

Local theaters feature new fall pictures; comedies, adventure stories predominate

With more theaters running at full capacity than Lincoln has seen for several years, and with all of the local cinema houses featuring the big pictures of the early fall season, student movie fans returning to school can find almost any type of entertainment their taste demands.

At the new Varsity—the old Liberty made over by a complete face lifting job, Ray Milland and Loretta Young are starring in Columbia's "The Doctor Takes a Wife." The film tells the story of a man who doesn't believe in career women and then accidentally marries one. He finally falls in love after almost tangling in a lot of unpleasant newspaper publicity. The combination of career woman versus career man makes for one of the gayest comedies of the fall season.

At the Lincoln, Clark Gable, Spencer Tracy, Claudette Colbert and Heddy Lamarr are still packing in the customers for "Boom Town," current saga of the development of the oil fields. Gable plays a hard-boiled oil field worker as though the part were written for him. Tracy, Colbert and Lamarr also turn in excellent performances to make the picture tops in entertainment.

At the Stuart Errol Flynn is starring in Warner's "Sea Hawk." The picture, a swashbuckling story of privateering on the high seas is another of the series characterizing Flynn as a typical Robin Hood. For an adventure picture, the "Sea Hawk" ranks high in the Flynn series which included "Cap-

Congressional group to hear Brokaw report on plains agriculture

Nebraska will be represented by six expert witnesses at the congressional hearing on interstate migration to be held here on Sept. 16 and 17.

First of these is Governor Roy C. Cochran, who will open the hearing on Monday morning. The governor will be followed by W. H. Brokaw, state director of extension, with a general summary of agriculture in the Great Plains. Also on Monday morning will be heard Donald Hay, Lincoln, of the bureau of agricultural economics on "Sources and Destination of Population Movement."

tain Fury" and "Captain Blood." New feature at the Nebraska theater starting today is "Gold Rush Maizie," starring Ann Southern in the title role. Second feature at the Nebraska is "Waterfront."

"Torrid Zone," starring James Cagney and Ann Sheridan has been moved to the Kiva from the new Varsity. If you like the Cagney pictures you will probably like "Torrid Zone" as it is typical Cagney.

FRESHMEN! Here's One Rule Not In The Book

YOU may have to wear a freshman cap, but there's no rule against wearing Arrow shirts. No doubt you've discovered by this time that more college men wear Arrow shirts than any other brand shirt. There are reasons: The superb Arrow collar, the Mitoga cut, the anchored buttons, and the permanent fit (Sanforized-Shrunk, fabric shrinkage less than 1%). All these extra values plus authentic styling are yours for the small sum of \$2.

Buy a stack of Gordon oxfords as a starter—you'll never regret it.
