

Arnot says . . .

# Big Six 'commissioner' plan a new possibility

Major issue at the meeting of Big Six faculty representatives and athletic directors Friday and Saturday will be the possibility of appointing a conference "commissioner" or director, according to Charles Arnot, United Press sports writer.

Major "Biff" Jones, questioned about the article, declared that Arnot must have been "making a shot in the dark." Because the conference dons considered the possibility of naming a director at the December and March meeting, the writer may have assumed that it would be brought up at the conclave this weekend, the major declared. "As a matter of fact the proposal for a conference director is not on the agenda for the meeting Friday and Saturday and probably will not be brought up," "Biff" stated.

**Some opposition.**

Arnot said that some conference representatives opposed immediate enactment of the plan for a commissioner because conscription may affect the whole sport schedule. Main duty of the proposed commissioner would be to act as a clearing house for details of administration, arranging schedules, preparing for conference meets, hiring officials and setting uniform rule interpretation.

Dr. H. D. Bergman, of Iowa State, stated at the conference meeting in Kansas City in March

that he would favor such a commissioner.

**No G-man stuff.**

Big Six officials are opposed to the G-man type of administrator, feeling that no stern action is needed to enforce restrictions on eligibility and subsidization.

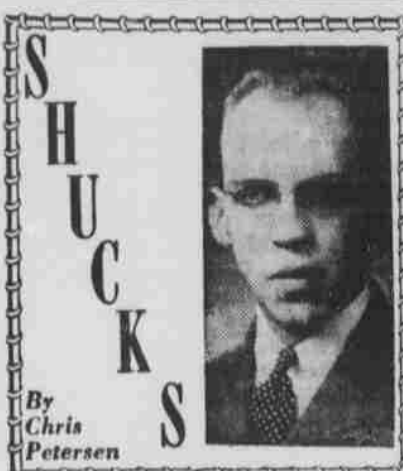

Ames' George Veenker, president and secretary of the athletic directors, would favor the title "athletic director" in place of commissioner for the job because he contends that the position would be similar to that of a university athletic director. Although the possible cost of such a commissioner has not been considered in conference meeting, some representatives are opposed to immediate action because they believe added athletic expense would not be justified now.

**Peters may be it.**

Reeves Peters, now in charge of Big Six officials, would receive first consideration for such a post, according to Arnot. Big Six bigwigs have made no indication that they would draft a new policy concerning participation in athletics with Missouri Valley conference schools which approved athletic scholarships last week.

Faculty representatives and athletic directors will meet in separate sessions Friday morning but will convene together Saturday. The agenda for the meet calls for routine business and induction of newly elected officers.

## GOLF GAB . . .

The World's largest golf tournament will be played June 14 with an entry list in excess of 25,000. This tourney is sponsored by agents of the Indemnity Insurance Co. of North America and will be played on almost a thousand courses.

This event, known as the Remote Control tournament, had 7,315 contestants playing on 610 courses in its initial year, 1940.

Most prizes given in an amateur golf tournament are the 343 to be awarded successful players in this year's tourney. This particular tournament is interesting in a number of other ways particularly in this matter: Highest recorded score in a golf tussle during 1940 was 168 for 18 holes registered by a conscientious competitor in this particular event.

John F. Murphy playing in a Carpet Trade tournament in 1916 compiled the highest 18 holes score on the books with a 298. He was beginning to get good when he ran out of holes; his score on the eighteenth being an even 10. It was not a great day for the Irish.

Ellsworth Vines, former amateur and pro tennis star, won his first championship from a fast field in winning the Bobby Jones trophy at Catalina Island recently. Vines will play in the national open golf championship qualifying rounds next Wednesday.

A British one-armed golfer's championship, with a field consisting of 1914-1917 war veterans has been played annually since 1933. First winner was W. R. Thompson with 168 for 36 holes. Later championships have been at match play.

Hottest consistent 9 holes of golf on record is a 27 composed of nine three, played recently by R. H. Corbett in the semi-finals for the Tangye Cup at a Mullim (Eng.) course. Yah, he won the tournament, too.

## California Bears hand Husker baseballers 20-2 shellacking

It's plain now why Goldilocks feared the three bears.

Nine California Bears got hold of Nebraska's diamond outfit Tuesday on the university field and they tromped and tramped over the Huskers 20 to 2.

By far the best team that has played on the Cornhusker lot this year, the Golden Bears looked grizzly under the pitching of Mike Koll, who struck out eight and gave up only two singles in the first five innings.

For the Huskers, Sid Held gave way on the mound to Green, who passed on the pitching worries to Bob Sauer. None of them could hold off the Berkeley boys.

Nebraska pleased the Californians immensely by using nearly everyone from first baseman to right fielder at pitching duty, giving up plenty of nice long line drives that make the batter feel so good. Then too, a goodly number of timely errors added to the pleasure (and score) of the West coast boys.

Tomorrow afternoon the Cornhuskers will again be host to the California team. They've decided their visitors have had their fun and hope—along with the rest of the university—to settle down. The game will begin at 4 p. m.

**Summaries:**

California	ab	h	o	a	Nebraska	ab	h	o	a

present awards to the winning platoon.

Governor Dwight Griswold will present the winning field artillery battery with a trophy and a silk guidon. The best battery will be chosen on the basis of an inspection, mounted and dismounted drill, firing batteries, and scholastic and attendance record for the year.

Entrants in the best gun squad competition are limited to one gun squad from each battery. The drill will consist of tests in "service of the piece" and "cannoneers drill," with commands given by one of the judges.

Joe W. Seacrest, president of

the Lincoln Chamber of Commerce, will present bars to each member of the winning squad.

Competition for entrants in the individual manual of arms medals will be held in the area north of Bessey hall. Two basic cadets from each company and battery have been selected to enter the drill.

The military department has taken special precautions in case of rain. The coliseum, Nebraska hall and the east stadium will be taken over by the infantry and the engineers if it does rain. The artillery will move to the motor transport building on ag campus in case of bad weather.

Four tents for the sale of soft drinks will be pitched on the two malls. Tassels will have charge of the concessions.
