

# Harold Hunt, Bobby Ginn Enter Meet

## Two Husker Cindermen Will Meet Elite of Milers And Vaulters at Chicago

By Bob Miller.

Leaving today for the Chicago Daily News invitational track meet, Coach Ed Weir and two of his prize proteges will be on hand tomorrow to shoot the works in their respective events.

Harold Hunt in the pole vault and Bobby Ginn in the mile are the two Huskers who will carry the Scarlet colors back in the windy city as the stars of the country congregate to insure a sterling track meet.

### He Holds a Record.

Hunt who at the Butler Relays set a new world's record of 14 feet 1 1/4 inches off a dirt runway in his pet event, the pole vault, will meet up with the champion of all time.

That's right! He will be vaulting with Cornelius Warmerdam. Warmerdam has surpassed by seven inches any other vaulter in the history of the event. He has a mark of 15-7/8 to his credit and does not do his vaulting until the bar rests at around 14 feet.

### Hunt Rates High.

Hunt, due to his showing this season, ranks as second best in the country. In all probability he will surpass his best mark of 14-2 outdoors when he enters the field at Chicago.

He has the benefit of competition which includes Warmerdam, Defield of Minnesota and others. Then, the runway will be lengthened for Warmerdam and the showing at Butler convinced spectators that Hunt can use the longer runway to good advantage.

If this combination of things doesn't bring out the best in Hunt, we miss our guess.

### Ginn Meets Trio.

Ginn's competition will be just as well-rounded as that in which Hunt will compete. Bobby with a 4:10 mile under his belt will not be favored as he takes the track against such old stars as Walter Mehl of Wisconsin, Campbell Kane of Indiana and John Borican of New York.

One thing upon which Husker cinder fans can rest assured is the fact that Gill will go "all-out" in his mile test since he is running in but one race and will not have to hold off in anticipation of a half-mile test to follow as is the usual case.

### Has a Good Chance.

When he turned in his 4:10 performance last spring he served notice that he would be contributing to bigger and faster miles during the rest of his college career. Saturday should call forth another.

The Banker's mile is an annual event and is always close. If we can make predictions, we will say that Ginn will finish very close to the front line with his famous stretch sprint very much in evidence.

Red Littler passed up a chance to compete in the meet 600 yard run, wishing to concentrate on shorter distances for the rest of the year.

### Army vs. Navy

Army's number one group, engaged the Navy seconds and the Army seconds tested the Navy firsts. There was plenty of interest fostered as the Red Army teams and the Blue Navy teams got into action.

The real action came a little later when the two number one teams were turned over to Elwyn Dees for a little wind-sprint work and Press gave the two second teams the green light.

# 'Frosty' Cox, Phog Allen's Old Pupil, May Surprise Kansas With His Colorado U Cagers

LAWRENCE, Kas., March 19—The University of Kansas Jayhawkers may not emerge as national champions of the NCAA nor even be victorious over their three Western Division foes on Friday and Saturday at Kansas City, but the odds are exceedingly strong that a Kansas graduate will be a leading figure when both of these titles are decided.

Feature game of the Friday night series of the Western Division playoffs will pit Kansas against Colorado.

This will be the seventh meeting of these two schools on the basketball court but the first tilt in NCAA competition.

In 1931 the two schools met for the first time and Forrest B. "Frosty" Cox, present cage mentor at Colorado, was one of the leading stars on the Jayhawk team.

### Cox Instrumental.

Cox was instrumental in the three-game sweep of the series and continued playing brilliant ball that season to gain all-Big Six

honors for the third consecutive year.

The next year Cox became

## Sooner Cager Hearing Bells Second Time

NORMAN, Okla. March 18—With ten stitches in his head, sustained when he collided with a team mate in the recent Oklahoma Aggie defeat at Stillwater, A. D. "Ug" Roberts, the Oklahoma basketball team's junior forward and floor captain, was scheduled Saturday to march down the aisle with Hildreth Griffith, his high school sweetheart, in a marriage ceremony at Shawnee, Okla.

Don "Bones" Jones, another Sooner player, will also hear wedding bells April 3.

freshman basketball coach at the University. He continued in this capacity until 1935 when he went west to assume the reins as head man of the Buff court squad, succeeding Henry Iba of Oklahoma A. & M. in this respect.

### Has a Past.

In his last five years of coaching at Colorado, Cox has won three undisputed titles in the Big Seven conference and tied with Utah in 1938. The Buffs record this year is 15 victories and two defeats (one to Wyoming and the other to the Denver Legion).

Colorado and Kansas met three times again in 1932 but this time the Buffaloes won one of the games. At that time Cox was coaching the freshmen and also assisting his college tutor, Dr. Forrest C. "Phog" Allen, in guiding the varsity. The role will be

changed for Cox Friday night, however, as he attempts to halt the Kansas victory march and give his old teacher a thorough drubbing.

Cox was born and raised in Newton where he made history as a high school cage player, being named to the All-American prep team as a senior in 1927.

### Blue's Moment

Fred Metheny's pass to Hank Reichel would have been good for a touch had there not been a whistle. For the Blues, Howard Debus and Roy Long were blasting the line with good results while Bobby Cooper was directing the play from his quarterback spot.

Bill Bryant, senior guard from Ashland, was on the sidelines with both hands well wrapped with gauze.

Nebraska Coeds ask for

# "CASUALS"

WELL-BRED casuals . . . casuals with a cut that even the boys envy . . . casuals that can "take" the wear you give them — yet keep their good look of quality . . . casuals this SPRING to wear and wear. The kind from Miller's you love for life.

At Miller's, you'll find

- New Suits
- New Coats
- Slacks
- Sweaters
- Skirts
- Shirts

Shop for your new spring wardrobe in Miller's

FASHION FLOOR.....Second.
