AWS Approves Women's Point System Revisions

Board Adds New Floating Point Plan

(See Chart on page 4)

A new women's point system, designed to distribute the honors and duties on this campus and thus promote efficiency in the activity and group consciousness, has been approved by the AWS board and will go into effect Sept. 1, 1942.

In the new system activities will be pointed on a scale of 1, 2, 4, and 5 according to the responsibilities and amount of time required by the specific position. No woman student may carry more than 9 permanent points at one time. Floating points may be added to the permanent points to a total of not more than 10.

The AWS board, together with the Dean of Women, will have final jurisdiction over all points of discussion. Infringements of the system, after one warning, are subject to action by the AWS court.

Convocation Will Feature Oriental Magic

No parlor trickster is magician John Mulholland who appears in Union convocation Sunday at 4 p. m. His scientific studies of the art have earned him the authorship of the section on magic of Compton's New Encyclopedia.

Mulholland has studied the tricks of the peoples of 42 countries during his career. In his appearance Sunday he will specialize in oriental magic, presented while he is disguised in the costumes of the various far east magicians. His performance, entitled "Wonders of the World," will last two hours.

Acclaimed for his work by such critics as Alexander Woolcott and Eleanor Roosevelt, Mulholland has exhibited his library on the subject of magic in the leading collections of the nation. After seeing him perform, Lowell Thomas declared that: "Mulholland's hands are to magic what Toscanini's are to music."

Ten Frosh Vie For Long Cup Tuesday Night

With one year's possession of the Long trophy as first prize, ten freshmen will compete Tuesday night in the annual Long Cup debate contest. The tournament will start at 7 p. m. and will be held in Temple 205.

Debaters will argue the question: "Resolved that after the war the nations should form a federation to establish the eight Roosevelt-Churchill points." Each speaker will deliver an eight minute address upholding either side of the question.

The Long Cup competition this year has a double purpose. Besides deciding the winner of the trophy, the contest will also serve as a tryout for membership in a freshmen debate squad which will function during the second semester.

On Wednesday night, Debate Coach Leroy Lease announced second semester varsity squad tryouts will be held.

To augment the supply of technical trained men for national defense, the college of engineering is offering five defense courses, beginning the next semester. Under the supervision of Prof. W. L. DeBaufre new defense courses are continually being added.

The defense courses offered by the university are not intended for the regular students of the university except for the ultra-high frequency technique course, but

they are for men employed at the present in plants with defense contracts or for men who wish to secure positions in defense plants.

However, according to Professor DeBaufre, students will be admitted into defense courses if they secure permission from Washington, D. C. Students may obtain permission to enter these defense courses, if they intend to quit school and secure a position in some defense plant after their

training." Prof. DeBaufre explained.

The ultra-high frequency technique, only course open to students, is given for the purpose of training men to take charge of instruments which detect approaching airplanes and ships at sea. To understand the operation of this equipment it is necessary for the men taking this course to have thorough grounding in electrical engineering and physics.

Frank M. Johnson Is New President

Frank M. Johnson, Lincoln Journal.

With a faculty committee still investigating proposed changes in the school calendar and a whole campus buzzing with rumors, the Board of Regents, meeting yesterday in Lincoln, approved one recommendation passed by the university Senate, elected officers for the year and prepared for a barrage of sweeping proposals caused by the war effort.

After electing Frank M. Johnson, Lexington, president; Stanley D. Long, Grand Island, vice president; and L. E. Gunderson, UN finance head, secretary, the board passed the

recommendation that special credit allowances be made for students who enter the armed services before completion of their scheduled courses. The recommendation, which originated with the administrative council, was approved Friday afternoon by the Senate, made up of (See REGENTS, page 2.)

Coeds Pick YW Heads This Week

Elections for city and ag YWCA cabinets for the year 1942-43 will be held Friday, Jan. 16 in Ellen Smith hall. Those nominated for the cabinets will be announced in the Daily Nebraskan Wednesday before the election.

Positions to be filled are president, vice president, secretary and treasurer for the city campus cabinet and president and secretary for ag YWCA.

This year for the first time it will be necessary for members to present their blue YWCA membership cards and their identification cards to vote.

Members should check in the city campus YWCA office to make sure they have membership cards. This should be done the first of the week in order to be sure each member has a card.

All members of the YWCA may vote for cabinet members for city campus YWCA, while only members of ag YWCA may vote for president and secretary of the ag cabinet.

Other members of both cabinets will be chosen after elections.

Second Term Registration Begins Monday

Registration for second semester starts tomorrow and will run to Saturday noon, Jan. 17. All students registering for the second semester are asked to see their advisers between these dates to arrange their schedule, according to the registrar's office.

All students on the city campus in the junior division should call for their typed registration blanks at the office of Dean N. A. Bengtson in University Hall, room 1. Junior division students on the ag campus are requested to call for their blanks at their adviser's office and then take the blanks to Dr. Wiggins located in Dean Burr's office for final validation.

Before seeing their advisers all students should secure their credit book by presenting their identification card with their picture at (See REGISTRATION, page 2.)
