outfit this year.

Knlght has two very promising catchers whereas last year that department was woefully weak. Returning mound stars are Rube Denning, Nebraska's counterpart of Dizzy Dean, insofar as looks go, and Lloyd Schmadke, and if Fireball Ed Wibbels can take enough time off from spring football and discus throwing, the pitching staff will be in good hands. Dow Wilson, shortstop last year, and a member of the Olympic team, will move to second, while Del Harris, who played both in the infield and outfield last year, will be stationed in center field.

Knight has lined up a western trip on which the Huskers will play California. The Bears played here last year, and had to go extra innings to whip Nebraska. The schedule will be announced as soon as the western trip has been | ibio and Thim Finley. entirely lined up, and that's just about ready.

Bleachers in the coliseum will mond and will accommodate 2,500 spectators. More can be moved outside, so that there won't be much fear of having to stand while watching the Huskers.

Things are beginning to look as tho the campus will finally get mixed swimimng. As soon as a few more fraternities and sororities signify their inten-tions of using the coliseum pool, suits will be ordered.

### 'Red' Littler, frosh sprinter, threatens Big Six records

### 220, 440 distances

By Hollis Limprecht.

According to the Track Coaches Ed Weir and Harold Petz, who ought to know, the Husker problems in the three dash events are settled for the coming three years. The reason for this is Eugene "Red" Littler, freshman sprint ace.

Littler, who has little trouble living up to his nickname what with his fiery red hair and numerous freckles, is the pride and joy of the Nebraska first year squad. The only performer on either the varsity or freshmen squad who can best him is Bob Simmons, Big Six 440 champ, who to date has finished in front of Littler in his

Littler high school star.

Coming from Mitchell, Neb. where in 1936 he won the 100 and 220 gold medals in the state high school track meet, Littler caused great disappointment when he decided to continue his future schooling at Compton junior college, located in Compton, Calif., nine miles from Los Angeles.

He won first national recognition at Compton by running on the team that broke the world's Elwood Pankonin and Jim Lawson of Los Angeles and Art Redding of New York City, they covered the distance in

Threaten 220 mark,

While on the coast the western Nebraska flash turned in several top notch times. He ran a 48.5 440 while on the relay team, and covered the quarter mile distance in 48.9 from a standing start. The latter time is only 3-10 of a second slower than the Big Six record.

His best time for the 220 from a standing start is 21.4, while the his teammates.

Ace specializes in 100, conference record stands at only 20.7. It is one of the oldest in the books, being held by Roland "Gipper" Locke, former Nebraska luminary, and Husker fans may have the opportunity to see it erased within the next three years.

While still in high school Littler covered the 100 yard dash in the unbelievably fast time of 9.6. The world's record for the century is 9.4, also the Big Six best time. His time of 6.3 for the 60 yard dash was made this winter on the Nebraska indoor track. Made under far better conditions, the loop rec-ord is only one-tenth of a second better.

'Red" also broad jumps.

In high school "Red" was also a broad jumper of no little fame, having leaped 22 feet 5 inches for his best mark. However a pulled muscle sustained last year put a stop to his competition in that event. Of all the events he com-petes in, the quarter mile and furlong are his favorites.

Littler returned to his home state this fall to enter the University of Nebraska. He said that the weather on the coast did not agree with him. This together with the fact that he didn't like it there, and wanted to go to school in his home state prompted his return.

Already he has broken the lap record on the Husker indoor track. and has turned in the year's best time for the 60 on the dirt lanes. He is co-captain of the Green squad in Weir's dual color freshmen meets, and in both affairs to date has breasted the tape in the 60 and 440.

In prep school Littler was a football and basketball letterman, but dropped these two sports on going to the coast. Quiet and unassuming, the red thatched lad is 20 years old, stands 5 feet 8 inches tall and tips the scale at 162 pounds, and is a favorite among
