

Yahudi Writes Again

Yahudi's Stooze . . .
Brings juiciest gossip to light
in final edition of school term

By Yahudi's Stooze: Dick Ryan.
 Seems as tho the highlight of summer school entertainment is found in the form of the Union's Friday night frolics . . . Seen at the last one (and with shoes on) was Honest John Scofield, Sig Ep. at the height of his glory . . . To quote: "I just opened my bill-fold and there she was." . . . Dr. Livingston, we presume . . . or maybe a school teacher!
 "Juke" Byers, the grill manager, is having no end of trouble . . . Whenever the boys find his wife anywhere in the vicinity, they let out with, "Come on Byers. Let's have a quick game." . . . All of which is very disturbing to Juke. . . . Don't worry, Butch. . . . The way he plays the boys won't even

Education exhibit reaches last day

Exhibiting tests and testing materials used in schools and general clinical work, the department of educational psychology and measurements winds up an open house Tuesday, Wednesday and today, Dr. D. A. Worcester, department chairman was in charge.
 Held in the department laboratory in Teachers college, the exhibit covers the three main fields of mental ability, educational and vocational guidance. Material for testing ages from four months up were displayed.

let him in the game.
 Lest we forget!
 Do not under any circumstances forget to put your name on the petitions being circulated to get George Seeman, Nebraska's ace footballer a berth on the collegiate all-star team that is to play in Chicago one of these days. . . . That is if the democrats leave anything there to play on!
 The Nebraskan's ace sports writer, smiling Jim Evinger, has really got something to grin about now. . . . It seems as tho by the power of his magnetic personality alone, he finally wore Delta Gamma's Pat Patterson's resistance down to the point where she finally blossomed out with what we believe is either his shirt stud or his fraternity pin. . . . She used to be such an intelligent girl too. . . . Sympathy to all.

We just got an urgent request from the psychology department. In case you don't recollect. . . . Psychology is something that tells you why you are something you ain't. . . . Anyway Prof. Dysinger's clinical class is looking for anyone, with or without intelligence, to do some mental testing on. . . . Have you a little brain in your home? . . . If so come right on over.
 The Union's ping pong tournament is making headway with bounds and bounces. . . . The funny thing here is that anyone that was good registered in the duffer class so as they could win the prize. . . . And anyone that was bad thought differently and registered in the advanced class. . . . The play-offs should be interesting to say the least. . . . The mug-hunters! . . .

Harry Weller Pitcaithley, "just call me the grand old man of basketball," is having quite a time trying to talk Beth Merrick, Delta Gamma pride and joy, out of her winter ex-cort Irv Sherman. Harry's only statement was "O. K. He's an Innocent. . . . I'm innocent too and besides that. . . . gosh, can I play basketball . . . Wow!"

Bev Finkle is taking all bets that have to do with the coming election. . . . Right now he has bet yours truly seventy-two bottle caps that Roosevelt will not be the next democratic nominee.

An Open Letter
 Dear Students,
 Now that summer school is drawing to a close you'll be thinking of selling your books.
 Long's Nebraska Book Store has always paid "top" prices for used books.
 As we are national textbook dealers we will buy books whether they are to be used here again or not.
 Sincerely,
 Johnny Johnson.
