La Follette proposes referendum

Wisconsin's senator introduces alteration to Ludlow amendment

An advisory war referendum was proposed by Wisconsin's famed Senator LaFollette today. The referendum, which would necessarily precede any declaration of war except in case of invasion, would act as a basis on which congress could act with regard to foreign policy during a crisis.

This amendment is different from the widely publicized Ludlow amendment which was defeated in the last regular meeting of Congress, in that it would not require congress to follow the dictates of the people as revealed in the election. The Ludlow amendment provided expressly that the results would determine this country's relations with belligerent nations.

Administration opposes.

The Ludlow amendment was opposed by the present administration and by certain other high officials on the ground that it would be an embarrassment to the state department, that the public was never fully aware of all the determining factors of foreign policy, that the public is not apt to judge sanely, and that the plan would be clumsy and unfeasible.

The proposed plan, however, would give each congressman an idea of the sentiment among his constituents, but would not bind him to follow precisely these mandates.

The Dies committee is again on the warpath, still after the dreaded red painted Indian.

The Dies committee is after the horrible communist menace. And to prove its sincerity and integrity, this inflated bill published today a list of those who are members or on the mailing list of the American Society for Peace and Democracy. The list included names of a number of prominent government employees, all of whom denied being communists.

No proof.

Now there is no conclusive proof that this society is communist, and certainly no proof that the members of the society or that those who chanced to be included in the mailing list are communists who are about to rip into old man constitution with their hammer and sickle. But then, reasons Mr. Dies (the reformed cowboy) why not vilify the names of a few government employees, and possibly open up a few new positions so that the cohorts of good old reactionary politics may have a place to prove their merit (and draw a salary).

Not that Dies is such a bad fellow. On the contrary, Mr. Dies is quite a wit; he called Mr. Ickes a communist, and he undoubtedly thinks that Mr. Hoover and Mr. Al Smith (former beer guzzler from the sidewalks of old New York) are nasty fascists that should not be tolerated. A rumor is current in Washington that Mr. Dies is about to accuse the D. A. R. (you know, the D. A. R.) the American Legion, the Rotary International (another filthy international ring) and Fritz Kuhn as communists.

The fact is that Mr. Dies does not really care what a man is or what he thinks; so long as he thinks differently than Mr. Dies, which really means so long as he thinks, he is a communist, and didn't you know the latest fad-communists are deported to the old country or to some other equally remote place.

'N' stamp drive opens

Stickers to advertise homecoming, Nov. 11

Starting today and continuing until Nov. 11 is the annual "N" stamp sales drive. Its purpose is to advertise homecoming, Nov. 11, and to make students and parents Nebraska conscious.

All saleswomen will meet today in Ellen Smith after the Frosh A. W. S. meeting. Patricia Sternberg, junior A. W. S. board member, is in charge of the sales.

About 30,000 stamps have been issued. They are slightly larger than an ordinary postage stamp, white with a red N in the center. They will sell for one cent each, with reduced prices for large purchases. They are to be used to adorn correspondence.

Letters were sent to all house presidents instructing them to appoint a team of two girls to represent their organization, and an additional girl to see that the stamps are well distributed in the house. Raymond hall will have two teams of three girls each, and one girl will be chosen from Wilson, Howard and Rosa Bouton halls.

program will be the presentation of the new Nebraska Sweetheart and the awarding of cups to the fraternity and the sorority having the best skits. The skits are to be judged on the basis of the applause which they are given by the audience. The group putting on the winning curtain skit will also be awarded a cup.

Jeanne Newell, Sweetheart.

Jeanne Newell, reigning Nebraska Sweetheart, was presented at last year's show. The winning skits in this revue were Delta Gamma's takeoff on the Awgwan, Beta Theta Pi's "Revue In Blue," and Sigma Kappa's curtain skit.

A capacity attendance at this fall's revue is expected for the 990 seat Liberty. This is the first year that the theater has been chosen for the presentation of the revue. Johnny Cox and his 11 piece orchestra will furnish music.

Romeos plan big weekend at Manhattan

Hour dances, picnics, new pledgings headline campus social events

The long-awaited Italian exchange student at the Kappa house arrived on Wednesday morning. About 24 years of age she is a "professor" in title; has played the violin for some of the crowned heads of Europe—and has completely captivated the girls at the Kappa house with her slow precise speech and charming manners. Marcella Comferto is her name. She thinks that American girls are prettier, younger, and that they have more fun than Italian girls! So far she has never been on a date unchaperoned—wonder what the university will do to that sheltered life!

In the same vein comes the report that Betty Jackson, Theta, worries when Bill Sample, Phi Psi, spends the weekend in Omaha.

New companions

We hear that Molly Woodward, Kappa, and Ken Ebzery, Sigma Nu, are constant companions. Wonder when that will turn into a real romance?

The news that Elaine Deyke, Chi Omega, is engaged to Charles Augustin from North Platte adds to those who are just waiting for school days to end—and married life to begin.

The Pi Phi pledges had a pledge picnic from 5 to 8 p. m. Wednesday at Pioneer's Park.

The stooges also maintain that Tess Cassidy, Theta, and Chick Oldfather will be among the ranks of those going steady after Saturday night.

Migration en masse

The Kansas State migration promises to be very exciting for those with a definite purpose. For instance, the Alpha Xi Delta's at Manhattan have a new chapter house. Mary and Fern Steuterville, Harriett Wood, Ben Alice Day and Annette Beirbaum are all going by train to help in a delayed housewarming. Genevieve Smith, also Alpha Xi Delta, is going with Fred Snyder, Sigma Chi, and Maudie Fowler, Alpha Xi Delta, has a particular interest in Manhattan which makes the trip a special occasion for her.

