

# Bobby Ginn's Run Takes Spotlight in AAU Event

## Meet in New York This Week

The mile run once again is taking the spotlight at track meets—and Nebraska's Bobby Ginn is basking right in the center of it in this weekend's A. A. U. meet at New York City.

Ginn, fresh from his triumph in the National Collegiate at Lincoln last week, is headlining the event just as Glenn Cunningham did before the hardy Kansan retired from competition.

The Nebraska mite nosed out Leroy Weed of Southern California at Memorial stadium last Saturday evening, and New York's touted Leslie MacMitchell came in a poor third. Ginn's time was 4:11.1.

### Meets Saturday.

The trio will meet again Saturday in the 1,500 meter event in New York's Triboro stadium.

Also in the race will be Dick Peter of California—the runner defeated by Ginn last spring in the California-Nebraska duel. Ginn was clocked in 4:10.1 to hang up the best time of his career.

Ginn will meet a fellow Nebraskan in the 1,500 meter run when he faces Gilbert Dodds, former Falls City high school standout. Dodds picked up the "Running Preacher" monicker when he studied to enter the ministry at Ashland, O. Dodds will be running for the Boston Athletic club.

Don Burnham, flashy Dartmouth sophomore who has beaten MacMitchell, also will be entered. The A. A. U. event is open to

all comers—from colleges, high schools and graduates. That explains the entry of Frank Dixon, New York City Negro high school youth who has run the mile in less than 4:20.

### Entries Include.

Other entries in the feature 1,500 race will include Ed Culp of Xavier, Paul Kendall and Jim Rafferty of Indiana, and Phil Leibowitz, former Idaho runner. While the 1,500 meter contest

will hold most interest here, the 800 meter race will renew another rivalry. Bill Lyda of Oklahoma beat Campbell Kane of Indiana in the 880 yard run at Lincoln last weekend, and both are entered at the A. A. U. meet.

Ginn's teammate—Pole Vaulter Harold Hunt—will carry the Husker banner in the field events. Hunt was defeated by Minnesota's Jack DeField in the NCAA meet, but the two have been rivals throughout their college days and the Nebraskan may gain revenge.

## Union Musical Recitals Star Various Groups

Mr. Donald Glatty, tenor, and Mr. Earnest Harrison, pianist, will present a recital in the Union ballroom tonight at 7 p. m. Other concerts are scheduled for 3 p. m. Sunday; 7 p. m., Tuesday, Wednesday and Friday of next week.

A group of small ensembles from the high school music course will be featured on the Sunday afternoon program. Included are a string quartet, a string trio, brass sextet and quartet, a clarinet quartet, a boys and girls ensemble and a mixed ensemble. Miss De Lange, Mr. Olsen, Mr. Leger and Mr. Foltz will act as directors of these groups.

Individual solo student recitals will be presented Tuesday and Wednesday evenings with the high school music course chorus scheduled for a final concert next Friday evening.

## Ping Pong, Tennis Bridge Contests To Open at Union

Table tennis, tennis and bridge enthusiasts may register this week at the Union for summer tournaments. The deadline is scheduled for tonight, and registration may be made at the Union check-stand.

Table tennis tournament is open in mens' and womens' singles and doubles with the same classes available in tennis. Contract bridge tournaments will be held each Saturday evening at 8 p. m. in Union Parlors if there is enough interest. Table tennis and tennis tournaments will open next week.

There is no registration fee, and prizes in defense stamps amounting to \$1.50 will be awarded the winner of each bracket. If there are not enough entries in certain classes to make a tournament, they will be closed.

A survey at Stephens college, Columbia, Mo., showed 47 percent of the 1,750 girls wanted courses in motor mechanics.

## Air Lines Give Four Aviation Awards to UN

Four aviation fellowships for school administrators and teachers attending summer school have been granted by United Air Lines in co-operation with Nebraska's move to further develop aviation education as part of a nation-wide program of "air conditioning" American youth.

The fellowships go to Clyde E. Seymour, superintendent of schools at Hooper; Roy C. Busch, head of the science department at Omaha Benson high school; Mary Hoagland, junior high school science teacher at Hastings; and to Lucille Wiggins, elementary teacher at Fairbury.

All are now enrolled in the summer school workshop and are working on significant instructional materials in the field of aviation. These materials are being prepared for both pupils and teachers and will be available to schools by Sept. 1.

The fellowships, first to be given by United Air Lines in any state, are known as the W. A. Patterson aviation fellowships after the president of the airlines.

## Elsworth DuTeau Writes New Book

Elsworth F. DuTeau, secretary of the University of Nebraska Alumni association, is the author of a new book on "How to Succeed Thru Speech," published by the Christopher Publishing company of Boston. This follows his previously published volume, "Manual of Public Speaking."

## ATTENTION TEACHERS!

During the past 24 years we have placed thousands of teachers. Perhaps we can place you. Come in and see us.

## Fashion Fads

By Janet Haggart and Bill Flory.

How to keep cool and still pull down nine hours in summer school seems to be the problem of Jane and Joe College down here at NU. Clothes that are but definitely on the comfortable side are the main interest. Bette Dobbs and Pres Hays keep the heat waves away in the Corn Crib these days. Bette looks especially cool in a white linen tailored blouse with yellow gabardine skirt and one of those smart new victory hair cuts.

Carlene Hohensee, Alpha Chi, stopped for a short time in Lincoln on her way to Annapolis June Week where she will see Dean Horn—little brother of Tom Horn, former Sigma Chi. Carlene will be dancing under that Maryland moon in a light green organdy formal splashed with print orchids and dainty rainbow metallic sandals.

"Babe" Monnich, Pi Phi, just returned from Omaha where she was doing the town with a former NU fellow now in the Navy, name unobtainable. Anyway "Babe" was sporting a new brown and white striped suit with brown and white accessories.

Phi Delt Jack Donley is swimming these hot afternoons in new blue Catalina lastex trunks while waiting patiently for his orders to go into the Naval Air Corps.

Out Kappa Sig way, we find some of the boys still around the place when they are not riding in that Sinkey super '37 La Salle. Everyone thinks it is swell, including pin-mate Pat Cole.

Still with those Kappa Sig boys—along with that new blue green striped suit of Bob Koefoots, we hear that Bob is looking for a girl, for the summer. Pin Mate Vera Green is working in the home

town so Bob wants some one to listen to his troubles.

Bud Johnson of the Fiji hut finds the heat not so bad while wearing that new Sandwich stripe Sport coat and plain contrasting brown pants.

Another of the new victory hair-cuts can be found by watching for Alpha Chi O Betsy Wright. She has it short and brushed up and everything until it looks pretty OK.

Helen Kiesselbach, Gamma Phi, dons victory colors when she wears that ultra new and ultra beautiful red and white striped taffeta. By the way, boys, she made it herself. Maybe for a stretch in the Army she would be the one to have doing the knitting at home.

Very dark brunette Pat Green, and very light blond Al Zikmund are about the campus this summer, too. Al is comfortable in green slacks, sandals, and brown gabardine sport shirt.

Frankie Haberman and Ray Trinan who have chained the pins of Alpha Chi and Phi Gam are waiting for Ray's call to the Coast Guard. Frankie was seen in the grill with a new Brown and White Polka Dot dress wonderfully adorned by a lapel pin that is a little man with arms and legs of blue yarn.

Bill Latta, of the Beta House, is spending much of his spare time these summer nights around a certain Gamma Phi. He keeps that smart appearance, despite his crew hair cut, in a brown summer tux. M-m-m-m, seems that summer formals are on the schedule instead of book-learning for Bill.
