

Suits in spring fashion spotlight

Kappa Kappa Gamma Jeanne Schroeder wears a three piece suit of beige herringbone tweed with the new three-quarter length cape which looks so well on tall girls. A saucy brown felt hat with a soft veil and brown gloves, bag and shoes complete the outfit.

Current mode demands suits of tailored cut

Tailored to every occasion are the suits Nebraska coeds will wear this spring. Sue Woodruff, Kappa Kappa Gamma, wears a versatile man-tailored suit of blue shetland wool. The hip-length jacket and the cream-beige sweater set style trends.

Alpha Phi Pat Prime chooses a suit of surf green and decorates the lapel with a London lampost pin. Summer earth and saddle leather are the colors of her accessories. Pi Phi Margaret Owens prefers a not-too-mannish suit of the ever-popular plaid in pale blue and brown. A classic coat of limestone camel's hair completes the ensemble.

Herringbone tweed is always good, and when worn by Alpha Xi Delta Thelma McGraw is appears in an aqua three-piece suit. Alpha Chi Omega Beth Schroeder favors light blue wool for her suit with the new long jacket. Pink birds decorate the pockets.

Dorothy Stotts wears aqua accessories with her black suit trimmed in grosgrain ribbon. She tops it with a black hat with a perky grosgrain bow. AOPi Dorothy Latsch's success story for spring will be a beige suit and brown Knox hat.

A soldier blue gabardine suit is Kappa Nance Bell's favorite for the Easter Parade. The gored skirt and reverse-lapelled jacket are styled with military good taste, and air force insignia decorate the lapels.

Vivacious Marg Owen, Pi Beta Phi's entrant in the coed BDOC contest, wears a three piece suit which falls into that great medium "casual" class that most new spring things fall into. Marg's outfit, from Gold's, is a jacket suit with a skirt of grey and a jacket of pink, grey, and blue plaid, topped with a matching three-quarter length cape. Her hat, also very much along the casual line, is light blue felt. The ensemble is completed with copper snub-nosed pumps and purse, and natural pigskin gloves.

Fashions--

dead butterflies may be traced to the English lord, even today.
The army and navy boys have provided this year's most popular

modes in suits, dresses and coats, what with the army colors and cuts being done now. Navy blue, sailor hats, sailor collars, and vertical lines are all typically army-navy stuff. To be smart, one just must follow the patriotic trend, so say the fashion big shots.

To wind up with the feet, as is proper, may I call your attention to shoes, which this year copy the mannish stitching and even the colors of boys wear, plus the heel which the cowboys made popular even before femininity thought of the "dainty ankle" look which heels illude.
