

# Socialites finding summer air-conditioned inside n' out

By Yahudi's Yahudi.

A break in the hot weather the past weekend saw the Kampus Kids attending dances rather than the accustomed visits to bathing beaches... The big talk of the future is the coming of Glen Miller on Tuesday and the plans for the four-day holiday weekend over the 4th...

## DANCING

at the Beach Friday night were Betty Jackson, Theta, and Bob Johnson, ATO; Dick Hitchcock, Kappa Sig, and Marian Bowers, of the Kappa Klan; AOPi Marion Miller and Gaylord Jenkins...

## MORE TRIPPING

of the light fantastic were the numerous couples at the Park on Saturday night... Marian Lowrey of the Pi Phi house was wearing Jack Moore's Sig Chi pin as she danced, while Jack Beauchamp, Phi Delt, was swinging around with Dorothy Tyson... Engaged Pauline Boyd, Kappa, and Jack Christenson, Kappa Sig, were double-dating with ex-Pep Queen Janet Harris and Bill Davison...

## AIR-CONDITIONING

in the theaters brought out more dates as Bette Rathburn, D G, was taking in a cool afternoon on Sunday with LeRoy Farmer... The night before, the Rathburn gal was dancing at the Park with a Cincinnati recruit, Bob Bayer and a Sig Chi...

## CONSTANTLY

together are Eddie Muir and Marjorie Adams, a romance dating back from high school days back the Third City way... Another pair enjoying the summer in unison are Weesie Lefler, Theta, and Bill Niehus, DU...

## LETTERS (PERSONAL)

are continually finding their way to Chi O Jean Carnahan from Phi Delt Dick Hiatt, while the former whiles away her time in summer

school and the latter his hours at Troutdale...

## ADVERTISEMENT

after a fashion is this article worthy of mention?... It seems that down on the Blue river, a DG named Gay Gimble is a counselor at a Camp Fire Girls' outing... The deal is that the Grand Island Gaybird could be enticed to attend Glen Miller on Tuesday... Anyone desiring further particulars are requested to direct inquiries to aforementioned party at Milford—a hamlet some 20 miles south... (The charge, Gay, will be taken into consideration later)...

## GOLFING

is the chief outdoor sport of the greater half of the boys in summer school... Chuck Pillsbury, Beta, Frank Burdell, Phi Delt, and Clyde Martz, DU, are just a few of the many who are digging up the fairways more than frequently.

## Music...

# Overall... Tax limitation involves state loss, says Economist Schmidt

The overall tax limitation proposal to restrict property taxes to seven mills in rural areas and 15 mills in city districts would bring a loss to the state of 22 million dollars and substitute taxes would fall six million dollars short of making up the difference, stated E. B. Schmidt, instructor in economics, speaking before a summer

session administrative clinic on taxation.

A net income tax would bring in three to six million dollars, a sales tax six to seven million, and a gross income tax about eight million, Mr. Schmidt said. But no state has both a gross income and sales tax, he explained, so that maximum revenue from the best combination would be about 14 million, with possibly two million dollars more realized from intangible taxes.

## Good Supplement.

A gross income tax might be desirable as a supplement to the property tax, he said, but one cannot compare possible results of property tax limitation in Nebraska with results shown in other states since Nebraska land has a much lower assessed value. For this reason any limitation proposal should be scaled higher than in other states rather than lower, as is done in the present proposal.

Also discussing the taxation question before the clinic was Archer L. Burnham, secretary of the Nebraska State Teachers association, who pointed out that there often is confusion over the term "taxes" as implying only property taxes in this state, they use only a little over 21 percent of total taxes, he said.

Nebraska ranks 40th from the top in teachers' salaries, Mr. Burnham claimed, and 33rd from the top in per capita cost based on daily student attendance. In efforts to equalize educational opportunity it ranks third from the bottom.

## Second Book Review set for today at 3:30

Second of the Book Review series will be held today at 3:30, instead of 4:00, in the Union Book Nook. Mrs. W. B. Romans will review "How Green Was My Valley," by Richard Lewellyn, a current best seller concerning the life of a family of Welsh miners in England. It is a "stirring novel of the economic conditions which forced the family to give up mining and turn to other trades."

## Bridge tournament

First Union bridge tournament will be this Friday at 7:30 in Parlors ABC. Students interested in playing contract bridge must register today at the Union check-stand. Prizes will be offered, and a complete tournament will be run off in one evening.

## SPECIAL EVENTS SCHEDULE

Continuing the schedule for the Summer Session's administrative and teaching clinics and special events:

July 2—Clinic: "What principals should govern selection and placement of teachers?" led by R. D. Moritz, Summer Session director; Union 315, 1:30-3:15.

July 8—Clinic: "To what extent is democratic school administration desirable and possible?" I. J. Montgomery, visiting instructor in educational psychology and measurements; Union 3:15, 1:30-3:15.
