

Around and About

WEDDINGS AND ENGAGEMENTS are in the news this week, although the month of altar spees is officially over. Via air mail and Galesburg Illinois, comes the announcement of the engagement of Marion Cramer, Kappa Mortar Board, and Bob Aden, Beta Innocent and last year's Cornhusker editor. The wedding will take place some time this summer.

ANOTHER ENGAGEMENT OF INTEREST to Nebraska students

is that of Sylvia Epstein, S.D.T. and Henry Greenburg, a Phi Ep from Iowa U. Two others who have decided to go and do it, and this is a big surprise to everyone, are Alpha Chi Doty Wind and Phi Gam Bob Windle. Pinned only last spring, they're being married in August.

PLAYING AT being a hired man this summer is that old Sig Alph man-about-town Alex Mills. He whipped into town the other day, brown as the proverbial Indian, and full of big plans for entertaining his visiting gal friend from the East.

INDESION of the past seven days is that of Sigma Nu Frank Day and that beautiful blonde school marm, Betty Weaver. Could it be that Mr. Day got to thinking rather fondly of his last winter's flame, Theta Betty Jean Peterson?

RAVE NOTES COMING THIS WAY concern the two big bands which are dated to hit this part of the country in the near future. Maestros in question are those hot boogie-woogies, Charlie Barnett and Woodie Herman, sporting some of the sweetest jive we've heard in a long time. Summer school students are in for a big treat no matter which way they turn.

NOTES FROM MY LITTLE BROWN BOOK: JUST WHAT is the deal between Bob Krause, Sigma Nu, Chi O Zoe Wilson, and Kenny Holm, also Sigma Nu? From what we hear, Zoe seems to have been pretty much left out of the deal. Too bad, Zoe. You're playing with hot fire when you play with Sigma Nu's. WE'VE BEEN RECEIVING REPORTS that Sig Alph Walt Rundin is mighty displeased with camp life. No Freddie's, no politics, no Kerrigan, and no Vodka. He should be one of the artillery rats stationed in the Ozarks at Fort Leonard Wood. 40,000 men and no girls. JIMMIE YOUNG, scheduled to talk at the Union Monday night, spent 13 years in the Orient, and 61 days in a Tokio jail. While in the clink he had to borrow U. S. Ambassador Joseph Grew's fur coat in order to keep from turning into an icicle. Sounds good. THE SUMMER SUN smiles favorably on Tri Delt Ruth Ganz and A.T.O. John Jay Douglass. This is just one of the romances which seem to grow more and more torrid with the weather. WE WONDER just how things are between Alpha Chi Jane Jordan and that man whose pin she wears, Sigma Nu John Dean. AND TO END IT ALL. Look for a changed woman when you see Theta Becky Wait next fall. She's summering it at the highly notorious West Yellowstone, where men are men and women are glad of it.

Just Whittlin'...

with Swab

Comment after my last column seems to be summed up in the caustic remark cast this morning that I must have been "whittlin' with a dull knife." My only defense is some "woods" are petrified. However, tiring of such irrelevant people as Mungus, the fungus, and Munchie Crunchies, we feel much like writing a little on little bits upon which you can't write much.

After years of research, the ultimate decision regarding definition of a coed might—They are like cigarettes; they come in packs; hang onto your lips; make you puff; go out unexpectedly; leave a bad taste in your mouth; but still they satisfy; and are recommended by eminent medical authorities.

A woman's face used to be her fortune. Nowadays, it's the drug-gist's. And while we're face to face with this subject of faces a right snappy comeback for the fellow who asked you if you have a new woman might be, "No, she's the same old one with an FHA loan."

Films on Mexico shown in Union

Two sound films on Mexico were shown in the Union last night under arrangements with the Pan American Union, Washington, D. C., made by the university's department of modern languages.

According to Prof. J. E. A. Alexis, department chairman, the films were part of a cooperative response to increased interest in Latin American countries.

The title of one film was "Rollin' Down to Mexico," and concerned a trip by automobile over the new Pan American highway from Laredo to Mexico City. The second film was "Native Arts of Old Mexico," and showed pottery and tile making, leather work, weaving of figures out of straw reed, basket making, wood turning, and other handicraft.
