

Tennis Most Popular as . . . Coeds Sign Up for Phys Ed During First Registration Day

About 550 girls, well over half the expected number, registered for their physical education classes yesterday. Registration begins again today at 8:30 a. m. and continues until 4:30 p. m.

Greatest number of girls, excepting freshmen women who take a special course, chose tennis. Next most popular course was volleyball.

All activities but tennis are on a semester basis. Four classes of tennis take up bowling at the end of nine weeks, and the fifth class becomes a class in folk dancing. A \$2.50 fee is charged for bowling. This is payable at the beginning of the bowling season.

Classes which are still open for registrants are as follows:

University of Wisconsin. Since then he has been teaching history and at present is assistant professor of history at the southern branch of the Idaho university located at Pocatello.

Special field of interest for Professor Vedeler is the French Revolution and at the University of Wisconsin he took work under Professor J. Higbe, noted authority on the subject. Nebraska's library on that period of history is rated near the best in the nation.

Dr. Winnacker probably will leave for the east soon to take his place on the staff of the co-ordinator of information in Washington, D. C.

that the office can reach the applicant at any time and can avoid scheduling work during his class hours.

Students having already made application for part-time employment should report any jobs they may receive to the department to avoid duplications in assignments, Epp said.

Ag Officials Seek Help For Defense

Depart. of Agriculture Sets Production Goals

"Every farmer in the United States will be connected by local farmer committeemen under the supervision of department of agriculture defense boards, and will assist with individual farm plans to determine the extent to which each farm can contribute to agriculture's task in national defense." According to a statement made by Secretary of Agriculture Claude Wickard, this is the first time in the history of agriculture in this country that production goals for all essential farm commodities have been established. They have been set on the basis of a thorough canvass of the needs of the nations which still stand between this country and Hitler.

The production campaign for 1942 will be under the supervision of state and county agriculture defense boards which are made up of representatives of all department of agriculture agencies in the field.

Milk is the most urgently needed of the farm commodities for which increases are needed. "We need to consume more dairy produce in this country for improved health and strength, and the British will need tremendous quantities of cheese, evaporated milk, and dried skim milk. To reach the production goals for 1942, the greatest effort will be required in dairying," said Wickard.

Ag Exec Names Farmers Formal Co-Chairmen

Mary June Buck and Arlo Wirth were named last night as co-chairmen of the Farmers Formal. New members of the ag executive board to fill vacancies are Dorothy Schudel and Arlo Wirth.

The Weather

If you are planning on going on a picnic this week-end, it might not be such a bad idea to pack your umbrella or rain-coat along with your food, because the weatherman has predicted that it will be partly cloudy Friday and Saturday with thundershowers Saturday evening.

Cap Shipment Arrives Late

Due to a late shipment, both men and women must wait a week or ten days for their freshmen caps. Innocent Paul Svoboda, chairman of the freshmen cap sales, announced yesterday. A later announcement in the Daily will give the date of the arrival of the shipment, and ticket holders may then present their receipts at Ben Simon and Sons for a cap of the proper size.

Freshmen who did not have an opportunity to purchase a cap by the end of the regular sale may obtain a cap ticket for 50c from the managing editor of the Nebraskan in the Daily office, room 20 in the union.
