# R. O. T. C. unit achieves 'excellent' rating

## Boucher tells faculty no change till '40

More students, no greater appropriations have created problem

"Facing the university today is a choice between two policies, namely an increase of income through increased student fees, or a limitation of enrollment," stated

Lincoln Journal.  
CHANCELLOR C. S. BOUCHER.  
... no changes 'til '40

Chancellor C. S. Boucher before the faculty homecoming dinner in the Student Union Friday evening. "No change," he continued, "will be made in either direction prior to September, 1940. When a decision is made it may be advisable to combine these two policies in moderation rather than attempt to use either one of them alone to the extent that would be necessary to solve the problem."

The chancellor explained that if the standard is to be maintained there must be a solution to the problem of relieving the lack of balance between university income and student enrollment.

To consider both methods.

"Whether one or both of these methods should be adopted to redress the balance between income and enrollment and thus make possible the administration of an effective program, must be given serious consideration during coming weeks."

Chancellor Boucher referred to the legislature as sympathetic to the problems of the university but that the needs of other state agencies and the economic condi-

## Barb heads plan meet for Monday

Councilors will select committees for year

The first official meeting of the new Barb council will be held Monday afternoon at 5 in room 307 of the Union. Committees for the coming year will be selected and plans for future actions of the council will be discussed at this meeting.

President Erle Constable urges that each of the 18 members of the group be present Monday afternoon. The membership of the Barb council consists of two sophomores, four juniors and two seniors elected in last spring's elections, two men and two women holdover members from last year's council, and lastly of three members each from the Barb union and the Barb A. W. S.

## Diplomacy takes forefront as nation weighs neutrality

By Woerner and Steele

World diplomacy has stolen the stage from Europe's marching armies as America battles over neutrality legislation and Slavic officials weigh carefully the advantages and disadvantages of friendship with the Allies and with Russia and Germany. Italy is making a strong bid to localize the war, an attempt doomed to failure.

Most endangered by the course of events are Rumania and Hungary. Within its boundaries King Carol's country has the rich agricultural region of Bessarabia, a former Russian possession which Stalin is anxious to recover, a slice of what was Greater Bulgaria, Transylvania which contains 1,500,000 Hungarians, a pro-Nazi "iron guard" and rich oil wells in the north, object of covetous desires by Hitler. Hungary is within the nut-cracker jaws of Germany and Russia.

In Washington, congress is discussing neutrality legislation. (See NEUTRALITY page 2)

## Ticket money must be paid Tuesday

Student body-faculty section includes 6,000 seats in east stadium

Student activity tickets at \$5 each will go on reserve Tuesday, Sept. 26 and 27 according to an announcement by John K. Selleck, athletic business manager. Students desiring tickets will turn in their money at the athletic office in the coliseum on the 26th. Drawings will be made immediately thereafter by Harold Niemann, editor of the DAILY NEBRASKAN. Reservations will be given out on Wednesday, Sept. 27.

Approximately 6,000 tickets in the first 30 rows of the east stadium between the 20 yard lines, have been held for student and

## U. P. awards send 71 to NU

Dean lauds railroad for Carl Gray scholarships

Approximately 71 Nebraska students, recently declared winners of \$100 Union Pacific scholarships, are expected to complete their registration in the university college of agriculture this fall, Dean Burr said Friday.

In the 18 years the awards have been made, 845 Nebraska students have made use of them, E. G. Reed, supervisor of the agricultural and industrial development for the railroad, announced in a letter to Chancellor Boucher. Total scholarship payments in the state amounted to \$39,954.32, June 1.

On recommendation of President W. M. Jeffers, the scholarships, awarded annually to high school boys and girls in the 11 states served by the railroad, will henceforth be known as the Carl Raymond Gray scholarships, in honor of the late president.

Scholarships Honor Gray.

"It is impossible to estimate the full benefit of these scholarships to Nebraska students," Dean Burr stated. "In naming the scholarships in honor of Mr. Gray, President Jeffers and the Union Pacific are paying a fitting tribute to a man who was keenly interested in the future of agriculture."

The scholarships are available to 4-H club members and to students of agriculture in vocational high schools. Awards are based 50 percent on quality and quantity of project work, 30 percent on character interest and scholastic standing, and 20 percent on records kept.

Since inauguration of the scholarship plan, 3,476 boys and girls over the country have been singled out to receive the awards. Sixty-eight percent of the winners are now engaged in farming or in various special fields of agricultural work.

## Coeds to learn of activities at conference

Mortar Board sponsors annual round table scheduled for Sept. 30

The annual Mortar Board student activities conference will be held Saturday, Sept. 30, Mary Jo Henn, conference chairman, announced yesterday.

