Dr. Peltier will discuss "Fungus Enemy No. 1 of the Southwest,"

DR. G. L. PELTIER. ... Addresses Sigma Xi.

known to scientists as phymatotrichum, an organism responsible for cotton root rot and root rot of approximately 2,000 other eco-nomic plants. Included in his talk will be material obtained from research which he carried on in the field two months ago and in June of 1935. He has been alded in his work by Floyd Schroeder, assistant in the department of bacteriology and formerly an assistant pathologist at the agricultural college

Dr. Peltier will illustrate his address with Kodachrome films he made while visiting the infested Peace" attracted international attention.

Heads Program Calling Noted Cellist

to Open Artist Series In Union Ballroom

Emanuel Feuermann, noted Austrian celist, will present a recital the auspices of Sigma Alpha Iota and Delta Omicron, honorary musical societies who are sponsor-ing for the first time this year a series of Sunday afternoon artist concerts.

Feuermann will offer a program of various composers on his cello, which is one of the finest of its kind in the world today. A \$35,000 Stradivarius made sometime before 1731, the cello must receive tender care and always occupies a birth of its own when traveling with its master on the train,

Appeared with Toscanini.

The Austrian musician was the first soloist to appear with Toscan-ini on the NBC Saturday night broadcasts, and his accompanist, Franz Rupp, an artist in his own right, recently recorded with Fritz

Four Grads Represent Nebraska at Columbia School of Journalism

in the number of graduates now enrolled in the Graduate School of Journalism at Columbia univer-Journalism at Columbia university, according to a complete list of students sent out by the gradu-

ate journalism school this year. Four University graduates are listed upon the school's roll now. They are: George M. Dobry, St. Paul, A. B. and certificate of journalism, 1937; W. Grant Parr, Minden, A. B. and certificate of journalism, 1936; George Pipal, Humboldt, A. B. and certificate of jour-nalism, 1937, and Robert O. Reddish, Lincoln, A. B., 1938.

Grad Wins Agronomy

Maurice Peterson, '38, Contest for Students

graduate of the college of agriculture in June, 1938, has been awarded first prize in the annual national student essay contest national student essay contest sponsored by the American Society of Agronomy. Ogden Riddle of Bartley and Robert Daniell of Stanton, also 1938 graduates, ranked third and fourth, respectively, to give Nebraska three out of the first four places in this national event.

A trip to the International Grain and Hay show held in Chicago the

and Hay show held in Chicago the first week in December in connection with the International Exposition will be given each of the three first place winners. They will also receive gold, silver, and bronze medals. Daniell receives a \$20 cash prize.

Second N. U. Winner.

Peterson, now studying at Kan-sas State for a master of science degree in agronomy, is the second Nebraskan to win this contest, open to college students throughout the country. John Bengtson, now with the U. S. Golf Greens association at Washington, D. C., was the 1937 winner, Arnold Petersen, now acting county agricul-tural agent at Minden, was third in last year's contest. General essay subject was, "The Contribution of Agronomical Re-

search to Agricultural Progress. Peterson selected the specific field of alfalfa research, and Riddle, now studying for his master's at the University of California at Da-vis, wrote on barley research and

Nebraska leads all other schools the pear 1936. More tons of alfalfa the pear 1936. More tons of alfalfa

Three Lines of Research.

He discussed in detail research along three lines-establishment of alfalfa on unadapted soils, cultural practices which have in-creased the yield and longevity of the crop, and development of superior strains and varieties, and concluded:

"The widespread use of alfalfa in the United States has not come about as an accidental find as has

Selleck Nixes Rumor Iowa To Play Here

No Switch to Lincoln Planned Despite Low Hawkeye Attendance

John K. Selleck, business man-ager of Cornhusker athletics, spiked rumors yesterday that the experiments.

"Alfalfa is today our most important tame hay crop," Peterson wrote in his paper. "In tons of hay harvested, alfalfa represented about 40 percent of the entire relationship in the stated."

ager of Cornhusker athletics, spiked rumors yesterday that the Nebraska-Iowa university football game might be switched from Iowa City to Lincoln next Saturday. "There is nothing to it,"

A sports columnist in one of that because of a rumored shaky condition of the Iowa management's finances brought on by depressing attendance figures, Major Biff Jones, director of Cornhusker athletics, and Selleck were discussing aproposal to the Hawkeye management that the scene of the game be moved to Memorial sta-

Only One Big Gate.

According to "reliable information" secured by the writer, "only once this fall have the Hawkeyes profited from a substantial gate, that lone occasion being when the Iowans faced the Minnesota Gophers at Minneapolis."

