**Two
Heads
Are
Better...**

When funnier things happen, they'll happen at the Mortar Board party... The Kappa Sigs were biting their fingernails, pacing the floor, worrying about Brothers Bob Sinkey and Bill Flory who left Saturday noon with their dates and didn't return in time for dinner Sunday noon... Did anyone spot Alpha Chi Jean Holtz when she called in place of pledge Ruth Lund for Les Buckley, Phi Delt... Jean was unrecognizable in her gruesome make-up of pigtailed, freckles, and blacked-out teeth... Kappa Sig Johnny Miller didn't enlist a day too soon, for his draft papers arrived right after he took the big step... "And a good time was had by all"—to quote the attenders of the Towne Club Christmas party... The Phi Phis seem to be getting more than their share of candy... Last night Georgia

YW Asks Organized Houses To Cooperate in Toy Drive

Santa Claus may visit some needy Lincoln families this year if the YWCA freshman cabinet gets the support of the students on the campus. A call for toys, food, clothes, or money has been issued by the cabinet which asks that the different sororities and organized houses take the responsibility of collecting within each house.

In previous years the cabinet has distributed boxes to each house to be filled but to save time the new system is being used. Houses will be canvassed this week but any contribution may be left at Ellen Smith. Collections will be made Thursday from all houses and the toys will be distributed to the various welfare organizations in the city.

Swallow passed the sweets, with her Sigma Nu of Colorado Kenny White receiving the usual "congrats" from the sisters... Sigma Nu Marley Wolf appears to be more than interested in DeeGee pledge Kay Detweiler, and vice-versa... which makes that deal minus any complications...

At Last.

We've known this for some time, but due to those things people call ethics, we had to keep it quiet—now it can be told—Leatrice Holley and Don Little are going steady... Ain't that something?... Happy

is no word for it!—when the light of one's life drops in for a weekend as did DU Wayne Denning to see Marydean Lawler, Kappa Delta... Someone just came up and told us out of a blue sky that Sig Alph Randall Salisbury bought a new St. Bernard dog... They seemed to think it's important... Pin-hanging last Friday that we missed in the rush was that of ATO Jim Critchfield and Alpha Phi Pat Herminghaus and she's had his pledge pin too, now it can be told... Saw an interesting couple coking in the Union, and it happens often with Kappa Sigma's

Pershing Rifles See Films Today

Colored movies of army maneuvers in Louisiana last summer will be shown by Capt. Koupal, who took part in maneuvers, Tuesday at 5 p. m. at the Pershing Rifles meeting in room 110 Nebraska hall.

All Pershing Rifles are urged to attend this meeting.

Chris Peterson and Delta Gamma's Jane Emery...

People Study Evenings.

The Delt's don't seem to realize that people study evenings... they take mass excursions to town and the domicile of Kappa Eloise Rogers... Tri Delta Janet Johnson isn't worrying about blackouts and is going to California come holly time to visit pin-mate Bob Ruby, Delt, who's in some sort of defense work... The Phi Delt Christmas party promises to be a good thing this year as it always is... Don Quinn's coming from St. Joe just to celebrate with Theta Marian Lynch, and Nels Butterworth will be squiring Theta Marge Christensen... Bob Deviney and Herb Von Goetz, those two Casanovas of the gridiron, are open to suggestion... And so... All's well that prints well...

YOUR DRUG STORE

Coke where the service is snappy and the atmosphere pleasant.

THE CLOTHESLINE

Much Ado

Around and about on the campus as the chillun' make ready for the Yuletide festivities and that fine breather session which takes up this Sattiday to last a full fortnight. There are Xmas parties of all sorts, gifts, and last minute dates before the vacation plus the usual run of usual classes which keeps you and yours as busy as the proverbial truant officer for a reform school.

And there's nothing nicer than curling up in a big easy chair before a blazer in the old fireplace to just sort of let life run along as it will on these snowy cold days. And they are moments to be cherished in these busy days for they are few and so far between.

But every bubble of please is eventually intruded upon and shattered. All of which causes us to ask why the Awgwan couldn't wait until after this pleasant period to barge in upon a school population quite wrapped up in the spirit of the appreciation of the finer things.

