Sassy Items

By Mary Adelaide Hansen.

And so another old face returns, along with all the Hallowe'en spooks and witches, to haunt her old haunts and drag out all the skeletons... Bill Fox and Dinny Ford led the Manhattan Migration and took off last night in "Ready Eddy," Bill's custom-made push-motor... The amazing deal is that he's dumping off Dinny on the way and then will pick up his date for the week-end in Kansas City... And Phi Delt Bob Guinn has collected some of his pals and will deal them out to his various gal friends in St. Joe... The lads were so anxious to start that they, too, left last night... Looks like the Big Weekend for lots of people... And from all advance plans, this year's train trip ought to have its share of spirits and we don't mean the Hallowe'en species, either... Alpha Phi Dorothy Tipton is going to meet SAE Dick Spelts, to whom she's pinned, in Manhattan... He's working in Wichita...

Other Weekend Plans.

Other week-end plans include those of "Big Stoop" Huffman and Lowe Folsom to rip up Omaha with College Cut-up Ned Bell... While practically the whole Scotts-bluff contingent is going home for a rest cure... Betas will be celebrating the initiation of Joe Sonneland, Bill Latta, Eob Munson and John Edwards... The gals on sorority row had best take to cover tonight because the Terrible Tau's are going out to do a little spirit spooking themselves... Ending up at their house for a fireside party... And the boys over at the Cornhusker Co-Op will take their gals on a hayride-steakfry... They say Bob Woest, ROTC Looie-Kernel, will show off Eileen Chappell, his raven-haired gal friend from home... Carroll Smith is thoughtfully taking his boss' daughter... The AOPi houseparty ought to be fun tonight... Dorothy McClintock will be with ATO Carl Petty, while Fiji Bob Miller will be helping Opal Johnson chase hobgoblins out of the dark corners... Helen Gruesel will be with Delt Bernie Weygint, which leaves Playboy Norrie Anderson just where?...

Your Hand, Madam?

What's this about Howard hall's Lucille Miller and Bill Elpern, graduate chemistry stude from Stanford?... Wednesday when he came to see her his first words were "How're your hands?"... Seems Bill had got some chemicals on his hands the day before that raised terrific blisters only after his Tuesday night date with Lucille... And a duct that bears looking into is that of SAE Bill Leiniger and Norma Westphal... When Bill went home last week she went King-stepping with Sigma Nu Waldo Winter, a likely lad with a likely way we hear... And cute DG Mary Lee Tomlinson is wasting no time since she broke up with Jake Marvin... The sisters all rallied around, and Jake couldn't get time in to make up even if he tried...

"Swab" New Sleuth.

Paul Svoboda has taken over Carl Harnsberger's poetry-writing job on the network these evenings... John "Mick" Ainlay is back taking up Theta Ann Beard's time... We wonder whom Phi Delt Palmer Murphy will be playing with this week-end... If Chuck Shubert

continues his luck, the Alpha Phi's will be giving him the Bird (the cute brunette species)... The Deltas are taking their dates bowling this Sunday, and Max Wilson will be with Becky Wait... The SDT's had a Hallowe'en party of their own on Wednesday night... Believe it or not, Marge Appel won the apple-bobbing event, and Mrs. Wittgenstein, housemother, came out victorious in the tail-spinning contest... Did everyone see KKG Maryella Bennet down at Mizzou?... She's gracing the U. of Ark. campus this year... We hear that Beta Bill McBride, the stuffy hero in "East Lynne," is having the big conferences with Kappa Barbara Simpson, regarding a steady deal... Cornhusker Shirley Russel and Phi Gam Al O'Connor are an up-and-coming combination that ought to improve over the Kansas week-end...

Other dates to the big game include Tri Delt's June Griffen with Sigma Nu Don Albin, Jean Hazen with Duane DeWolf, Phi Gam and Betsey Mallat with Max Whitaker... Turnpiking from the same house are Francis Bodinson who will be with Fred Voight, Sigma Nu and Mary Helen Dietrich with Dick Gellately, Delt.

Minnesota U Develops New Glider Form

MINNEAPOLIS, Minnesota. (ACP). Something new in gliders has been developed at the University of Minnesota's aeronautical engineering laboratory.

