The truth will out, even when one of the cagiest operators in the history of UN is doing the work. For the saga of Shirley Heldt, Alpha Phi, and her two SAE's has run its course and the story must be told.

Tuesday night Shirley brought out into the open Dick Reinhardt's Sig Alph pin despite her vehement denial that she had it Sunday night on her date with Millard Cluck. 'Twas all to no avail, however, since Cluck knew about it all the time; for the whole pin-hanging was a conspiracy between the two brothers in order to confirm their suspicions as to the duplication between the lines Shirley had been handing both of them one night after another.

They feel their purpose has been fulfilled now and last night Dick took back his pin and Millard a few knickknacks, the results of two years devotion. They compared notes, put Shirley to the acid test, tripped her up, and now are saying "we learned about women from one.".....

**She Did the Honors.**

If you care about any minor items after that, here are a few... A candy passing we missed on Monday night took place at the Alpha Xi Delt house where Harriet Wood did the honors and the Sigma Nus helped out in the absence of Tom Moore, now in the air corps...

Deltasig party this Friday will be at Broadview and Sid Otto will be seen with Tri-Delt Delores Schwenker. Others planning on a big night are Alpha Xi Delt's Leona French and Jean Wochner with Marv Goos and Bob Bjodstrup respectively. In addition the pinmates of Tru Clare, Tom McCandless and Aub Stevenson will all be there...Edna Siggins, AOPI, passed the candy last Sunday at their senior breakfast and Allan Canfield is the lucky guy...

Palladian annual picnic will last all day this coming Saturday and Dave Marvin with Joan Thomas and Ruth Anderson with Charles Coale are really looking forward

**Presbyterian Students Write 'Quickest Way to His Heart'**

If you have been racking your brain for a brilliant idea for a gift for mother or Mother's Day or can't think of a thing to send for the bridal shower you can stop

now, for the Presbyterian students have compiled and edited a book of recipes which are really in a class by themselves.

The book called "Quickest Way to His Heart" is a collection of more than two hundred different and unusual ways to prepare food. Martha Ann Pickering was in charge of the committee which gathered the recipes, which by the way have all been given the taste test and approved. Richard Hollabaugh designed and made the stencils for the cover and Bob Henry served as make-up editor.

The supply of books are limited and according to Robert M. Henry, student pastor, they have been selling quite rapidly. Copies of the book may be obtained at the Presbyterian student center.

A part of the proceeds from the book will go to the W. S. S. F. drive.

**Kosmet Klub Meets Tonight**

Members of Kosmet Klub will meet tonight at 10 p. m. in the Klub room in the Union for an important meeting. All members are requested to be present.

to it...We are feeling sorry for Marv Athey, DU, these days since pin-mate Julie Frazee, DG, went to the hospital with the measles...

**Where Are the Cigars?**

Congratulations to Flocella, mother of a brand new colt. Flocella, in case you are wondering, is a mare belonging to Theta Pat Chamberlin, and the colt is to be honored with the name of "Pat" attributed not only to her owner but also to the Irish cop on ag campus...

Buck Myers, Phi Gam, really has his brothers guessing since he ordered a sweetheart pin. Bets are on Gerry Buller, Alpha Chi, but it all may be just wishful thinking... Marcia Beckman, AOPI, is sporting a DU pin these days which she claims to have had since January...See ya, tomorrow...

parents' attention to the fact that they, the parents, are supposed to register students who are under the age limit.

If a student cannot notify his parents within the remaining time, it would be best for him to apply for his own ration book. In case a student is registered both at home and here at school, one of the ration books can be returned to the rationing board in the city or town where he resides.

Students under 18 years of age who are part of no family unit or are self-supporting should register for themselves, as should married students who are under the age limit.
