The tip off will take place at 8. In preparation for the game, Lew sent his proteges thru a drill on fundamentals yesterday. Besides drilling on fundamentals, the Husker cagers went thru a defensive drill against a select group of freshmen. ## Frosh Granted Reprieve By University Governors To Compete in Athletics

. . . What Freshmen?

Freshmen participation in extra-curricular activities at the University of Nebraska is authorized for the duration of the war by action taken Thursday afternoon by the university senate.

The senate in separate actions endorsed suspension of the freshman rule in athletics, as recommended by Big Six conference officials in a meeting on December 6, and voted that other student activities be given the same consideration.

Close of Season.

The freshman rule in athletics will go into effect at the close of the current basketball season. Suspension of regulations barring freshman participation in other activities will be contingent upon the various campus organizations adopting standards in line with those that will apply to athletics.

Freshmen now are barred from holding positions on the staffs of student publications and in other campus activities.

## Big Six Teams Begin Fullest Cage Season

. . . New Record

LAWRENCE, Kas., Dec. 17.—The most ambitious basketball schedule in the history of the Big Six conference finds every team busily engaged in regular season games this week.

Eighty-six games have been scheduled by the six schools for play during the 1942-43 basketball season. This is an increase of eight games over the schedule of a year ago. The two conference co-champions, Kansas and Oklahoma, lead the pack in respect to non-conference games. These two schools play as many games of this nature as do the other four members combined.

KU Busy.

Coach Forrest C. "Phog" Allen, who is starting his 26th year of basketball coaching at the University of Kansas and his 32nd year of coaching, has outlined a terrific schedule for his Jayhawker cagers to weather this year. Besides the ten regular conference games, eight other intercollegiate foes have been selected as well as seven games with service teams of the nation, making a total of 25 scheduled games.

The Jayhawks will be making their second trip to New York City when they meet Fordham university in Madison Square Garden, Dec. 28. The University of Oklahoma, playing 13 non-conference games, will also appear in the Garden, playing St. Johns College Dec. 19.

The University of Texas has been granted \$2,500 for a study of the chemistry of meat, with particular emphasis on nutritional values.

## Cyclones Will Complete Full Athletic Year

. . . It Says Here

AMES, Ia. Dec. 17.—No matter what course the Big Six may take Iowa State college will continue to support a full program of intercollegiate athletics.

"We will compete in all sports so long as we have the manpower, can get competition, and are allowed to travel," George F. Veenker, director of athletics, said following a meeting of the athletic council.

Entitled to it.

"We feel that this generation of college students is entitled to the same advantages in the lines of athletic competition as those of a few years ago. And when those advantages can also make a contribution to our war effort, then we see no reason to curtail our activities. If the time comes that we feel we are not helping our men prepare themselves to be better soldiers, then we will think of quitting," Veenker said.

Veenker also said that the intramural program and the hardening program would continue to be emphasized.
