

Campus Smoothie . . .

Sig Alpha Jim Weesner contemplates his coke date. She'll think he's mighty smooth in that blue and brown check sport coat and brown slacks. His wool sport vest is tan, and the brown hat, like the rest of his outfit, is from Simon's.

Barefoot Gals Romp Briefly In Orchesis

BY JO KINSEY.

For more than 20 years modern dance has held a prominent place among girls' sports on this campus. This year it has particularly come into its own in connection with physical fitness program of which the physical education department is sponsor. Orchesis is the advanced modern dance group on the campus.

Orchesis derived its name from the Greek, "art of dancing." The majority of large colleges all over the U. S. have a dance organization by this name, but Orchesis is not a national group.

On this campus, Orchesis gives its big production in the spring, of original compositions and group patterns. The group is sponsored by the department of physical education for women and Eileene Lockhart, who came to Nebraska for her first year as an instructor this fall.

"Barefoot Dancing."

In 1920, modern dance at NU was a minor sport. The Cornhusker for that year carried a paragraph about the contest held for dancing and Indian club swinging. In 1925 the Dance Festival was held out-of-doors and "barefoot dancing," as it was called, seemed to be making progress toward the major sport position here.

Dance costumes have changed as much as the conception of the dance itself. In 1925, for instance, the entire spring program was given over to the Elfin type creature with loosely draped costume and short bobbed hair. In 1943, the dance program will be a composite boogie woogie, waltz tempos and creative dancing, which may mean anything. Costumes will be adapted to the dance, and the leotards which are used for practice could best be described as "brief."

Try-outs for this year were held for grace, balance, originality and quickness of learning. President Evangeline Kubik has announced the following girls as new members: Frances Bleick, Eunice Way, Ann Aherne, Helen Johnson, Jo Kinsey, Barbara True, Jean

Off to Class . . .

Alpha Phi Marcy Bauer might be modeling as a typical American college girl in her green Barbara Carol slipover and red shetland wool skirt. Those box pleats are right in keeping with the defense program. Gold's also carry those long rope pearls so dear to the hearts of UN coeds.

BUY WAR BONDS

Silver, Plastic Go Way of All War Materials

All those cute metal gadgets and talk-makers—lapel pins, earrings, bracelets and necklaces—will be

Ann Donley, Jacky Young, Rosayne Svoboda and Olive Lehmer, Dieter Kober, pianist, and a creative artist himself, furnishes background and rhythmical accompaniment for the exercise and dance creations.

out "for the duration" as soon as the present supply is exhausted.

Soft and hard base metals are on the priority list, which eliminates tin, copper and gold and silver plated jewelry. Plastics, the white hope of manufacturers a few months ago, have long since been taken over by the government. Manufacturers who are in war production can use lucite waste materials but a very few of the finished products are on the market.

Ceramics (clay products), wood, leather, glass and solid gold and silver jewelry will take the place of metals.

THE NAME YOU KNOW!

A name that means fine quality and fine craftsmanship. Millions of smart women prefer QUAL-I-CRAFT Shoes, realizing it's the name that makes the price important. Choose yours now from a star-studded collection of beautiful suedes, polished leathers and gabardines. Sizes to 10, AAAA to C.
