

# Springtime . . .

## Is Sportswear Time . . .

We've harvested a winter crop of spring sportswear as gay and charming and as bewitching as the new season itself. There are slacks and skirts, jackets, blouses and jerkins . . . to mix or match to your heart's content. You'll want to buy them by the armful . . . And you'll be able to satisfy at least part of your desire . . . for they're really modestly priced.

See our beautifully tailored slacks, jackets and blouses dyed to match and made in California. See our impeccably made, happily styled Junior sportswear with the Kerry Cricket label . . . Both are outstanding spring lines.
