ECONOMIZE—AND SPEND

1. Lack of merely adequate housing for several important parts of the present educational program.
2. Lack of necessary equipment.
3. Lack of library reference books.
4. Lack of sufficient instructional staff.
5. Loss of some of the best faculty members to institutions able to pay higher salaries and offer better facilities for teaching and research.
6. Inability to attract faculty members for teaching and research.
7. Inability to attract faculty members of distinction equal to those lost.

This is but a brief list of the University's many requirements which will harass the Unicameral's appropriations committee members when they meet this afternoon. No simple task is it to attempt forcing the two ends of a nonflexible substance to meet, the committee will discover. Faced with the governor's proposals for increased economies beside such an appalling group of absolute necessities of the university, those selected to make suggestions will find the sailing exceedingly choppy.

It could have been Chancellor Boucher, or

the head of any of the state's schools, or perhaps a private citizen, who declared recently:

"It has been said that a university will be a great institution in proportion as it has a great faculty. This is essentially true. The material with which a faculty works, however, is the student body plus the equipment for teaching and research. Of prime importance, therefore, is a thoro consideration of the student and his needs. He must be brought into stimulating contact... with teachers who can direct his intellectual growth."

The same citizen might have continued: "It is imperative, if we are to have a healthful and sound growth that provisions be made for the recognition of outstanding faculty service... We can encourage the younger members of the staff if we can give them the chance to do fine work and a reasonable compensation so that they are not overly harrassed financially."

These words are directly applicable to the university of Nebraska. As a matter of fact they were spoken by President Dykstra of the University of Wisconsin. Unwittingly President Dykstra made an appeal that is probably more urgently needed here than at his own institution.

The Board of Regents, in submitting the budget proposal prove their cognizance of the financial condition of the people. They request no huge, fabulous sum they knew full well to be far beyond the means of the state. Nor do they ask for unnecessary funds to greatly increase the university's functions or enrollment. The \$369,663 increase over the 1937 appropriation was made to safeguard the position and standing the university has attained in the past.

The day has come when the university no longer encourages the trek thru the campus of hordes of credit hunters. Instead it is more interested in improving its product, the student, rather than the institution itself. This is the reason that university officials covet the long time membership in the association of American Universities, ranking accrediting and standard-setting organization in the United States educational world to which only 17 state and 16 private universities have been admitted.

This is the reason the university is not simply requesting; it must have funds to provide adequate housing, necessary equipment, library reference books, additional instructors, better teaching research facilities, and higher salaries. Without the ability to correct or at least materially reduce these deficiencies, which merely touch upon some of the vital and specific factors contributing to academic downfall, the university may lose its status in the American Association.

Could a program with such a result be called economical?

Behind world events

By Finkle

THE HAMMER AND SICKLE

Dimitri Manuilsky, delegate on the executive committee of the communist internationale, announced yesterday that communist volunteers from 53 nations had gone to the aid of the loyalists in the Spanish civil war. He heralded the creation of the internationale brigade as a definite proof of the maturity of the communist movement.

It was also announced that the communist party had an aggregate membership of over 2,000,000 persons outside the U. S. S. R., not including the many thousands doing undercover work for the party or those who have been sentenced to prisons or concentration camps in the fascist states.

Manuilsky contended further that British interests were about to sacrifice French possessions to satisfy Italian claims in the Mediterranean regions, hoping to so weaken the ties of the Berlin-Rome axis. He claimed that Hitler's power in the German Reich would be destroyed if the "British encouraged" German plot on Russian territories actually come to pass.

ON THE SPANISH FRONT

General Miaja, head of the defense council regime, is reported ready to sue for an immediate peace to forestall Franco's expected attack upon the virtually helpless Madrid populace. The loyalist government announced that the

communist revolt of the past week, aimed at the overthrow of the government's capitulation policies had been removed from civil positions to expedite the peace.

'DRANG NACH OSTEN'

With peace appearing imminent in Spain, Germany again plans a march to the east so causing new international consternation. Dr. Joseph Tiso, deposed Slovak minister on a visit to Hitler, was received with all the honors usually accorded to the head of an independent state.

