

Party Line

BY SADIE HAWKINS.

Picnic season hit the school, but now it has turned awfully cool, but the Betas never follow any rule. Okay, so I'm not as good as McNutt.

The Moron club from the dorm is spending this week-end in Omaha at Susie Lynches', and Jill Smith, Pi Phi is going up with them so that she can see Omaha with Jack Hogan, ATO, Saturday night. Their first date was on a picnic last Sunday.

It seems that Johnny Jones, Phi Delt, is in a quandry, and all over the Alpha Chi pledges. Last week-end he had a date with Gig Mason. He's trying for a date with Kay King this weekend, and has already lined up one for next week-end with Betty Mahan.

It's Definitely Off!

Something different—When Paul Toren, Sig Chi and Joan Witt, Alpha Phi, decided to call off their steady deal, they decided not to date each other at all.

We're beginning to wonder if Larry Wentz is the Phi Gam correspondent for the UNEB. Every night they go into a three minute discussion on Mr. Wentz's various abilities.

Time for another joke: Mother, are there any sky scrapers in heaven?

No, son, engineers build sky scrapers.

Heard that Dave Andrews, DU, tried to get rid of his pin last Friday night.

Omaha's Calling . . .

Wonder if Bruce Allen, Phi Delt, is conveniently going to Omaha against this Friday.

The Sig Chi's will never give up. Frank Christenson just gave his newly acquired pin to Gloria Walton, Alpha Phi.

Library Has New Reference Book For Reviewers

The reference department of the university library has just added "American Authors and Books," by W. J. Burke and Will D. Howe. The book was written to present useful facts about writing, illustrating, editing, reviewing and preservation of American books for 1640 to 1940.

The book places special emphasis on obscure and neglected writers and thus contains much information on subjects which are usually impossible to find. The material has been arranged in dictionary form, with cross reference to related subjects.

The book contains information about all literary types of writing such as novels, plays, orations, poems and essays. There is also information about authors, fiction characters, magazines and newspapers, publishing firms and book-stores.

Announced her engagement in January came out Friday with the fact that she's been married since Dec. 20.

Another secret that was nicely guarded was that Jean Baker, Pi Phi president, had Walt Rundin's SAE pin all summer.

I want a boy who doesn't think that a girl should pet and a girl should drink;

I want a boy who doesn't drool like a poisoned pup in a vestibule; I want a boy who can run a car that doesn't stop at the nearest bar . . .

A boy whose stories are never shady,

A boy who's fit for a perfect lady! (And I'll search and I'll search till I land the lad

For the dumbest girl friend I've ever had!)

I'll now end with thanks to "Esquire" and the "Pointer," and with an added plea: Please do something interesting that we can print.

The state historical library at the University of Wisconsin is the largest of any historical society in America, according to figures of the society.
