## AT THE HEAD OF THE CLASS . . . of 1940

ROGER CUNNINGHAM

Just because he collects fossils and likes to go on field trips doesn't mean he's out-of-date. For Roger Cunningham, Farm House, keeps far from the fossilized stage by his active part in campus organizations. Member of student council, Corn Cobs, and this year's junior-senior prom committee, Roger divides his activities' time between the downtown campus and ag. An agriculture major, he belongs to Alpha Zeta, Tri K, Block and Bridle, honoraries; and is a member of Ag Executive Board. In his spare time, Roger gives himself over to tennis and golf. Any sport is good relaxation from studies and such...if you aren't that kind, he yourself down town for food and fun at the

for a big weekend of play...and we might add to the newer combinations seen about lately that of Cliff Miller and Chi Omega Betty Flory...Phi Mu Marion Olson and Jack Hausted...and Theta Fran-nie Wrightsman and Sig Alph Warren Romans...or Theta Mar-ion Kidd and Acacia Harvey Min-nick...and before spring gets much farther, we predict many new and unusual combinations.

## 2 DIZZY DEBS PANIC A BRITISH FOX-HUNT

It was a nice trap Mrs. Penterby-Cheadle arranged for the debs. "I thought Americans could do anything," she purred. "Why don't you join us in a fox-hunt?"...If you remember what happened when Swing and Audrey "crashed" the Coronation, don't miss this!
