

### Huskers Let Up In Monday Drill

Resting after their Saturday afternoon escapade, the Scarlet clad Huskers were a sight to behold as they showed the right spirit during Monday afternoon's session.

Routine and more routine was the thing with the entire team given a chance to show their blocking ability along with their passing talents. With a five man defense, the various backfields were tossing all the passes in their repertoire.

Doing most of the flipping were Marv Athey, Fred Metheny and several of the wingbacks. The five man defense was constantly shifted in an effort to give the sophomores a chance to work against various passing attacks. Monday also marked the return to the practice field of Kenny Simmons, Valentine ace back, who has been recuperating from a broken jaw received a week ago in a scrimmage.

## Frosh Report for Early Fall Practice Drills

With the squad swelling to 120, the frosh football team under the tutelage of A. J. Lewandowski was mugged in a group picture Saturday, and then went thru a drill in fundamentals.

Lincoln Journal. In the southeast locker room of the stadium Monday afternoon at 3.

After the picture Saturday, Lewandowski led the boys to the practice field to drill. After calisthenics and drills on the fundamentals, the frosh were divided into teams. "Lew's" assistants took charge of the units and put them thru a short drill in formations.

"Lew" is anxious to have more out. He would like to see all of the equipment in use. The coaches will take any first year man who wants to make the team. The time to report is today at 3 p. m. The place is the freshman locker room in the southeast corner of the stadium. Report to either A. J. Lewandowski or to Trainer Elwin Dees.

## The Sports Mill

By Bob Miller

This expository from the sports desk is going to be concerned with one thing in main... Giving some credit that we think is due on the basis of Saturday's scrimmage.... Everyone was playing bang-up ball but there were several that we think deserve an extra paragraph....

First, on our honor roll, comes Marv Athey.... As a sophomore Marv is fulfilling one of the toughest jobs on the team at quarterback.... So far this season, he has just been repeating Biff's plays but on Saturday he called them on his own and showed good judgment in all of his plays....

MARVIN ATHEY

Lincoln Journal. Besides showing that he had the play situation well in hand he showed accuracy in his passing.... When the firsts took possession of the ball, it was Athey who pitched three passes to Dale Bradley in quick succession for 12, 20 and 17 yards.... With the ball on the five yard line, he took it on a quarterback sneak for a touch....

Take it from us Marv Athey is destined to become a very important cog in the Husker machine this fall with his signal-calling, passing and running....

WAYNE BLUE

Lincoln Journal. Next in line comes driving Wayne Blue, Tecumseh full-back.... Blue has been playing second fiddle to Vike Francis this year but he looks like the link needed to cement the second team together.... He did his job well Saturday with his plunges accounting for valuable yardage....

He did his job as a plunging fullback in fine style and his showing indicates a good year....

Fred Metheny, second string quarterback, is just about due for some praise.... At the tiller when the seconds were engaging the fourths, Freddy showed that he would be ready, willing and able to take over the signal job....

FRED METHENY

Lincoln Journal. plays he called Another sophomore to watch for this fall....

Metheny's accurate passing, terrific blocking and shifty running more than compensate for his lack of size... He has a true quarterback mind and uses it as was evidenced by the

fraternities will meet in the N club rooms Thursday at 7:30 p. m. The schedule of events, program and rules will be discussed at this meeting.

In addition to trophies for individual sports, the Jack Best trophy will be given for the seventh time, making 27 trophies in all.

### Horney Requests Physical Exams

Bill Horney, director of intramural athletics, today urged that all fraternities have the members who are planning to partake in the sports program check their physical condition immediately.

All participants in the intramural program are required to have permits from the student health department. Examinations may be taken any day at the student health department on the second floor of the pharmacy building between eight and twelve and one to three.

They suggested that the fraternities report en masse. If a list of freshmen and transfers is made, it will facilitate matters as their records can be checked to find if they are eligible for competition. All upperclassmen must undergo the examination.
