## ACHESON CONVO

(Continued from Page 1.)

C. A. field secretary, Presbyterian pastor, and teacher.

It was while he was serving as a teaching faculty that Acheson became acquainted with Dean C. H. Oldfather. In 1912 they met each other for the first time when they both held faculty positions in the Syrian Protestant college in Beirut, Syria. The following summer they took a trip together to Petra, east of the Jordan, and thru Palestine.

### "Vigorous Personality."

Dean Oldfather characterizes Acheson as a "very vigorous personality" and states: "Because of Dr. Acheson's wide experiences and troubles he should have something very good to give to the students."

The arts and science dean went on to tell of the difficulty Acheson found in getting out of Syria after the World war had started. The convocation speaker waited until 1915 to leave for United States and he had to travel all of the way to Holland in the territory of Germany and her allies hindered by a great scarcity of passenger trains, transportation of armies, and great shipments of supplies to the German front.

Another member of the Nebraska faculty, Dr. Holck of the pharmacy department, also taught at one time in the Syrian Protestant college altho it was somewhat later than Dr. Acheson's and Dean Oldfather's years there.

Dr. Harold W. Stoke, chairman of the convocation programs, is responsible for arranging Acheson's talk. At noon the speaker will talk at the Lincoln chamber of commerce public affairs luncheon.

More than 60,000 students in 38 U. S. colleges and universities are members of the Independent Men's association.

...Chesterfield writes it for everybody who smokes 'em

It's pleasure you smoke for... everybody knows that... and it's pleasure you get in every Chesterfield you light.

Chesterfields are milder and better-tasting and here's the big reason...

It takes good things to make a good product. In Chesterfield we use the best ingredients a cigarette can have... mild ripe tobaccos and pure cigarette paper.

They Satisfy

..with MORE PLEASURE for millions