The conference, scheduled by the interorganization council of Mortar Board, is being held for university women interested in the extra-curricular activities field. Freshmen women are especially invited to attend.

Displays, discussions and talks on women's activities will constitute the program for the afternoon. Speakers, well informed on the discussion topics will be engaged for each roundtable.

To discuss six topics.

Six subjects will be treated: Politics, salesmanship, ag activities, officers' training, student government and publications.

Registration is scheduled to begin at 12:45. Following registration roundtables will be held for each activity. Those attending will be divided into discussion groups. There will be two roundtables held simultaneously.

Mary Jo Henn is conference chairman; Priscilla Wicks, assistant chairman; Mary Steuterville, publicity chairman; Jean Hooper, secretary. Melva Kime and Faith Medlar are in charge of registration.

## Cob prexy lists new committees

17 appointees direct year's club activities

Ralph Reed, president of Corn Cobs, men's pep club, announced yesterday the following committees would serve for the school year, 1939-1940:

Basketball programs—Ed Dosek, Wendell Bayse.

Cornhusker sales—Carl Harnsberger, Bob O'Connell, Bob Hunt.

Flower sales—Dick Hiatt, Kenneth Miller, George McMurtrey.

Novelty sales—Jules Busker, Bob Simmons, Keith Gilmore.

Homecoming and spring parties—Edwin Wittenberg, Mylan Ross.

DAILY NEBRASKAN and Awgwan subscription drive—Marvin Kruse, Gerald Spahn.

Appointed to serve on the rally committee, composed of two Corn Cobs, two Tassels, the presidents of the two pep clubs, and Corn Cob sponsor, Col. Frankforter were Norman Harris and Leo Cooksley.

A smoker will be held Tuesday evening for all male students interested in joining Corn Cobs, Reed announced.

## Highest mark awarded by Commander Bishop

New engineer corps officer to join military staff; senior engineer unit wins 31 out of 32 'excellents'

The Reserve Officers Training Corps unit of the university has received a general rating of excellent for the academic year of 1938-1939, according to notification received by Chancellor Boucher from Maj. Gen. P. P. Bishop, U. S. A., commander of the seventh corps area with headquarters in Omaha. This excellent, the result of the annual inspection last May is the highest rating which can be given to an R. O. T. C. unit.

Because of the excellent report of the engineering work the general has requested the adjutant general in Washington to assign an additional engineering corps non-commissioned officer to the university.

## Winnacker to open war forum series

Dr. Rudolph Winnacker, professor of history, will discuss "The European war and the United States," Thursday, Sept. 28, in the first of a series of forums on war

Lincoln Journal.  
PROF. RUDOLPH WINNACKER  
... opens war forum series.

sponsored by the college of arts and sciences and the Student Union.

Professor Winnacker will discuss only the latest aspects and implications of the war situation.

The forums will be held at 4 p. m. each Thursday in room 316 of the Union. Each program will include a 20 minute talk on some phase of the war by a faculty member, and a general discussion.

The policy of keeping discussion on up to the minute topics will prevail throughout the series, according to Union Director Van Sant.

Series to continue during war. Speakers will interpret every side of the European conflict including chemical warfare, military strategy, American neutrality and economic effects. The series will continue as long as the war does, Van Sant said, if students are interested.

The DAILY NEBRASKAN will continue to bring students the latest news flashes received over its special news service, on the bulletin located in the Union lobby. Troop movements are indicated by colored pins on a large map.

Summaries of the war situation will be posted at 8 a. m., 10 a. m., 12 noon, 1 p. m., 4 p. m. and 6 p. m. Important flashes will be posted as soon as they are received.

Beg your pardon!

Inadvertently, the pledge pin of Theta Xi was not described in an article on Greek pledge identification badges appearing in last Friday's NEBRASKAN. The Theta Xi pledge pin is a blue shield with a white stripe running across it diagonally from right to left.

## Peltier writes article

Dr. George L. Peltier, chairman of the department of chemistry, is co-author of an article discussing the "Distribution and Prevalence of Ozonium Root Rot in the Shelterbelt Planting Area of Oklahoma," which was published in a recent issue of Phytopathology.

## Yearbook takes staff applications yet today

Applications are still being received at the Cornhusker office for positions on the 1940 yearbook staff, Irvin Sherman business manager stated yesterday. All students interested in working on the business staff should report to the business office Monday afternoon while those seeking positions on the editorial staff should see Orval Hager, editor of the book.

Eligibility requirements are the same as those for all university activities. A staff member must have carried 27 hours in good standing last year, 12 hours of which were carried during last semester.
