-proof shelter.

Speaking seriously, though, the coaching staff will direct the team's play, on the field, and insofar as that goes it won't be an actual game. However, it will give Biff a good line on his men for the Minnesota game, and will mark the first appearance on the Husker gridiron for about a hundred freshmen.

If the game goes like most of the frosh-varsity games, it will be more or less of a touchdown parade on the varsity side. In fact, last time the frosh scored a touchdown in the annual game was when Steve Hokuf was playing with them in 1931, the year he was forced to refrain from varsity competition. However, once in a while the freshmen turn on some passing fireworks, which bring a first down or two, and there's always the possibility of a fleet youngster getting loose on a punt return if the varsity lets down. Admission is only a quarter, while to see an Ivy league team murder an early season setup you would pay ten times that much. The frosh are not weaklings, so you'll see just as good a game as many a regulation contest.

In the day's other games Texas seems to have a little edge over Kansas—tho the wish may be father to the thought here. D. X's team outweighs the Jays eight pounds to the man, but even so, a Kansas win wouldn't be too sur-