For Hours

Of pleasant enjoyment we have two current best sellers from Long's Nebraska Book Store on our gift list. We don't know what they are yet for it's hard to make a choice from that huge counter of new and thrilling novels offered at Long's, selected to cater to and suit the tastes of even the most fickle reader.

Such people as Cornhusker editor Shirley Russell have already made their selections for they know that a lasting and pleasant gift such as the novels offered at Long's will go far towards making anyone's Christmas a happy one.

All wise shoppers have novels from Long's on their gift list.

A Mortar Board

Reversal that was really a reversal was that of Jean Fisher and Delt Dick Childs... Seems she called for him last Sattiday eve only to find the lad took a powder... Serious complications set in and continued to plague the little lady until she found Richard had been unnecessarily detained in Omaha... All's well that ends well and they say this pow-wow did end well... They have hitching plans, you know, for sometime so soon, but that's sailing pretty close to a rocky reef.

Basking

In the glory of new life in the up and coming style world of hats for milady is the exclusive new pill box creation destined to be a sensation in any smart wardrobe. Tak-

ing its cue from the predominant military motif, this eye catcher can be found in all high colors which add that so necessary element of brightness for campus wear. See them tomorrow when you stop at Simon's on your Christmas shopping tour. With the price at \$1.25, your purse will like this creation, too.

You'll Find

The key to a treasure chest of gifts at Ben Simon's and Sons. Those huge counters hold a wealth of gift material for father, mother, brother, sister, and the other half of your pinned combination.

We like to do our shopping at Simon's because their gift wise clerks are happy to have your Christmas present problems become theirs. Long experience and a thorough knowledge of common desires on their part will help you to choose a gift that is worthy manifestation of the spirit of this season.

It's a Merry Christmas from Simon's for they're sending their Christmas wishes to Lincoln via the finest group of gifts that Simon's have ever assembled! Everywhere at Simon's you find the feeling that has sent the light of Christmas shining down through the years. It's a Merry Christmas to you all...

Love at First Sight?

Well, lean back and chuckle, Elmer, cause here's a caustic comment that shut one lad off like a kitchen faucet... Kappa Sig Bobbie Sinkey queried Dee Gee Pat Cole the other eve "Where'd I first meet you?"... Came the reply "On a golf course, don't you remember? It was love at first sight and you called me for a date a month and a half afterwards!"... Big op, eh!

A Verbal Orchid

To the Student Union managers and the school of music for the Yuletide organ recitals and Christmas carols in the main lounge each day at 12:20 and 4:30. It'll be a high spot in your school day to stop in for a few minutes and listen to the music that does much to instill that old spirit in the soul.

A session that should definitely be on your entertainment docket is the annual Union Christmas party Thursday eve. It's your chance to have all the fun and refreshments "on the house" and for entertainment, there's aplenty for everyone. High spots on the program tab the popular adaptation of Dickens' famous story "The Christmas Carol" and community caroling in the lounge at 9 o'clock. Topping this swell party will be the free cokes and eats at the end of the evening.

And for those lunches this week, watch your menus for the many Christmas specials that will be there every day. You'll think Santa Claus has arrived early when you seek out the neat combinations there.

Before we quit, we want to venture a pertinent query. We keep noting a clever little chap in various bland positions sprawled across menus, standing in the corner on signs and all over everything in general that has to do with the Union. Who can he be and from whence did he come? Maybe you have an idea. Check it for yourself.

Sig Nu

Clifton "Blossom" Bloom, the rare-pearl from out Wyoming way, has been permanently shunned by Kappa Kady Wells and has been spending all his spare time checking into the past and present of Alpha Phi Barbara Morehouse... He's going to give her a chance.

The Gift Problem

Which plagues the befuddled shopper each season will be quickly solved at Gardner's Jewelry store where such striking and exclusive silver patterns as the King Richard satisfy the tastes of smart shoppers. And let Gardner's gift wise clerks show you their many other gift suggestions that are as thrilling to give as to receive. A gift from Gardner's is the gift this season!