It is the product of a Northwest Airlines engineer's designing and the tireless effort of a crew of university students. NX34222 is the only name the new glider has. It will remain unchristened until after it has passed federal tests. It weighs a scant 500 pounds, takes off and lands at 30 miles an hour, has reached 75 miles an hour in a dive and is expected to go faster in later tests.

The designs of the glider is owned by the University Flying club. If later tests bear out the excellent performance of the primary flights, chances are good it will become popular thruout the glider-flying world.

NX34222 differs from ordinary commercial gliders in three respects:

1. It has two seats instead of one, each with a complete set of controls permitting first-hand instruction.
2. It is rugged enough to stand student training abuse.
3. It has given high performance in maneuvers and has sufficient strength to permit towing behind an airplane.

President's Navy Day Speech Reaches 45 Million Listeners

. . . NBC Reports

President Roosevelt's "the shooting has started" speech Tuesday night was heard by 45,000,000 persons in the United States alone, according to announcement made Thursday by the Columbia Broadcasting System. The survey was made for CBS by the research firm of C. E. Hooper, Inc.

The Hooper rating for the broadcast was 51.9—which shows that the President drew the fourth largest American radio audience of his career. Record listener rating for the presidential speech is 70, chalked up with the "unlimited emergency" speech of May 27; on September 11, the President tallied a Hooper audience rating of 67.4 with the "shoot first" talk and on Dec. 29, 1940, his fireside chat on national security rated 59, chat on national security rated 59, audience of May 27 was 65,650,000 persons.

The President Thursday night was heard over America's four

BABW Holds Suppressed Desires Party on Nov. 8

. . . All Women Invited

Relax, women.

Let your hair down and your innermost selves out for the Suppressed Desires Party to be held in the Union from 2:30 to 5:30 p. m. Nov. 8. Let those desires rule what you wear. Be whacky, be serious. Be anything you please.

This is a party for women only and is open to all women on the campus. Altho sponsored by the BABW, a barb organization, invitations have been extended to all

sorority houses on the campus, and it is hoped that the party will be endorsed by all women's organizations.

"The primary purpose of this party is to acquaint girls on the campus who otherwise might never meet," Dorothy White, president of BABW stated. If the party is a success, the BABW may sponsor a similar affair next year.

Tickets costing 15 cents apiece went on sale yesterday when representatives from sororities and other women's houses on the campus met in room 307 of the Union to receive tickets for their houses. A general ticket sale will begin in the Union foyer tomorrow.

Because the party is scheduled on the day of the Minnesota-Nebraska game a radio for football fans will be available for the broadcast. The program for the afternoon centers around three one-act plays presented by students in the University Theater. Games of shuffleboard, ping pong, and darts have been arranged as well as square dancing. The music room will be open.

Tickets may be obtained from any member of the BABW, and from the house representatives. If extra tickets are desired, Marilyn Fulton should be telephoned at 3-5131.

Westminster Church Choir Plans Program

"The White Pilgrim," a folk song cantata, will be presented Sunday evening, Nov. 2, at 7:30 at the Westminster Presbyterian church by the Lincoln Westminster choir.

Guest soloist will be William Pfeiffer, baritone, minister of music at the Dundee church in Omaha. He will take the role of the central figure of the cantata, Elder Joseph Thomas, an itinerant preacher of a century ago, who preached a vigorous gospel to the mountain folk and always dressed in white.

Those participating from the choir will be Thomas Pierson, and Delbert Pinkerton, tenors and Eloise Camp, soprano. The presentation will be directed by Donald D. Kitting, organist director at Westminster.

Artificial Light Plus Hen Give Eggs in Winter

AMES, Ia.—Light has been thrown on the subject of winter egg production, literally and with quick effect, at Iowa State college.

According to W. R. Whitfield, extension poultry specialist, Iowa poultrymen can increase winter egg production to spring levels by providing artificial light for their hens. Most popular method is use of a "morning light," which lengthens the birds' working day natural illumination.

Use of lights is effective only when mash and grain feeds are provided, however, since the purpose of illumination is to increase feed consumption during short winter days.

Defense Delays California Atom Smashing Device

BERKELEY, Calif. (ACP). Difficulties in obtaining steel have caused three months' delay in construction of the University of California's gigantic atom smashing cyclotron but engineers say it will probably be ready for operation in the fall of 1943.

major networks and an undetermined number of independent stations. The talk, delivered in observance of Navy Day, also was given worldwide shortwave circulation.
