Sig Alph's plan 'stag'; many groups stage holiday parties

The Sigma Alpha Epsilon brothers claim that none of them have dates for their formal, scheduled for tomorrow night at the Cornhusker, with the music of Johnny Cox and his orchestra. They say they will all go out to Freddie's (adv.), stag it for the evening.

Rumor has it, however, that there will be a few dates to the formal. They are: Lloyd Wright and Alpha Phi Janet Moon; Vic Sorenson and Betty Lou Griffiths, Theta of last year; Bill Frank and Delta Gamma Betty Joe Koehler; Paul Brown and Betty Mallo; Lee Glissman and Kappa Betty Ann Kennedy; and Nat Kline and Pi Phi Alec Ann Arthoud.

TOMBSTONES

formed the theme of the dinner given Saturday night before the Mortar Board party by nine Pi Phi pledges for their dates, at the University club. There was a tombstone centerpiece representing the remains of the purses of the girls after the party and tombstone place cards with appropriate epitaphs for each date. Corsages were white lilies tied with black bows saying "In Memoriam." Mode of transportation was an ambulance with stretchers to carry the dates on.

Ag Yuletide party tonight

Candle lighting begins program at 7:30

Student and faculty members will gather tonight in the student activities building on ag campus to attend the annual ag Christmas program.

A candle lighting ceremony will begin the affair at 7:30, followed by a girls' sextet composed of Jane Brinegar, Mary Bell Haumont, Ruth Ann Sheldon, Peggy Beyl, Harrietbelle Greenwood and Rhoda Chesley.

The ag college chorus, directed by Mrs. Altinas Tullis, will sing excerpts from Handel's "Messiah" and lead the audience in the singing of Christmas carols.

A string trio, Ardith and Miriam Hackman and Norma Jean Campbell, will play the processional for the traditional Yuletide service for ag students.

Mark Allen will sing a tenor solo and Mrs. Frances Felton will give a Christmas reading.

Committees for the program sponsored by the Ag Executive board: Co-chairman, Ellen Ann Armstrong and Ganiz Richmond; program, Ruth Ann Sheldon, Ople Hedlund and Oscar Tegtmeier; decoration, Betty Joe Smith and Keith Gilmore; publicity, Rhoda Chesley and Marvin Kruse.

For the first time in 25 years, Union college this fall had an undefeated football team.

FROM NOW ON

until vacation Christmas parties offer activity in fraternities, sororities and dorms. The Acacias had their annual party for children of alums Sunday. Yesterday they held their own Christmas party and gift exchange.

Phi Mu's and Pi Phi's entertained the children of their alums Sunday and Monday. The Delta Gamma's held their annual party for poor children last night. Today, Alpha Phi pledges will have their party for alumnae children. Phi Gam Christmas doings included a party last night for poor children and a serenade of Christmas carols Sunday.

Raymond and Love hall residents had their annual Christmas breakfast Sunday morning. Gifts from under the Christmas tree were distributed by Santa Claus and later were sent to Lincoln poor children.

CORNHUSKER

staff members and freshman workers will hold a party Tuesday at 3 p. m. in their office. There will be a Christmas tree, a Santa Claus and refreshments. Don't breathe a word of this to the DAILY NEBRASKAN staff, or there is no telling what might happen!

Pool to spend vacation at botanical convention

Dr. Raymond J. Pool, chairman of the department of botany, will be in Columbus, Ohio, during the holidays to attend the annual meetings of the American Association for the Advancement of Science. As retiring vice president and chairman of the section on botanical sciences, he will present an address entitled "White Man Versus the Prairie." Dr. Pool's paper is one of four invitation papers to be read before a joint session of all the related societies.

Himmel conducts plant experiments

Using thiamin chloride, a compound found in vitamin B, Prof. W. I. Himmel and classes in plant physiology are now conducting growth experiments on domestic plants. Thiamin chloride, which costs one dollar for 1-25th a gram, stimulates plant growth causing an increase in height and better root growth. Diluted one part in a million parts of water, the stimulant is applied to the soil, the roots and the seed or is sprayed on the plant.

Bum deal—

(Continued From Page 1.)

braska on December 15, 1939, the undersigned has been instructed by the members of that class to invest the Honorable Doctor J. Leon Lazarowitz, Nation Hobo President, with the honorary degree of Doctor of Migration, and to endow him with all immunities and privileges appertaining thereto.

Signed,
(Cleon O. Swayzee)
Associate professor of
Labor and Relations.

Whom to believe, a hobo presi-

dent or a university professor. DAILY staff members are inclined to believe the latter.

Mrs. Lazarowitz, D.H.O., D. Mig., was also made a honorary member of the Association of Social Works Students of the Graduate School. In this case the executive hobo reciprocated and declared the entire class honorary members of his noble organization numbering approximately 20,000.

Anybody want a membership. Two DAILY staff members were also conferred honorary memberships in the "itchy feet" organization. They were Arthur Hill and Betty Kingle, the latter made a "hoboette."

It was Hit or Miss in Grandfather's Day

When your grandfather needed tobacco he probably went to the tobacconist in his community and had a lot of fun blending different types of tobacco together and trying out the different mixtures.

HE MAY HAVE FINALLY HIT on a combination of tobaccos that was pretty much to his fancy... that tasted all right to him and wasn't too strong. So the tobacconist, with an eye to future business, would make up this private blend and keep some of it on hand for him.

THIS HIT OR MISS METHOD of tobacco blending was never very satisfactory. But it proved one thing to both smokers and manufacturers, that you must have a blend of tobaccos to get better smoking results, because no one tobacco by itself has all the qualities necessary to a good smoke.

THE CHESTERFIELD tobacco buyers select and bid in at the auction sales the tobacco types that best fit the Chesterfield blend, which is the right combination of exactly the right amounts of Maryland, Burley and Bright with just enough Turkish. These tobaccos and the Chesterfield way of blending them make Chesterfield different from any other cigarette.

THAT IS WHY there are millions of enthusiastic Chesterfield smokers clear across the country. They find Chesterfield COOLER, BETTER-TASTING and DEFINITELY Milder... just what they want for real smoking pleasure. You can't buy a better cigarette.