The Slovaks are agitating for their own complete autonomy with the dismembered Czecho-Slovakian state. Slovaks and German minorities are attacking the Sirovy government in much the same manner as was followed in the Sudeten crises of last September.

Exactly one year to the day from the German march to the southeast, tension is reported high, with many border clashes stimulating fears of the further expansion of German power, political and economic.

Club to observe French revolution

Program tomorrow commemorates event

The meeting of the French club, tomorrow evening at 7:30 o'clock in Union parlors A and B, will commemorate the 150th anniversary of the French revolution, and Prof. Jean Tilche of the romance languages department will speak on the revolution. Robert Sandberg, sophomore, will discuss "The American Point of View of the French Revolution." Sandberg will also discuss the American Constitution, which has its 150th anniversary this year.

French music will close the program to which all students interested are invited.

Miller bill--

(Continued from Page 1.)

is attempting to get more accurate figures concerning the problem.

J. T. Anderson of Wayne Normal, appeared before the board and strongly opposed the bill declaring that it was no remedy for duplication is such a thing as duplication existed.

Frank E. Pilger, a former member of the Normal Board, and E. D. Crites, now a member of the same board, also appeared before the committee. Pilger advocated the bill while Crites who was strongly opposed said that the adopting of such a measure would result in no saving for the taxpayers of the state.

Definite action upon the bill will be taken this week.

Dr. Sergius Morgulis to address Sigma Xi

Dr. Sergius Morgulis, chairman of the department of biochemistry in the university college of medicine, Omaha, discussed "A Muscular Disease of Dietary Origin" at the March meeting of Sigma Xi Monday at 7:30 in Morrill hall auditorium. Dr. Morgulis described the nature, mode of development and cure of the disease due to a multiple vitamin deficiency.

Carlton L. Zink speaks on tractor fuels tonight

Carlton L. Zink, engineer in charge of Nebraska tractor testing, will discuss good and bad tractor fuels tonight at 7:30, when he speaks before a meeting of the American Society of Agriculture Engineers. The meeting will be held in room 206 of Ag Engineering. Zink recently completed extensive research with commercial tractor fuels.

AWS chooses 38 coeds as style models

Presentation of 'Best Dressed Girl' to climax Follies fashion revue

Thirty-eight university women have been selected by the A. W. S. board to model in the spring style revue, a part of the Coed Follies, to be presented March 23 at Temple theater, according to Elizabeth Waugh, chairman of the style show.

Also to be included in the follies will be the presentation of Nebraska's Best Dressed Girl, chosen from the fifteen candidates nominated by organized women's groups on the campus, as well as six skits and three curtain acts already selected by the board.

Models will include: Deloris Bors, Nancy Mauch, Alpha Chi Omega; Natalie Johnson, Alpha Omicron Pi; Dorothy Askey, Florence Moll, Maxine Wagner, Lillie Luttgen, Alpha Phi; Eleanor Collier, Alpha Xi Delta; Mary Ellen Comerford, Chi Omega; Mary Anna Cackle, Doris Harberg, Delta Delta Delta; Maxine Kingsbury, Betty Reese, Lucy Jane Williams, Jerry Wallace, Delta Gamma; Peggy West, Gamma Phi Beta; Lois Friedebach, Pat Woods, Kappa Alpha Theta; Peggy Bell, Doris Graybow, Kappa Delta; Betty Ray, Verna Ray, Jeanne Newell, Kappa Kappa Gamma.

Nine skits chosen.

Others in the style show will be: Woodie Campbell, Frances Vaughn, Phi Mu; Jean Swift, Charlotte Stahl, Virginia Hovey, Pi Beta Phi; Marion Stettheimer, Sara Smeerin, Sigma Delta Tau; Emma Marie Schuttleoff, Louise Oddo, Sigma Kappa; Jean Fisher, Beth Howley, Betty Mallo, Beverly Brown, Alice Marian Holmes, Carrie Belle Raymond; Virginia Mutz, Barb A. W. S.