"Home attendance at Iowa City (Continued on Page 2.)

A.I.E.E. Section to Visit Omaha

Electric Officials Talk to Group on Thursday

Manchukuo, and Korea.

This will be the third of the Power company and John Gibb. Celebrity series, Upton Close and Omaha city electrician, will discuss simplified wiring methods before a meeting of the Nebraska section of the American Institute of Electrical Engineers next

The group will convene at 8 o'cock Thursday evening, in the portant part in the sensational Rome hotel, Omaha is the second city in the country to revise its electrical ordinance to permit the Dr. T. Z. Koo, China's representa- use of these new wiring methods. I. M. Ellestead of Omaha is chairman of the section, and Prof. O. E. Edison of the electrical en-

Sutherland's Offense Stops Scarlet 19-0

Panther Pushes Over In Last Three Quarters Before 33,000 Fans

BY NORMAN HARRIS.

Pittsburgh's mighty Panthers minus All-American Marshall Goldberg, handed Nebraska its fifth and worst defeat of the season yesterday in Memorial stadium, 19 to 0.

Flashing a pile driving offensive game, which had been expected by most of the 33,000 in the stands, the blue shirted Panthers drove to scores in the second, third, and fourth quarters, with Daddio booting the place kick after the final touchdown.

The first two touchdowns were the results of bad breaks, but despite this fact, Pitt's superiority in every department would have

Late in the first period, Bill Callihan was called upon to drive through the middle from his own Wild Bill was hit hard, fumbled, and Pitt recovered on the Husker 10.

Cassiano drove hard to the 6 and then swept right end for a touchdown. Seeman almost got him behind the line, but the hips that were to carry him all over the field later on swiveled and he went over. Daddio's kick was wide,

About the middle of the third period, Bus Knight's punt from his own 24 went out on the Husker 27, giving Pitt another scoring chance, which they converted into points.

Cassiano made four, slipping when he was almost loose. Steb-(Continued on Page 3.)

Hill To Play At Ag Dance

Thanksgiving Affair Planned Next Saturday

Earl Hill and his eleven piece orchestra will play for the Thanksgiving dance to be held in the activities building on the ag campus Saturday, Nov. 19. The party, conducted by the Poultry Science club, will be an all-university mixer where students of both campuses may either bring dates or go stag.

Decorations and favors will carry out a general Thanksgiving motif with door prizes of two dressed turkeys. The turkeys will be presented in a novel way that will give every student an equal

chance of winning.

In arranging for the orchestra, the poultry club, which is composed of students in the poultry husbandry department, has found a band widely known throughout the state. Joan Whitney is fea-tured with the orchestra as a singer. Another specialty of the orchestra is the songs and tap dances of Irving Kuklin, university student, who has for danced on the RKO circuit. formerly

Chaperones for the evening in-clude Prof. and Mrs. F. E. Mussehl and Prof. and Mrs. A. W. Medlar. The committee for the dance includes: Russel Bierman and Lyle Clark, chairmen; Rynold Cimfel, and Lewis Klein, rations; Howard Kriz, publicity; Marvin Vaughn and William Cook, tickets; Glenn Thacker and Mac

Newberry, chaperones. Admission is 30 cents for men and 20 cents for women. Tickets may be purchased from any mem-ber of the Poultry Science club or gineering department is secretary. at the Co-op Book store,

Frederic Snyder Brings 'Verbal Newspaper' Here

Commentator Booked By Union for Tuesday

Billed as the man who keeps ahead of the headlines, Frederic Snyder, news commentator and foreign correspondent, will present his interpretation of the world's news in a unique form which he calls the "Verbal Newspaper," Tuesday night at 8:15 in the Union ballroom.

Beginning his work as a foreign investigator in 1923, he made a social survey of eight European countries. He was an active member of the World Press conference in 1925, and the same year, as a delegate to the Life and Work conference held at Stockholm, Sweden, his address on "Motion Pictures as a Factor in World

Snyder visited both Turkey and the Balkan states in 1930, and in 1934 made a close study of the nazi regime in Germany. In 1935 he toured Russia and the Baltic countries, while in 1936 he went on a news quest to China, Japan,

the De Coue pictures preceding Mr. Snyder. Others the series plans to bring to Nebraska stu-dents are Will Durant, author of Section of the Ameri of Electrical Eng "The History of Philosophy," and Thursday in Omaha. former Governor Hoffman of New Jersey, who played such an im-

Lindbergh case. Mr. Snyder will be preceded by tive at the Religion and Life conference, who will speak at 7:15. Both lectures are free and all students are invited to attend.
