

SOCIAL-LITES

by Margaret Krause and Dixie Davis

WELCOME HOME. to an atmosphere of excitement, anticipation of military ball... that lovely, "I ate too much" feeling... catchword of the day, "Did you have fun this vacation, tee-hee?"... and reportings that the tea dance Friday was a big success... Ellie Knight, Theta, dancing with Earl Keel, Kappa Sig playboy... Ann Hueston, Kappa Theta, and so also Janet "Tessie" Harris... Sigma Nu's over running the Club dance Thanksgiving eve... Alpha Chi Margaret Steberg, reporting a wonderful time as had by all in Kearney... Pi Phi Peterson, approaching the station and porters at the loss of her suitcase... Zeta Beta Tau Bob Edeleston, getting the curtain call at the Paxton for his piano playing... ATO Ralph Wenden, raving on the train homeward about Jane "Dream" Anderson, D.C., Hermie Rohrig, writing his daily letter to a love far, far away... Delt Dow Wilson, confused with too many dates at the same time, like a Theta and Chi Omega... Velma Ekowal, tucked in a nook in the Knotty Pine room, spending his evening hour in the Moon... Sigma Delta Tau Harriet Salzman, point of a noisome date triangle involving Zeta's Wittenburg and Sam Davidson... Theta Xi Stan Michaels, still doing the rounds with the same gal... Pi Phi Margaret Dickerson, sprouting a White Cross at Sigma Chi over vacation...

We notice that Jane Cook is now wearing Fred Stone's Phi Psi pin in the open. Congratulations.

Redheads to Rule Ball

Blondes, Brunettes Also Shine

Queens of the Military Ball will be the redheads. Brunettes can appear sophisticated, blondes feminine, but it takes the red heads to add spice. Claudine Burt, Tri Delt, has chosen white moire to wear with her red locks. The skirt is full and gathered at the top and will be corsage tulle. Petite Natalie Rehlender of D. G. has decided upon a strapless, black taffeta gown which has a hooped pink skirt. Her only ornament is to be a gold and pearl necklace.

Eleven yards of gold slipper satin were used to make Alpha Phi Prime's self-designed formal. It is gored and fitted into a high shirred waist line with aqua velvet straps. Theta Mary Marnell will wear white corded silk trimmed with gold leaves and accessories, while another red head, Betty Lou Elliott of Kappa Kappa Gamma, has chosen powder blue velvet accented with gold leaves.

Black Net. Then Eleanor Collier of Alpha Xi Delta has black net, full skirted and strapless, accented at the hemline with green velvet bows. Mademoiselle describes Alpha Phi Eleanor Berner's frock as "dignified with stiff, front skirts and glittering details. It is white taffeta striped in green, gold, and red lame cord." Kappa Marj Ruydan designed her dress. It is yards of white net over a taffeta hoop skirt.

White slipper satin with the top skirt of fluff net has been chosen by D.G. and brunette Ginny Wheeler. The gown has a fitted satin bodice with sparkling bead trim. Pi Phi Beverly Sisek will accent her dark locks with a flame chiffon accented pleated dress. The givale is embroidered gold. The Ray twins, Betty and Verna, of KKG are wearing white silk Grecian gowns with pleated skirt.

Library Book Is Found in Alaska, Missing 31 Years

In the year 1907 the University librarian reported that the volume "Tennyson, Ruskin, Mill and Other Literary Estimates" by Frederic Harrison was missing from the stacks. Thirty-one years later, during the recent holidays, it was returned to surprised library officials thru the mails.

The volume was sent back to the University as a "Thanksgiving gift" from Seattle, Wash., by C. Henry Schulze who briefly explained that he had found the book with the Nebraska Library seal on it in Chitina, Alaska. How or why this literary piece with the ponderous title arrived at this frost bitten part of the continent, library officials do not know.

AIRLINES scoffed at his idea of flying freight into the jungles of Central America. But today Lowell Yerex' airline, TACA, flies 15,000,000 pounds of machinery, horses, butter and eggs, chewing gum and passengers every year. And, without benefit of government subsidy, will gross more than a million dollars in 1938. Here's the amazing story.
