

# Union is center for student activities

A hobby workshop will be only one of the features of a program planned this summer by the Union for the Union's many activities and entertainments will not cease with the close of the regular session of school. The Union staff has planned a variety of extra-curricular activities, lectures, and other programs for the summer session, which begins on Wednesday, June 11.

#### First time for workshop.

Held for the first time this year, the workshop will be a place for students to pursue interests in crafts and art mediums with material and instructions furnished by the Union. The hobby-workshop is in experimental stages, and will be open at certain hours each week.

Initiating the summer's program is a variety show on Thursday, June 12. "The Scarlet Pimpernel" starring Leslie Howard, and a magician will be featured. On Wednesday, June 18, the Songfellows, well known male quartet from Des Moines radio station WHO, will present a concert.

#### Concerts.

Concerts form an important part in the summer program. One will be presented at the Union by the all state music chorus made up of students and faculty who will be in session on the campus from June 11 to July 2.

And,—on the same musical line—Dr. A. E. Westbrook will direct a volunteer chorus class which will meet every Tuesday and Thursday at 4 p. m. in the Union. At the end of the session this chorus will give a concert.

Foreign experiences—both on travel and current events—will be the subject of lectures by three noted men who will come to the campus this summer.

#### Illsley to lecture.

Walter Illsley, an American student caught in Berlin at the be-

describe his adventures here before a student audience Wednesday, June 25.

"The Far East in Turmoil" will be the subject of a speech by James Young, former director of International News bureau in Tokyo. Speaking on Monday, July 14, Young will tell of the Japan and China he knows so well because of his 15 years experience as a correspondent there. He has visited Chiang Kai-Shek.

Last of the series will be a travel lecture on Alaska Monday, July 21, by Edgar C. Raine.

#### Plays are planned.

Armand Hunter is in charge of the two series of plays to be given by the department of speech on Wednesday, July 9, and Wednesday, July 23. Travel film hours have been scheduled for Monday evenings during the short session, featuring "March of Time" and selected short subjects. Book reviews will be given in the Book Nook every Thursday at 5 p. m.

On the sport side, the Union will sponsor both men's and women's ping pong and tennis tournaments. The university pool in the coliseum will be open at certain hours. Mixed swims will also be held. And a men's intramural program will be carried out on the field north of the coliseum.

Highlighting the list of parties planned for the summer, the all university men's steak fry is scheduled for Thursday, July 10, at Pioneers park. The regular program of Wednesday matinee dances, Friday evening dances, music room programs, and graduate student coffee hours will be carried on by the Union.

Various conferences will meet at the Union this summer including Girls' State; Institute of Latin Teachers; Nebraska State Vocational Agricultural course.

The Union is air conditioned, reminds Pat Lahr, social director, and the usual accommodations of the grill, cafeteria, game rooms and lounges will run thru the summer sessions as they do now.

## School . . .

the greatest number of students possible without impairing the quality of the work offered. Since major emphasis is placed on the long session, a more extensive program is offered during this session.

According to provisions in the summer school catalogue students may carry a maximum of nine hours of college working during the long session or six hours during the short session. Permission may be secured in exceptional cases for carrying more hours.

All courses in the summer school carry college credit and may be changed to entrance credit on the basis of one entrance unit for two three-hour courses. Courses offered in teachers college give entrance credits only.

#### Maintain Junior Division.

Continued will be the Junior Division system for new students on the undergraduate level. Credentials for admission should be mailed at least two months before the session in which the student wishes to enroll.

Now being planned is a comprehensive social program offering recreational and social activities. Most of the social activity will be under the sponsorship of the Student Union.

Registration for the summer school will be held Monday, June 9, from 2:30 to 5, and Tuesday, June 10, from 8 to 12, and 2 to 5. A late fee will be charged those registering later.

#### Free course selection.

Students will be permitted to select courses from both the long

and short sessions, according to Richard D. Moritz, dean of the summer school. The maximum number of hours for which a student may register must not exceed 19 recitation hours per week, three hours of laboratory being equivalent to one recitation hour, except by permission, he said.
