

Abel on the mark

Journal and Star.

George Abel, the speedy sophomore guard on Biff Jones' football team doubles as a sprinter, and will be one of the Huskers competing in Saturday night's dual meet with Kansas here. Abel scales around 190, but had an outstand-

ing high school sprint career, and Saturday finished second to "Red" Littler, Ed Weir's pride and joy, in a :06.4 sixty. He is wearing a number, as will the entire track team this year, so that track fans can identify team members.

Wrestlers take to road Wednesday

Cornhusker grapplers to face Michigan State, Chicago U, Illinois U.

Nebraska's wrestling team takes its longest road trip of the season as the Huskers leave Wednesday for a five-day eastern trip on which they will meet Michigan State at East Lansing Thursday, Chicago U. at Chicago Friday and Illinois at Urbana Saturday.

The Illinois team is the only squad of the three which faced the Huskers last year. The Illini won a meet here, 23-5, and later finished fourth in the national collegiate.

George Seemann, erstwhile gridiron star, who has been rounding into shape rapidly, will be the Huskers' heavyweight representative and will captain the Huskers against Michigan State.

Tomes, Clare Go.

Ray Tomes, who will wrestle in the 155 pound class, and Lee Clare, 136 pounder, will be the captains against Chicago and Illinois respectively.

Tomes, a letterman as are Seemann and Clare, dropped from the 165 pound class. Dale Ruser or Harold Walkup will take his place at the heavier weight.

Milt Kuska, 121 pounder, is the only other experienced man who will make the trip. Ed McConnell, 128; Newton Copple, 145, and Al Mulliken, 175, make up the rest of the team.

Coach Jerry Adam and his squad will return from the trip Sunday, and will face the powerful Minnesota Gophers here next Tuesday night after the Kansas State-Husker basketball game.

No women prexies say the women

Russell Sage college's 700 women students overwhelmingly voted against members of their sex becoming president of the United States, vice president or even a cabinet member.

The recent poll announced that women lack the required physical and emotional stability; have not yet acquired sufficient experience in public affairs and cannot "escape the pettiness of life."

Ninety-three percent of the students oppose a woman president.

Darlington addresses soil conservationist

by June Bierbower.

John Micheleson, former Pitt back, never played pro football because Jock Sutherland promised him an assistant's coaching job wherever he (Jock) coached.... now he's taking Micheleson with him to the Brooklyn Dodgers, but there's a little question as to draft rights which various pro teams may hold on the ex-Pitt player... he'll play, not coach.

While on that subject, they say the Washington U. football players had been casting around for offers from other schools when they heard Sutherland might get the coaching job there....said players were afraid Jock would bring along some boys of his own and boot the Washington players out of their campus jobs.

We hear that Rudy Matulka, two-year all state tackle from Omaha South, will probably enrol here next fall and not at Southern Cal as was previously reported....for those who are getting too happy about next year's football prospects, need we remind them that the Huskers face Missouri, Oklahoma, Iowa and Pittsburgh four Saturdays in a row....they play the Sooners and Pitt away from home....first three games are Minnesota at Minneapolis, Indiana here, and Kansas at Lawrence....that's the earliest the Huskers have met KU in some time....last two games, with Iowa State and Kansas State, are here....that's the latest the Huskers have played the Cyclones in a long time, too.

Kansas State is having injury trouble....Joe Robertson regular forward has a sprained ankle, and center Ervin Reid a pulled shoulder muscle....they weren't scheduled to start against Missouri last night....Mel Seelye, guard, has a charley horse and forward Chris Langvardt, forward, an injured knee....they were to be in the starting lineup....Bob Faurot, Missouri's blocking back, isn't in school the second semester....he's trying to get into the army air corps....Records flew hither and yon in Missouri's annual varsity-frosh meet Saturday....both their freshman and upperclass teams

Roy Petsch in Omaha Gloves meet

Husker quarterback impressive in winning Fremont eliminations

Roy Petsch, Husker quarterback who last week won the 175 pound title in the Fremont Golden Gloves elimination tournament, will box in this week's Midwest Golden Gloves-A. A. U. tournament beginning at Omaha Wednesday night.

Petsch was impressive in winning at Fremont, as he not only showed a fine right punch but boxing ability. He's a veteran in the fight game, and far from a greenhorn when he gets into the ring.

Fickler good.

One of his toughest opponent will be Jack Fickler, Omaha Y representative, a clever defensive boxer. Paul Kerr, Kearney college man, is another tough customer, while John Taylor, former champion from Bayard, may come thru. Jack Smith, Fuzz Sweisberger, Vernon Hixon and Everett Skinner, who won at Grand Island, Superior, Norfolk and Council Bluffs

are unusually strong, reports from Columbia say.

Speaking of showing the boys from the old home state, Hartmann Geotze certainly had a night of it against the Tigers....his performance, both offensively and defensively was just about as good as we've seen a sophomore turn in....shades of the days when Al Werner, Sam Francis, Bill Anderson used to play against KU....funny how people love a winner....at Saturday night's basketball game, an unidentified roofer near the Missouri bench, who had evidently been hit on the head once too often or who had had one too many at Freddie's was all for the Huskers as long as they were ahead....greatest team you ever saw....but he was pretty sour on them at the end of the game....from the sounds of the comments the Huskers got toward the end as compared with those they got at the beginning, a lot of other winner-lovers agreed with him....but they weren't so vociferous, or nearly so funny.

Prep gymnasts get instructions

Coaches and athletes from five Nebraska high schools plowed through Saturday's snowstorm to receive instructions in gymnastics from Coach Charley Miller and the Husker gymnastics squad in preparation for the first Nebraska high school gym meet which is to be held early this March.

Thirty-six athletes and five coaches represented Grand Island, Hastings, Nelson, Omaha Benson, and Omaha Tech high schools at the demonstration.

respectively, are the other men entered, and any one of them may be a potential champion.

First two rounds of the light-heavyweight and heavy divisions will be run off in Wednesday's "sudden-death" affair, leaving only the championship event for Thursday.

Dean Condra presides at geologist's meeting

Dean G. E. Condra director of the conservation and survey division, who is president of the American Association of State Geologists will preside at the annual convention of the organization in Washington, D. C., Feb. 15 and 16. While in the nation's capital, Dr. Condra will visit the National Museum and the laboratories of the United States geological survey where he will study collections of Bryozoa. The dean has one of the best collections of these aquatic animals in the country. He will also confer with officials in the soil conservation division of the U. S. bureau of chemistry and soils and with directors of the federal forestry bureau. Before returning, Dr. Condra will speak for the fourth time before the Nebraska alumni charter day dinner in Washington.

Pound on PBK committee

Nebraskans will figure prominently in the second national dinner of Phi Beta Kappa to be held at New York City's Hotel Astor Feb. 20. Miss Louise Pound of the department of English has been chosen one of a committee of distinguished sponsors for the event. Mrs. Dorothy Canfield Fisher, celebrated author and former Nebraskan, will have a part on this year's program. Roscoe Pound, of the Harvard university faculty, who holds five degrees from the university, was one of the speakers on the 1939 program. Last year's dinner was attended by 3,100 members.

Confucius say, 'he who cheatee go to Omaha Uni'

Abolition of the "honor system" for examinations and substitution of a "policeman technique" was sought Saturday by The Gateway, Omaha University student newspaper.

Cribbing has never been so much in the open as found during this last exam according to the editorial "As long as grades are at a premium we object to this persistent gyping."

Dean Edgar A. Holt praised the editorial and stated "recently evidence of cheating has come to light, and we are taking steps to remedy the condition by watching classes more closely."

Howard elected YMCA president

Robert Howard was elected president of the city YMCA for the next year, while Elton Newman was elected to head the ag campus branch at a mailed ballot election before final examinations.

Other city campus officers are Paul Green, vice president; and Hugh Wilkins, secretary.

Floyd Olson was named vice president of the farm campus branch, and Carl Epp was elected secretary.

The new officers, who will serve for one year, will be installed soon.
