Hoosiers Trip Invading Huskers, 56-29

Small Cage Team Drops First Game

Indiana Holds Nebraska To Narrow Margin; Height Proves a Disadvantage

BLOOMINGTON, Ind., Dec. 15 Height and superior scoring punch were the necessary ingredients that the Indiana Hoosier's had on hand for the invading Husker cagers from Nebraska, tonight, as the former wore out the basket in running up a 56-29

The hosts were definitely "hot' during the first half as they rolled through to a 38-10 margin by the half time gun. At the outset of the initial period, it was plainly evident who the final winner would be with the Hoosiers pouring through 15 counters in three min-

Takes Seven Minutes. Seven minutes had elapsed before substitute performer, Johnny Bottorff finally hit the hoop for the first Husker basket. From that time on, the complexion of the game got darker for one and

brighter for the other. Long Andy Zimmer, Indiana center, was the hot-shot in the sparkling offense since he per-sonally accounted for 17 points to give him top scoring honors for both teams. His points were scored on eight buckets and one free

Zimmer was accomplished not only on the offense but also on the defense. He held the Husker's high-scoring guard, Sid Held,

to a meagre three points for the entire evenings proceedings.

High for the Husker cage squad were Les Livingston and John Bottorff, both of whom scored seven points apiece. Hamilton for Indiana got eight points to rank second in the scoring column. Indiana Hamilton, I

The wrestle is an annual affair and it gives Coach Adam the necessary information on his wrestling prospects for the next season. The matches are arranged into eight weight groups and champions were decided in every one as the tournament ended late yesterday afternoon.

Winners in all divisions will receive awards for their exploits in the mat sport. All upperclassmen that won are eligible to try for a spot on the team while the freshmen have an opportunity to work for a numeral in the sport. Re-

Go East.

To football, what the World Series is to baseball, the Rose Bowl is an annual exhibition of world wide importance...Latest developments set the Duke university campus as the site for the annual affair since war threats have forced cancellation on the west coast...Located at Durham, N. C., Duke will offer nothing more than a stadium to seat the spectators.

Gone Is the Color.

If the proposed match actually does come off at Duke, football will be losing its most colorful institution...The parade of floats and the entire Tournament of Roses will be abolished. . The match in our book is not the best that can be desired but yet no matter the football game, the "fixings always make the event a success. This year there will be no "fix-

Something Should Be Done.

While we are in the opining mood, let us go to another Bowl game...The East-West game is the one in question . . . Every year, the outstanding players east and west of the Mississippi are invited to participate in this contest that the Shrine stages for the benefit defeated Coe (46-33) and Drake of the crippled children of the land...The game is a sell-out and combines the best talent from all over the nation ... This game has been cancelled and we think that something should be done. In the Middle-West.

Not only for the good it does along the charity lines but also for the benefits for the players, we believe that this game should not be postponed... As a suggestion, the Shrine heads could transfer the site of the contest from Kezar stadium to somewhere in the middle west where there would be plenty of support for it and the good derived from it would not be sacrificed ... It's an idea at any rate.

Bears Win Title.

Sunday afternoon when the loud speaker brought news of the Chicago Bears-Green Bay Packers title game in professional circles. Memories of last year's Rose Bowl game...On the Bear line-up were two Stanford greats, Norman Stadlee and Hugh Gallerneau ... Both of these turned in games that ranked with any pro leaguer on the entire field...Gallerneau turned in an 80 yard punt return to contribute the most spectacular run in the Bear's 33-14 rout of the Packers...Hermie Rohrig, Husker last year, was on the starting lineup for the losers. . . An interesting sidelight that developed was Standlee nailing Rohrig for five yard loss on two occasions... Sounds something like the Bowl announcements last Jan. 1.

 "A lucky incident taught me what makes the big difference in furs. I just happened in on my furrier as he was relining my coat, and noticed the Hollander stamp on the back of the pelts. I quizzed him about it, and learned a new fact. Now I know this Hollander stamp is the reason my coat kept its beauty longer!"

When you buy new furs

your favorite furrier will gladly show you, on pelt or tag, this famous Hollander mark. For over 50 years this mark has meant longer-lasting lustre and color. Naturally the price of furs depends on quality of skins and workmanship. But, pay much or little, the Hollander mark assures you your furs will keep
