Bob Kahler, Francis, Luther do scoring

Harvard took the measure of a outclassed but fighting Yale 13 to 6 to grab a 6 to 3 game lead in the spring series with only two scrimmages to go.

Walt Luther and Vike Francis provided the scoring plays in the first and third quarters respectively as Jack Vincent and Roy Petsch set the chances up. Luther's gallop from the 17 yard line came after Vincent had returned a Yale punt from his own 40 yard marker to the 17. On the next play Luther ripped thru right tackle, cut back, and outran his pursuers to the goal. Vike Francis' kick was wide.

Pass scores, Yale firsts came into the ball game in the second period and ran the Harvard second string all over the place to finally tally 6 points on a 30 yard pass from Hopp to Kahler on the goal line. At the end of the half the men of Eli were knocking on the Harvard goal line again after Bob Kahler plunged and whirled from the 22 yard line to the 4.

In the third quarter Harvard clinched the game by scoring from the Yale 11 yard line on four straight plunges by Francis. Roy Petsch gave the Harvard boys their opportunity by intercepting a stray Yale pass on the Eli 30 and running it to the 11. Francis' kick was squarely thru the uprights and the score stood at 13-5.

Yale tried vainly to score in the final period but Harvard was determined to hold its own and that is how it ended. Yale cannot win or even tie the series now as there are only two scrimmages left, one Thursday and the final one Saturday which will be open to the public.

Sparkling runs by Jack Vincent and Bob Kahler were the features of the afternoon. Kahler has taken a liking to his new backfield spot and will give the others a run for their money next fall if he continues to improve as he has.

Pedal your bikes says grid coach; autos outlawed

ITHACA, N. Y. (ACP). If you want to be a varsity footballer at Cornell university, you'll have to give up automobile riding.

That, in effect, is the result of a statement of Coach Carl G. Snavely, who has ruled that gridiron athletes must ride bicycles when they travel about the campus.

Snavely believes that American youth has softened up physically "thru the modern tendency to ride around in automobiles instead of walking and running as preceding generations did." He believes bike riding will strengthen leg and back muscles and increase lung expansion.
