

Barb women go for activities

Barb activities board for women reported after last night's meeting that organized women's houses are being further bound together by plans for presidents' meetings soon to be effected in order to encourage barb girls to participate in campus activities.

Previous attempts to urge barb women to put in their bids to campus events will be mere nothings when the new social activities program begins to function, according to Dorothy Jean Bryan, publicity chairman of Barb AWS. In the planner order barb women will have formed the equivalent of the present Barb Union and will be

associated with the Union as a sister organization.

At present organized women's houses are making final arrangements for hour dances with the members of the Barb Union.

To date the Barb AWS has attempted to reach all women in organized houses in order to urge their participation in campus events. As an incentive, girls report once a month to house representatives concerning their activities and are given points according to their actual participation. At the end of the year barb activities pins are awarded those who have a total of 100 points or more.

Iowa prof says, 'Smart men aren't brain children'

STATE COLLEGE, Pa. (ACP). So-called "intellectuals" who know all the answers oftentimes are "unintelligent," a University of Iowa psychology professor told the American Psychological association.

"When carried to extremes mental stunts such as crossword puzzles and question-and-answer superficiality have the effect of making a wastebasket of the human mind," said Dr. George D. Stoddard. "Sheer accumulation of information is the antithesis of intelligent activity."

Dr. Stoddard charged that present intelligence tests overlook "originality" and "measure only items which have been overlearned and do not show what new solutions or original patterns a child or an adult can produce.

"Therefore, an I.Q. of 140 or even more can no longer be considered an evidence of genius."

DU's feature intramural's football play

PIKA defeated 34-0; Sig Eps upset Sig Alphas; Sig Nus, Phi Deltis win

Delta Upsilon paced by Ernie Weekes of Omaha Central fame was the big noise in the intramural touch football games played Thursday afternoon. The DU's used a deceptive running and passing attack to go far ahead of the game PI KA's who fighting stubbornly went down by a 34 to 0 score. Weekes personally accounted for two touchdowns and 4 extra points.

The other game that was played in League 4 presented an upset in the form of the Sig Ep's nudging the favored Sig Alphas 7 to 0. Theta Xi won their tilt by the forfeit of Delta Theta Pi.

There was only one game played in League 2 and this saw the Sigma Nu's romping over the Delta Sigma Pi's 12 to 0. Jim Kirkendall was outstanding for the victors. Phi Delta Theta won by forfeit from Phi Sigma Kappa. Monday's schedule:

League I.

Phi Gamma Delta vs. Phi Kappa Psi, 4:15.

Kappa Sigma vs. Acacia, 4:15.
Farm House vs. Alpha Gamma Rho, 5:00.

League II.

Phi Delta Theta vs. Delta Tau Delta, 4:15.

Sigma Chi vs. Beta Sigma Psi, 5:00.

Alpha Tau Omega vs. Phi Sigma Kappa, 5:00.

League III.

Beta Theta Pi vs. Zeta Beta Tau, 5:00.

Sigma Alpha Mu vs. Delta Sigma Pi, 4:15.

Hutton Webster gets art award

Hutton Webster, jr., son of a former university history professor has been awarded a fellowship by the Bok Foundation for research in art.

He graduated from Lincoln high and spent five years in New York at the national academy of design. He won a Pulitzer prize in painting and spent two years in Europe.

His new award will take him from California to Maitland, Fla., where he will be furnished a private studio and an apartment, and will do research for five months on "The Influence of Spain on the Arts of the Americas."

Dr. Webster is at Princeton working on some history texts.

Morrill display features 100 pieces representing modern artistic trends

Two exhibits of fifty pieces each have been on display in Galleries A and B at Morrill Hall. Sponsored by Miss Kady Faulkner, Dwight Kirach, and Leonard Theissen, they represent the modern trend, produced in water colors and drawings. In Gallery B, the exhibit is made up of Marsden Hartley modern art, which will be sent from here through Colorado, Utah, Wyoming, Montana and other cities of Nebraska. The Gallery A exhibit has already been transferred to Kansas.

Sunday afternoon from 4 to 6 o'clock, Miss Faulkner, Mr. Kirach, and Mr. Theissen entertained guests at a tea in Morrill Hall to present the paintings.

Can you cook? That is question men will ask

Here's your chance, all you home ec girls, to take your "one and only" on a Leap Year dinner date—providing, of course, that you're willing to cook the dinner yourself.

A new practice kitchen, to be provided with all of the latest equipment, is being installed in the home ec annex this semester. Every home ec student is not only invited, but urged, to take advantage of this excellent opportunity for improving her cooking skill.

The real object of the kitchen (it might be added) is to serve as a practice room for the practical tests administered in the cooking department; however, any girl who is ambitious enough to care to use it for other purposes should feel perfectly free to do so.

Teachers grad takes test post

Miss Ruby Hottwalker of Walton, left last Friday for New York City to work under Dr. John C. Flanagan in the Cooperative test service as assistant test editor. She is an honor graduate from teachers and has a BS degree in education.

Her work will be the organization of test materials and preparation for publication. This test service provides tests in all school subjects for high schools and colleges. These tests are sent to schools and colleges all over the country. The Cooperative test service is the largest institution of its kind in the country.

Anderson will serve on education committee of broadcasting group

Miss Esther S. Anderson has been appointed to the educational committee of the Nebraska Broadcasting association, which advises and comments in regard to the educational program heard over the NBC network during the winter months.

While in New York collecting material and pictures for her latest book, "Regional Geography of the Continent," of which she and Dr. E. E. Lackey are co-authors, Miss Anderson visited the headquarters of the National Broadcasting system.

Miner to address St. Paul tuberculosis meet

Nancy Miner of the women's physical education department left last night for St. Paul, Minn., where she will read a paper today on "Sources of Supplementary Health Instruction Materials" before the Mississippi Valley Conference on Tuberculosis.

Ag students picnic, dance—"picnancing"

All ag college students are invited to a picnic and dancing get-together known as "picnancing" at 5:30 p. m. today. Sponsors of the picnic say that every ag man and woman is urged to attend.

The picnic will be followed by an evening of dancing, to the music of Billy's Music Box.

Ag extension issues to new circulars

Two new circulars have just been issued by the ag college extension division. Extension circular 1222, "Apples—Uses and Values" is filled with apple recipes. It was prepared by F. H. Hoppert, extension horticulturist, and approved by the department of home economics of the university.

Miss Hosp to speak

Saturday morning Miss Hosp will attend a brunch sponsored by the Nebraska Woman's Educational club at the Cornhusker hotel. She will speak on "Educational Interests in South America." The brunch will be attended by teachers and supervisors from 13 Nebraska counties.

tension division. Extension circular 1222, "Apples—Uses and Values" is filled with apple recipes. It was prepared by F. H. Hoppert, extension horticulturist, and approved by the department of home economics of the university.