The skits chosen last week to be a part of the show will be given by Barb A. W. S., Alpha Chi Omega, Alpha Phi, Delta Delta Delta, Delta Gamma, Gamma Phi Beta, Pi Beta Phi, Sigma Delta Tau and Howard hall.

Ingersoll official to interview here

J. H. Dillon confers with engineers Friday

J. H. Dillon, personnel director of the Ingersoll-Rand company, will interview Mechanical Engineering seniors Friday in the office of Professor J. W. Haney, chairman of the Mechanical Engineering department.

Mechanical engineers who graduated in January or will graduate in June will be interviewed. Students accepted by the company will be given a training course before being assigned to a position. Information and descriptive material is now available in Professor Haney's office.

Ag students rally tonight for Fair

Board to announce committees at pep meet

A giant rally for announcements of farmers fair committees and their chairmen will be held tonight at 7 o'clock in ag hall, according to Ruthanna Russell, fair board member in charge of the rally.

May 6 is the date for the 21st annual farmers fair, which is the ag college's most extensive student project. The fair board of six seniors and six juniors sponsors the event, and board member Ray Cruise is manager of the entire fair.

All ag students are expected to attend the rally tonight to hear each committee chairman briefly describe the plans and the work

Religious sororities meet together at 7

Sigma Eta Chi, Congregational girls sorority, and Kappa Phi, Methodist girls sorority, will hold a joint meeting tonight in the Sigma Eta Chi room in the Union at 7 o'clock.

A panel discussion of religious relationships on the campus in which three members of each group take part is scheduled. Those in the discussion from Sigma Eta Chi are Betty Brown, Margaret Randel, and Mary Sherburne, while Lotus Therkelson, Thelma DeForest and Dorothy Sandfort will represent Kappa Phi.

Lorraine Schwedhelm and Margaret Robbins are the co-chairmen of the program. Frances Raney and Lucille Marker will lead devotions, while Marjorie Smith and Doris Bermon are in charge of music.

in store for his committee. Phil Watkins of the extension service will give a pep talk.

As every student in ag college has been appointed to a committee, the fair board threatens a dunking in the horse tank for any committee member who refuses to do his part.

Don Mocre accepts post at Rice institute

Donald V. Moore of Hastings, graduate student and assistant in the department of zoology, has accepted a teaching fellowship at Rice Institute, Houston, Texas. He will work on his Ph. D. while teaching comparative anatomy and parasitology. Mr. Moore will receive his M. A. from Nebraska this year.

Miss Steckleberg to play for convo

Twenty-first musical program held tomorrow

Janet Steckleberg, piano student with Herbert Schmidt, will present a recital as the 21st musical convocation tomorrow at 4 o'clock in the Temple theater.

Miss Steckleberg, sophomore daughter of Prof. Carl Steckleberg of the school of music faculty, is a well known student pianist, possessing unusual technique and facility in her playing. She will be assisted by her father in the Beethoven "Sonata in A Major."

Following is the complete program:

Beethoven, Sonata, A Major, Op. 12, No. 2; Allegro vivace; Janet and Carl Steckleberg.
Paradise, Tocatta.
Bach, Chromatic Fantasy and Fugue.
Brahms, Intermezzo, Op. 116, No. 4.
Capriccio, Op. 116, No. 3.
Waltzes, Op. 39.
Debussy, General Lavine—eccentric.
Chopin, Scherzo, Op. 31.

Former professor writes for mathematics bulletin

M. S. Webster, formerly of the university faculty, who is now teaching at Purdue university, has an article dealing with "Orthogonal Polynomials with Orthogonal Derivatives" published in the Bulletin of the American Mathematical society. The article is based on a study that Webster made while at Nebraska.

At the present time, there are 10,000 persons in the U. S. working toward Ph. D. degrees.

The University of Texas has a collection of hair from the heads of famous writers, statesmen, etc.
