

# Students Register For Next Semester

Beginning yesterday-morning, annual early registration for next semester will last thru Thursday for upperclassmen, it was announced by the registrar. Junior division students should pick up their work sheets at the junior division office before Thursday and take them to the assignment committee in the Temple.

Even if not sure of returning in the fall, all resident students are expected to register during this time or a late fee will be charged. Since no fees are to be paid before the fall registration period, no hardships will be experienced by any whose plans must be changed.

To register students should go to their advisor, where they will work out a schedule of class work and outside employment in detail. This will then be presented to the dean

of his college for approval and further instructions.

Summer school registration will be held June 8 from 8 a. m. to 12 noon and from 2 to 5 p. m. and on June 9 from 8 a. m. to 12 noon. There will be no early registration this year as there was last.

Instead of mailing out statements of fees during the summer as has been done heretofore, students will call for their registration slips at the coliseum during the regular registration days, Sept. 21 to 23, fill out cards and pay fees. Changes in registration may be made then after consultation with advisors.

First day of registration has been unusually slow, according to Dr. A. R. Congdon, head of university registration, and may necessitate long lines when students begin to register, he warned yesterday.

# Students over 18 Must Register For Ration Book

All UN students, except those under 18 years of age and those living with their parents, will receive sugar ration book one when they register today, tomorrow and Thursday at Bancroft school.

This means that all out-of-town students over 18 years of age will feel the effect of the order. Bancroft school is the registration place for all students living on the campus, and it is open from 2 to 8 p. m. each day. Registration started yesterday.

### Send Books Here.

Parents of students under 18 will register for them and send their books to the Lincoln rationing board which will contact the students.

It was emphasized that students over 18 living away from home, had to register for themselves, that their parents could not do it for them.

Fraternity, sorority and boarding houses registered last week, and the directors of the organized houses will collect the books of their members, with stamps automatically cancelling at the end of the first ration period. De-

# Advanced Drill Candidates Must Enlist in Army Corps

All candidates for enrolment in the advanced course of the Reserve Officer's Training Corps will be required to enlist in the Army Enlisted Reserve Corps for the duration of the war, according to an announcement of the War Department this week.

Students who have not reached their 18th birthday may be enrolled in the ROTC advanced course without enlisting in the Enlisted Reserve Corps, but they must sign an agreement to enlist upon reaching that age. Those who are already members of the advanced course ROTC will be encouraged to enlist in the Enlisted Reserve Corps.

complete the college course in 1942 and who have met all requirements, including a summer camp, will be commissioned immediately upon graduation.

Those who will not have completed a summer camp but who will have met all other requirements must satisfactorily complete the basic course at the appropriate special service school before they can be commissioned. Graduates of subsequent classes must also complete the basic course at the special school in order to be commissioned.

These new orders of the War Department will be put into effect with the new drill class of advanced cadets, next fall it is believed by the military department.