The Manhattan Mortar Boards are having a tea for the NU Mortar Boards. Traveling with Ibs Waugh, KKG, are Janet Lau, DG; Pris Wicks, Tri Delt; Mary Jo Henn, Tri Delt; Selma Hill, SDT; and Virginia Clemens, Pi Phi. The girls are leaving on Saturday morning.

with Kenny Holland; Betty Dunn, also Tri Delt with Bob Wheeler, Martha Whelan and Ed Segrist, Chi Phi; Elizabeth Betty Isaacson, Tri Delt and Herb Hillman, Phi Gam, promise a thorough tour of the Manhattan entertainment spots.

Fran Timbers, Tri Delt, is attending with Gid Gates whose ring she wears. Carol Hall, also Tri Delt, is going with Bill Sawtell, Delt.

The Pi Phi's initiated Virginia Horner, Nancy Haycock, Mary Kerrigan and Ruth Harvey on Wednesday afternoon.

The Pi K A's announce Chester Brown from Sturgis, S. D. as a new pledge.

Dinners hour dances

The weekend is full of exchange dinners and hour dances. The Sigma Nu's have an exchange dinner with the Sigma Kappa's on Friday. The Sigma Chi's have an exchange dinner with the Pi Phi's on Friday. On Wednesday night the Chi Phi's had an exchange dinner with the Kappa Delta chapter. The Delta Gamma's have a Friday exchange dinner with Phi Delta Theta.

On Friday the Kappas are having an hour dance with the Kappa Sigs; on Saturday with the Betas. The Thetas are having hour dances this weekend with the Betas on Friday and the Kappa Sigs on Saturday—what cooperation! The Delta Gamma's have an hour dance on Friday with the Sig Alph's; on Saturday with the Phi Psi's.

Jack Ripley, Delta Sigma Pi hung his pin on Mary Louise Speidell Friday night.

National president of Kappa Delta, Mrs. Clementine Newman Miltzer, conducted Founders day services Monday night. The Lincoln alumnae chapter attended and a formal dinner was held at the

night the Aggies worked late in an effort to polish a strong enough offensive to cope with the hard-charging Husker forward wall. All phases of the offensive game were given plenty of work, passes and spinners and reverses took up most of the afternoon's work.

The tentative starting lineup for the Kansas Staters averages 192 pounds on the line, and 189 in the backfield, Swan and Crumbaker, ends; Weiner and Huffman, tackles; Beesley and Nichols, guards; Hanna or Hamlin, center; Fair or Seelye, Brock, Nieman and Duwe, backs; is the lineup that has been seeing the most service so far this week.

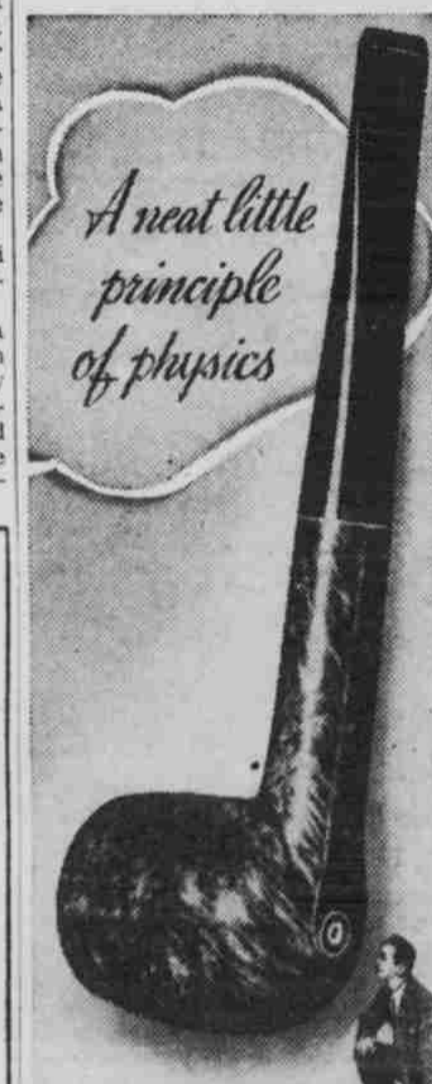

Secret practice.

Kansas will hold secret practices the remainder of the week in preparing for the Huskers. A team of sophomores and freshmen ran through Nebraska plays and gave the varsity a tough workout.

Ken Duwe, sophomore fullback, who has been substituting for the injured Elmer Mackney has been doing a fine job. Duwe was cracking the Missouri line with regularity last week, and gained 54 yards in one quarter.

Kansas State is riled up over their only defeat of the season, by Missouri last weekend. They lost a close one, 9-7, and are ready to take their revenge out on the Huskers. The Scarlet on the other hand has landed in the top ten teams of the nation and won't want to have their position or a crack at the Big Six championship shattered by a loss to the Aggies.

house before the service. It is the first Founders day service a national president has conducted at Pi chapter of Kappa Delta.

CARBURETOR KAYWOODIE \$4

In this Kaywoodie pipe, called the Carburetor Kaywoodie, a wonderfully sweet-smoking pipe has been improved by the application of a neat little principle of physics. When you take a puff at one of these Carburetor Kaywoodies, you automatically draw air in through a tiny inlet in the bottom of the bowl. That incoming air keeps the smoke cool, sweet and serene, no matter how belligerently you puff. In fact, the harder you puff, the more air comes in. That's why it's called a Carburetor Kaywoodie. Everybody knows that a Kaywoodie is the most socially-conscious of pipes—gets itself admired everywhere. And the Kaywoodie Flavor is famous. But don't let us urge you—Shown above, No. 22.
