

Senior Council Considers Constitutional Amendment At Final Meeting of Year

There were not enough members of the Senior Council present at their last meeting of the year last night for a quorum, so the meeting was never called to order, but the plan of reorganization was explained by Jack Stewart, president, and suggestions made for next year.

The reorganization plan would involve an amendment to the constitution providing for the centralization of power in the hands of the executive committee, with the provision that three-fourths of a quorum of members of the Senior Council meeting together could over-ride any action of the executive group.

Such an amendment will be taken by the members of the present executive committee to members of the Senior Council for their approval or disapproval. Those present last night felt that such an amendment would be passed.

The amendment would take care of several of the weaknesses, two of which are that the group is too large, and it does not have anything to do which is not encroaching on the activities now taken over by another organization.

Efficiency to be Greater.

By investing the power in a smaller group which could delegate committees, more work could be accomplished and would be done quicker. There are several

fields of activity which might be undertaken in the future and they could be investigated by a small group.

Such activities would include a senior week, a Senior Prom instead of a Junior-Senior Prom, senior gift to the university, complete control of commencement announcements, caps and gowns and various war activities such as sending the school paper or letters to soldiers in the army who attended the university.

According to the new plan the Senior Council would meet once, in the fall. At this meeting an executive committee would be elected as it was this winter, composed of five members plus the senior class president. Then the executive committee would take over all authority.

A suggestion was made that members of the Council should not be presidents of organizations, but representatives, and another, that an alternate should be appointed in case the president could not attend.

The annual senior-alumni reception and dance to be held May 23, the Saturday before commencement, should be attended by members of the Council and they should urge all seniors to attend this reception given by the Chancellor, it was announced. The reception will be at 8:30 and the dance at 9:30 in the Union. All seniors are urged to attend.

Uni Engineers Make Annual Study of River

SAME Will Inspect Revetments, Dykes Along 70 Mile Stretch

Twenty-five members of the Society of American Military Engineers will make a 70 mile water trip tomorrow to inspect revetments and dykes being built on the Missouri river to make it navigable. This is a yearly event.

Leaving at 6:45 a. m., the group will arrive at the Florence boatyard at 9:30 a. m. From there they will travel down the river on the inspection boat Sergeant Pryor to reach Nebraska City about 3:30 p. m. As guests of the Omaha District of the United States Engineer department, they will be served lunch on the boat.

Sponsor for the SAME, who will accompany the engineers on their trip, is Lt. Colonel A. T. Lobdell. Captain E. C. Richardson will also make the trip and Major E. W. Niles will probably act as guide.

Navy . . .

(Continued from Page 1.)

Charles Thuis. All students now registered in the basic and advanced courses will have to be discharged, according to the military department. It was further advised that any students interested in the V-5 course should try to first interview the PMS&T of the university.

Candidates for flight training in the Naval Reserve are selected from applicants who have completed two or more years of college, are over 20 but less than 27 years of age, unmarried, and in excellent physical condition.

Individuals who have failed the Army flight training course are not eligible for flight training in the Naval Reserve. Students who have completed the Civilian Pilot training courses, and who meet all requirements are eligible. Graduates of CPT secondary courses are admitted to naval flight training at an advanced stage.

Physical Exam Required.

All applicants must take the physical examination. The physical standard for flight training is somewhat higher than that for enlistment in the regular navy and the examination itself is somewhat different, particular attention being given those factors and functions of greatest importance in flying. Such an examination will be given to students in Nebraska hall Tuesday, April 28, by Lieutenant Halliburton.

College students, after enlistment in class V-5, may be de-

Brains Meet For Mighty Quiz Contest

When Farm House and Palladian society meet in mighty brainy competition at 8 p. m. Sunday, April 26, the great green walls of the Union ballroom will groan with the heavy weight of Union social director Pat Lahr's specially concocted questions.

Six rounds of questions will be fired at the two teams seated on the ballroom stage by Buddy Goldstein, co-chairman of the Union competitive games committee, and Marjorie May will act as time keeper. Judges will be Miss Maxine Cloidt, Tom Davis, and Pat Lahr.

Out of the 114 students who entered the Brainstormers Quiz in teams of three, six are left in the running. Palladians include mental giants, Harold Alexis, Warren Guinan, and Dave Marvin, while Farm House is represented by brains Bill Burr, Dan Atkinson and Jim Sallach.

College Students Take Work More Seriously Now

AMES, Ia. (ACP). College students are taking their work more seriously if use of the Iowa State college library is any criterion.

Dr. Charles H. Brown, college librarian and president of the American Library association, reports that while winter term enrollment at Iowa State was down 8 percent, use of the library was 25 percent heavier than ever before.

ferred from call to active duty until completion of their current college year, if they so request. Thereafter they will be assigned to active training duty in the earliest class in which they can be accommodated.

If after enlistment in class V-5 they fail to meet the prescribed educational requirements they will be transferred to another class of the Naval Reserve for which qualified, in the discretion of the navy department, and ordered to active duty in general service or wherever their services may be required. They will not be released from active duty or discharged from the Naval Reserve at their own requests.

Further and more specific instructions will be given to the applicants on April 28, when an office will be set up in Nebraska hall for the purpose of interviewing such candidates.

Examination Schedule

Laboratory classes meeting for several continuous hours on one or two days shall meet for examinations as follows:

Classes meeting on Monday and Tuesday shall be examined on the date scheduled for the first hour of their laboratory meeting; Wednesday or Thursday classes on the second hour of their meeting; Friday or Saturday classes on the third hour.

Unit examinations have been scheduled for all sections in the following subjects: (1) Business Organization 3 and 4; (2) Civil Engineering 1; (3) Economics 3, 11, 12; (4) Education 63; (5) English 1, 2, 3, 4, 12, 28; (6) French 11, 12, 13, 14; (7) Home Economics 41, 42, 140; (8) Latin 6; (9) Mathematics 11, 12, 13, 21, 22, 40, 101, 102, 103, 104; (10) Mechanical Engineering 1, 5, 6; (11) Music 72 and 74; (12) Psychology 70 and 90; (13) Spanish 52 and 54. If students have regularly scheduled examinations conflicting with the above specially arranged schedule, arrangements to take such specially scheduled examinations at another time should be made with the department concerned on or before May 11. For example: If a student is scheduled for an examination which conflicts with specially scheduled examination in French, arrangements should be made with the French department to take such French examination at another time.
