**Y**es indeed . . . we know that the Trio you see above, are going where it's . . . eventually. And we don't mean Miami.

**B**ut — just between us — wouldn't you like to make it a little hotter for them right now?

**You can do it! Yes — you individually!**

**By buying more War Bonds and Stamps! That's what buys the tools of war, that give it to the Axis where it hurts! That's how Planes — Guns — Tanks — Shells — Parachutes — Ships — are paid for! The boys in the service are doing their stuff — nobly. Now — YOU INVEST . . . they'll do the rest! Invest—every pay day — in as many war bonds and stamps as you can . . . and then a little more!**
