# Athletic Feats

by John Mackey

Here is some mighty tasty news for Husker's running, jumping and throwing fans. Track Coach Ed Weir has returned from the N. C. A. A. gathering at Palo Alto with the reports that Lincoln is the spot favored by coaches and athletes for the 1942 carnival. Chicago is the only other town listed for a meet which will go the middlewest. So far a sports writer from the Windy City has guaranteed a 10 thousand dollar gate receipt at Soldier's Field, which looms as the only obstacle.

Nebraska's triumvirate of cinder track fame carried the Scarlet and Cream colors and fourteen points to a seventh place in a field of 35 teams. Harold Hunt realized a childhood ambition by jumping over 14 feet and tying for first place notice at 14 feet plus two inches with Guinn Smith of California. Harold jumped 13 feet six inches against Smith during Nebraska's first invasion of the ocast conference early last spring. Bill Lyda, Oklahoma's masterful 440 yard dash performer went down in defeat at the will of Red Littler, as the Red Racer came home fourth in a blanket finish won by Southern Cal's Huber Kern in the time 46.6 seconds. Just two-tenths of a second off the world record which California's Grover Klemmer, Littler's chief rival this season, equalled recently. Miler Bob Ginn handicapped by a seven pound weight loss due to a recent illness, tipped the scales at 121 pounds and finished sixth in a race expertly handled by New York University's fleetfooted Leslie MacMitchell.

Nebraska's Big-boy Adams, who learned his golf on the oiled beaches at Grand Island, and who finished second to Bob Fraser in the State tournament last week, qualified Tuesday in the National Intercollegiate tournament with 30-35 in addition to his first day's 79 for a total of 153. Robert Brownell from Duke who qualified with a 144, will give our Byron some of his first taste of the caliber of golf as played by the bigger boys from the eastern schools.

Bob Burruss, as he was listed in the Cornhusker football programs for the past three years, and now 2nd Lieutenant with Uncle Sam's air force, has earned himself quite a sensational bit of ballyhoo the past two or three days. Bob was quoted in a glaring sports page spread of the World Herald as criticizing today's college football as a highly commercialized business, tickled up and concealed by pastime scenery. Lieutenant Bob also took a rap at the lax manner in which the eligibility codes were observed. All in all and in the final analysis of the snapper-back Bob's article we cant quite perceive what he is driving at and what he expects to accomplish.

Hastings' Hopps, Harry of gridiron fame, and Johnny outfielder for St. Louis Cardinals are doing their bit to keep the home town in the sports page headlines. Harry made his contributions last fall with the aid of a football and his hard-driving legs. Johnny is doing his share this summer as a member of the gashouse gang with the aid of his big, heavy bat and a pair of brawny arms. Johnny, who made his college history in his home town under the tutelage of Thurlo E. McGrady, clouted 1 homer and 1 tripple against the Boston Braves to bring home four runs in a 13-1 rout.

## Travel Hour series Monday

"Matto Grosso," a full length movie on the wilderness of western Brazil, will be the feature on the Union Travel Hours series, Monday, at 7:30 p. m. in Parlors XYZ. The film records the expedition of Capt. Vladimir Perfileff into the uncivilized regions, where primitive savages hunt jaguars with spears. Oddities recorded are the blood-thirsty Piranha fish, the vampire bat, rodents weighing a hundred pounds, tapir, river otter, armadillo, along with the actual sound record.

## Bridge tourney starts Saturday

Students may register today for the Union contract bridge tournament Saturday night in Parlors A and B. The Union checkstand will take names of couples today, and if any complete couple appears Saturday night, they will be admitted to the tournament. The complete tournament will be played off at 8 p. m., and prizes will be awarded.

## Hiskey talks at deaf school

Dr. Marshall S. Hiskey of the department of educational psychology and measurements will address the national convention of American Instructors of the Deaf at the Missouri State School for the Deaf in Fulton, June 25. His subject will be "Testing the Young Deaf Child," and he will introduce his new performance test for young deaf children which has just been standardized.

## Illsely reveals war experiences on continent

Walter Illsely, an American student caught in Berlin at the outbreak of the war, told his experiences at a summer school lecture in the Union Wednesday.

Now a student at Michigan State college, Illsely was trapped in the German capital when hostilities arose, and he was unable to reach the United States until October, 1940. Having inherited some money from a German relative he was attempting to spend it by attending school there since he could not transfer it to this country.

When the war began, Illsely bicycled to Denmark but was forced to return to Germany with the invasion there. He then went to Norway, but again the German invaders intervened in his plans of escape. After that he volunteered his services in a Finnish munitions factory and later worked in the American embassy in Berlin. He finally succeeded in getting out of Europe by sailing from Petsamo, Finland, which is 300 miles north of the Arctic circle.
