

Pink Rag Puppy

The Canine Cavorts

as the campus offers a very full weekend of activity. There's the big game with Missouri tomorrow, the last performance of University Players' "Out of the Frying Pan" tonight, the Erskine Hawkins dance Saturday night and parties given by the Chi Omega's, Delta Gamma's, Farm House, Sigma Chi's and Phi Gam's. Flash! I have just learned from a very reliable source that Elmer Sprague, bar leader, is taking a course in social dancing. Make way in the social swim. Here comes Elmer.

After the Game

or after the play tonight I'll see you at Clyde Long's Hamburger Inn. Just south of the Temple the Hamburger Inn is a swell spot for a sandwich or soft drinks. Clyde offers speedy service and caters to college students. Drop in today, and you'll come back again.

"Better Close Your Window

and pull the shade," said one dorm girl to another. The second girl asked "Why?" The first replied, "Two below outside." The Delta Gamma house party will have the Kappa Sigs there in force. Jean Swarr will be with Bob Koefoot, Emmy Lou Schultz with Lew Lehr and Carol Ann Robinson with Bud Nelson among other DG-KS combinations. Sig Alph Bob Wilkinson will take in the DG rocket race with Janet Krause.

Hello Marilyn

Pardon me, I was just saying "Hello" to Marilyn Edwards, Kappa Kappa Gamma. That's her in the picture above standing by the fireplace in the University Club wearing a new winter white gabardine dress from Ben Simon & Sons' dress department. Simon's are featuring new patriotic fabric substitutes which combine all the nice features of wool while conserving that material for the armed services. In addition to winter white Simon's offer numbers such as Marilyn is modeling in aqua, coral, sage green and pecan with four pockets closed by those intriguing amber and gold gadgets decorating them. The tailored lines and new colors of these dresses will give you a new date loveliness. These numbers may also be worn for sport or spectator occasions.

Also presented are other Simon's test tube babies, materials which have been developed for more smartness and to conserve vital materials. One of the loveliest materials is aralac, a fabric developed from milk. The wearing of these clothes is patriotic and 100 percent American as well as being smart. Drop into Simon's dress department today.

Tom Drummond

the most famous dating boy of the D U house is tied up in an interesting troubles with three Alpha Phis. He has been dating Mary Sinclair, he would like to date Mary Martin, and he has a date with Maurine Reese for this Saturday evening.

If...

Marge Christenson, Theta, and Bob Romburg, Sigma Nu, are both pinned and not to each other why does Marge call Bob up so often? A big party Saturday night will be Marv Thompson, Phi Gam, with AOPi Kay Hanley; Phi Delt Bob Gillespie with Theta Becky Waite, and Fred Metheny, DU, with Theta Mary Ellen Farrar making the rounds of the house parties and visiting the Turnpike. You've heard of these marvelous new sulphur drugs that cure many, many things. The latest development is one for birth control. They call it sulphur-denial.

Let's Go Dancing

at the pre-Missouri game dance in the ballroom of the Student Union Friday night. Music you like will be by Henry Mattison and his orchestra. By the way, "Hank" is featuring a new girl vocalist, Ethel Powell, who is a grand little number and dishes out some mighty nice vocals. It's handy for a date, right in the center of the campus and the price is low, 25 cents per person. Remember, Friday night, Nov. 6, from 9 to 12 in the Union.

"Oh, Doctor,"

cried the young coed, "will the scar show?" The doctor replied that that was entirely up to the young lady. I ski by the paper that Neal and Lloyd Yorker, Beta Theta Pi pledges, left school this week for Camp Carsons, Colorado, to begin six weeks training for the ski troops mountain regiment. Both the boys are skilled skiers. Phi Gam Morrie Dingwell pulls a fast one as he dates two Thetas this weekend, Janice Hoover and Jeanne Dresden. "Beep" True, Tri Delt, thought that her date, Phi Gam Johnny Binning, was getting some urgent, emergency phone calls at the Pike last Friday night. We learned that it was Alpha Chi Betty Mahan calling up every half-hour to say, "Hello, beautiful. Do you still love me?" It seems that that is always his opening remark to Betty.

Chi O

dates for their trade-post party include Betty Schultz with Hank Green, Phi Delt; Betty Ruth Dunlap with Ray Miller, Sig Ep, and Edna Mae Neidermeyer with Don Anawalt, Sigma Nu. Phi Gams Jim Chatt and Carl Lurch will take in both Chi O and Phi Gam parties with Charleen Cameron and Jean Potale.

Chapeaux for Your Beaux

Charming new date hats, among them the model pictured, that will make your best boyfriend sit up and take notice are now on sale at Ben Simon & Sons' hat department. Pompadour numbers in black, brown and new shades of blues, purples and fuchsia are featured. June Stover, Alpha Chi Omega, wears one of these new hats, setting off her blond beauty on her week-end dates. This lovely chapeau is featured at Simon's for three dollars.

Errol Flynn

I don't have anything to say about Errol but I sure caught your attention in a hurry by printing his name in the headline, didn't I? Hank Greene, of the Phi Delta Theta domicile, is doing his women wrong, too. Now don't get me wrong. I mean that he is dating Chi Omega Betty Schulz, Alpha Chi Omega Dorothy Filley and Gamma Phi Beta Helen Kiesselbach and each day he visits the Temple building where all three of the girls have class at the same time in order that he can play them against each other. The girls are complaining Hank.

Rings on Her Fingers

and amazing, isn't it, how many coeds are appearing with a diamond sparkling on that third finger, left hand. If you are getting those serious thoughts visit Gardner's Jewelry store, 1220 O Street, for the finest selection of Diamond rings. Gardner's have been in business since 1888 and have offered jewelry of the finest taste and quality all these years. They are now offering perfect blue white diamonds in the finest settings.

Big Deal Dates

Delta Gamma gals are tossing a big Rocket party at the DG stable tonight and they intend to zoom straight to Mars with their dates. Dining and dancing there will be DG's and their "invitees" Helen Johnson with ATO Jim Nicola, Jo Seifert with ATO Bob Burton, Gwen Skoglund with Sigma Nu George Albin, and Kay Detweiler with Fiji Norrie Anderson.

For Those Who Want the Best

in hair styling may we suggest that you patronize Ben Your Hairdresser. Ben and his staff give courteous service and have special coiffures for coeds. Throughout the month of November Ben is offering as a special the regular ten dollar Charmont machineless permanent wave for only \$6.85. Call 2-2116 now and make your appointment for a new coiffure to set off your loveliness in a new way.

Who?

That is the echo in the Theta house. Tuesday night Lila Jean Howell revealed her new pin to the sisters and since then there has been a great big ? over their heads. What is the pin? Who gave the pin? She wears it chained, too! The questions may be answered this week end when Lila expects a mysterious visitor.

Pickles Hines

Kappa Sig and his pin mate Jeanne Bovard, Gamma Phi celebrated their one year anniversary of meeting each other in a rather unique way when he sent her a small bouquet of flowers made up of three roses with the words I Love You.

Some of

the Fiji brothers and all of the Rag Staff are wondering why Bob Miller wants to work as news editor Saturday evening when there is a Phi Gam house party and plenty of other people would be willing to accept the duties of night editor.
