Weather man crosses us up,
leaves us ankle deep in snow

By Agnes Wanek.

Just as we were about to put away the ear-muffs and snow shoes for good, the weather man crossed us up. So here we are again wading ankle deep in snow. But with six weeks exams this week there probably will be very little in the way of social life anyway.

CONGRATULATIONS

to the ATO's for a swell party that the campus will be talking about for weeks to come. Don Metheny and Grace Connor nearly stopped the show with some fancy jitterbugging that came close to being professional.

THE RUMOR

is going the rounds that the N club wants to sponsor a university party sometime this spring and bring a really big name band to the campus. If true it would be something to look forward to.

AFTER TWO YEARS

the steady affair between Phi Delt Lauren Barnaby and Alpha Phi Dorothy Tipton has come to an end. All this occurred Friday night but neither seemed to be very upset about the whole thing because Dorothy showed up at the Story Book ball on Saturday and Lauren was seen in Omaha the same night with Eleanor Elliott, Theta.

IF YOU WAIT

for the bus at 17th and E streets these days, you may be surprised by the appearance of a DU pledge with a chair and a magazine to make you comfortable, since during their Health Week the pledges are supposed to become public spirited and improve the lot of the Lincoln townspeople who take the bus.

AS USUAL

the Sig Alph Bowery Party Saturday night will be closed, but plans have been made to make this a party to be remembered. The dining room will be decorated after the manner of a 1890 saloon

with the traditional sawdust sprinkled on the floor. Tom Urean will be there with Pat Herminghaus, Alpha Phi; as will Jim de-Wolf and Ann Craft, Kappa; Tom Shafer and Polly Windle, Delta Gamma; and Alex Mills and Ruthie Fox, Pi Phi.

SNOW OR NO SNOW

new combinations will appear. It seems that the dating between Kappa Ann McLaughlin and Phi Psi Tom Grimes is getting close to the steady stage, even though some time ago she was seen practically everywhere with Phi Gam Carl Olenberger.

and well-rounded teacher having taught in all grades, also having done demonstration work in the university.

Talk requested.

From the letters sent to the different houses on the campus to ask the girl's choice as to the profession they wished to have discussed the report shows that the field of education ranked higher than all others.

C, Gamma Phi Beta, with a score of 72 out of a possible perfect score of 84, won over Delta Gamma and Chi Omega, while Alpha Xi Delta won over Alpha Chi Omega, AOPi and Alpha Phi.

In the fraternity division, AGR won first in one division over ATO, Beta Theta Pi, Beta Sigma Psi, and Acacia.

In the other division, Delta Tau Delta, Farm House, and Kappa Sigma, each with 72 points out of 84, tied for first place, leaving behind Delta Sigma Phi, Chi Phi, and D. U.

Audience lauds
Sunday concert

Presenting its annual winter concert Sunday afternoon in the Union, the university symphony orchestra, directed by Don A. Lentz and featuring Emmanuel Wishnow as violinist, favorably impressed the audience.

Mr. Wishnow's performance of the first movement of the Beethoven violin concerto enhanced the excellent impression which his recital work and a concerto appearance with the Lincoln symphony have provided this season. A complete agreement between soloist and conductor gave the performance excellent continuity.

The overture to Gluck's opera "Iphigenia" was picked to show the string tone to excellent advantage.

The Schubert ballet music pleased the audience immensely with its delicate and naive treatment, while Tchaikowsky's "Romeo and Juliet" was rendered with much of the color and spirit realized.

"The Sailor's Dance" from Gliere's "The Red Poppy" was a variation to the other music, full of dissonance and barbaric rhythm.
