

Socially Speaking

By Jo Duree

And then it rained and spirits were dampened but not much... the Kappa Sig boys were very unhappy because they had never gotten around to taking down their home-coming decoration and Carrie Belle's Cow perforce took a shower....

Max Weiland of the Delta Upsilon lads, is not dispirited these days however... he had the nicest time... and Missouri, or anyway one little Missourian—a DG, we understand, and it's no lie that the Misou DG girls are also plenty smooth—but ignore our eulogy and let's concentrate on Max and the fine time he had with this little gal he snapped up from beneath the eyes of her MU love....

Jackie Stratton, AODI, not so long ago asked Chuck Leager, Delta Sig, for a little masculine aid in regaining the failing affections of one Sigma Chi... and now Jackie's forgetting the Sig Chi and keeping Chuck around... did somebody say merry-go-round.

We hope the would be Zeta Beta Tau's took the line of least resistance and did sneak last night... the big boys over there were so confident that a short sneak was in the air that they even arranged for no food for the frosh...

Little Kappas decided that rebellion was a good deal... big Kappas had cool peas and quite cold ice cream for dinner last night while the girls who wear

their pledge pins ate at the Cornhusker and then returned—panel ruling—at eight o'clock....

And now Alex Mills, SAE, is looking in at the KKG house... Mary Runyon the incentive....

Mister Jacobson, Leonard Jacobson, since we're chatting about Sig Alpha, is quite currently being seen with Bette Klopp of the Kappa Alpha Thetas, who incidentally is soon going to be whipping around in one of those amazing conveyances right soon... and we do mean a convertible....

Phil Grant, Phi Gamma Delta, and Jeannie Craig, Pi Phi, passed the cigars and candy, respectively, Monday night. This makes the known-of engagement final.

AWS puts out news sheet

'The Women' to contain full activity schedule

Ready to guide busy coeds thru another week of activities will be "The Women," weekly news sheet published by AWS. This week's schedule includes happenings on both the ag and city campuses, horseback rides, as well as social and activity meetings.

Dorothy White, editor of "The Women," promises a complete bulletin of all meetings of general interest to the women on the campus to be issued in the near future.

Because "The Women" is published to furnish the women of the campus with a day-by-day calendar of meetings of general interest to them, the editor urges that all organizations call in these meetings to 5-8427 by Wednesday evening.

in the fraternity division of the first heat with 87 percent of its men photographed, and Sigma Chi was second with 74 percent. Alpha Phi was first in the sorority division with 99 percent, and Kappa Alpha Theta the runnerup with 36 percent.

Results in the first heat were far from encouraging, so it is hoped that the present race will bring much better results. The president of the first house having all its pictures taken will receive a free copy of the 1941 Cornhusker.
