

Summer Sleuthing

By Janet Haggart

The Westover girls of the Alpha Phi house are going steady, Janet with Delta Sig Johnny Kuhlman who is spending his time down here at summer school too. Little sister, Ruth, is steadying it with Stan Wentz, brother of Phi Gam Larry, with the smooth convertible. It seems that Ruth and Stan, picknicking the other day down at South Bend with Phi Gam "Squash" Campbell, and Aimee Brown, found themselves in the midst of the flood on their way home. Twice the car stalled and they were forced to wade across flooded fields to get help. The second time they just gave up and left the car to come back with Larry who drove out to get them. After a very wet time they eventually reached dry land.

We Think

These nice balmy days are wonderful for picnics and so UN summer school students are traveling to South Bend after classes and weeks ends. The place to drop in when on your way to a picnic is the South Bend cafe where you can buy your favorite cold drink and listen to the latest recordings on the juke box. Buck, manager of Buck's Coffee Shop across the street from the administration building, is also head of the South Bend Cafe. By the way, don't forget that it only takes a few minutes to dash over for a coke at Buck's Coffee Shop between classes since it is right off the campus. The lunches there are splendid and the prices are reasonable.

Jane Dalthorpe, Alpha Chi, who is interested in social work, has been working this summer as an attendant out at the State Hospital for the Insane. Each Wednesday on her day off she relates her interesting experiences to Alpha Chi sisters living at the dorm.

A keen little romance that has finally reached the pin hanging stage is that of Georgia Covey, Alpha Phi and ATO Ed Calhoun. Altho anticipated and predicted by sisters and brothers many months ago, the real thing happened only last week.

Pi Phi

Maurine Mertz spent last Saturday evening dancing at Kings with Paul Suenning, formerly of this campus, who is now an ensign in the Naval Air Corps, located at Jacksonville, Fla.

Bill Staton has been seen about lots lately with Jeanne Swanson whose true love is in the navy, location unknown. Still on the DU's Milt Meyer, former casanova of that hut, is home on a furlough until Sunday. He is located at Ellington Field, Texas. When he returns, the end of this week, he will be sent to an advanced navigation school.

Marge Martin

Alpha Phi just returned from vacationing in Minnesota, where

she stopped to see Sig Alph, Dick Corey.

Over Raymond Hall way the girls hold open house hour dances each Saturday night. A group of soldiers from the air school is invited each time and all the fellows on the campus are welcome to attend. So drop over Saturday night, you studybugs.

The Beta house is kept from being a dull place this summer by pillow and water gun fights which take place nightly. When the battle gets hot the feathers really fly and pans of water fall from doors on unsuspecting people.

Kappa

Kay Tunnison is nursing a gash in her leg these days and Bill Marsh has sent part of his suit to the tailor to be mended as a result of a broken fence the other night. Still at the Kappa House Jane Baumgardner is spending her time with Jack Brown, former flight instructor from Lincoln, who is with Pan American Air Lines now. He came from Vermont recently to see Jane. It seems this all started when she took flying lessons at the field near here a few years ago.

Another wedding that took place recently was that of Phi Mu Ruth Hult, graduate of this spring to Jerry Pither, who formerly attended N. U. The wedding took place in Omaha, June 13, and they are making their home here in Lincoln at present.

The High School

Fellows attending the All State Music Course appeared on the campus and in classes in pajama tops last week, as part of initiation into one of their organizations. Something like dear old Hell Week. Mr. Foltz, house supervisor over at the Fiji House, was resplendent in deep wine with circular designs and Russell Leger, assistant supervisor looked enchanting in bright red with colored horses.

They also held a party Wednesday night at the Phi Gam house for the girls attending the course. One of the couples seen together that night was Susan Cambers and Laverne Croc who have been seen about the campus lately. Bob Bergt can't seem to make up his mind now between Bonnie Compton and Helen Nelson. He takes one coking one day and the other the next day.

Attending the Union Dance last week end were Bonnie Wageman and Art Salisbury, and Norma Clements and Norman Leger, who have been together a lute lately.

Wondering

is everyone since the new leaked out that Pris Mosely, Alpha Phi, and Sigma Chi, Paul Toren have

Phi Delta Kappa Has Open Dinner Meeting Tuesday

Col. Early E. W. Duncan of the Lincoln air base and Dean F. E. Henzlik of Teachers college will be guest speakers at a dinner meeting Phi Delta Kappa, honorary education fraternity, is holding on Tuesday.

All students on the campus this summer are invited to attend the meeting, for which tickets will be on sale in teachers' college Monday and Tuesday. Price of the dinner is 40 cents, and it will be held at 6 p. m. in the Union.

been secretly going steady for a year and a half. Of course, they both date out all the time, but whole thing started by the flip of a coin. Speaking of Sigma Chi, what is the matter with Ronny Metz lately? Ronny has been spending so much time studying and on the Student Foundation that he hasn't had time to date this summer, or could it be the whirlwind correspondence between himself and Pi Phi, Betty Heinie, and Alpha Phi, Polly Petty?

Towne Club is throwing a theater party at the Lincoln Tuesday eve at 7. Members may bring guests.

That romantic couple, Theta, Dorothy Chase, and Carl Harnsbarger, Phi Psi, and now a lieutenant in the communications division, who are permanently tying the knot July 25 at Scott Field, Illinois, are lucky indeed to have such lovely serling as the King Richard pattern, displayed exclusively at Gardner's, 1220 "O." The silver, charming with its scrolled curves, and richly suggestive of the English Renaissance, is an exquisite addition to a romance such as we have here. Other patterns such as the King Christian are typical of the inexpensive, but lovely silver carried at Gardner's. Betty Jean Maxwell is going to be married at the Chi Omega house Sunday at 8 p. m. to her med student from Chicago.

Union Schedule..

Highlighted by the variety show Sunday and recitals of the high school music students, schedule of the week's activities at the Union follows:
