## The Social Side

By Betty Jo Nye and Mary K. Waring.

Well it seems as though winter is making its last stand (and a really good one at that) before spring is officially ushered in the twenty-first of this month. And likewise the co-eds and college joes are having their final fling before a lot of the fellows leave for their respective places in the army next week.

One of the bigger events of the coming week end is the annual Fiji-Tau Tussle. Some of the dates for this occasion are: Carolyn Windle, Alpha Chi and Ned Nutzman, Fiji; Peggy Lemon, Theta and Tut McKee, ATO; and Helen Johnson, DG and Jim Nicola, ATO.

To the Pike . . .

Journeying this Friday evening to hear Charlie Spivak at the Pike will be: Dorothea Duxbury, Pi Phi and, of course, pinmate Steve Devoe, Phi Delt; Ruth Lund, Alpha Chi and Herb Von Goetz, Phi Delt; and Janie Krause, DG and Nat Kline, Sig Alph.

Candy passings are just as popular as ever on the campus, despite the lack of men. Over Kappa way, Betty Hofh and Sig Chi Ronnie Metz, passed the candy and cigars last Monday night. While at the Alpha Chi house, Chet McCoy's ZIP brothers enjoyed Mary Thorley's kisses.

The Tri Delt's enjoyed a double surprise last Monday evening. First of all, Mary Miles and Bob Henderson, Sig Ep, passed the candy and cigars. So the Sig Eps, wishing to make the most of their opportunity, kissed Corrine Woodworth also, whose pinmate Sig Ep, Harold Largen, leaves soon for the army.

# Offer Enlistment in SPARS, WAVES To Senior Women

## Join Now and Remain on Inactive Duty Until Graduated From Uni

Women who are seniors in college may now enlist as officer candidates for the WAVES and SPARS and remain on inactive duty until they have been graduated, according to the public relations office of the navy department.

Details of the plan are to be mailed this week by the navy department to the presidents of all universities and colleges which enroll women students. In principle, it is similar to the Navy's V-7 deferred service program for upperclass college men. Selected officer candidates will be sent to training school after their college studies are completed.

Candidates should contact her office after securing a statement from the registrar or dean of their schools, certifying that upon graduation at a specified date they will have the necessary educational qualifications for officer training, and after receiving an endorsement from a faculty committee that they are outstanding in scholarship and extra-curricular activities.

All colleges and universities are being asked to designate a faculty committee which will be authorized to furnish the required endorsements and which will be equipped with full information on the enlistment procedure.

## Having Blank Time

### Writes Pvt. Ray . . .

Dear \_\_\_\_\_: After leaving where we were before we left for here, but not knowing we were coming here from there, we couldn't tell if we would arrive here or not, but nevertheless, we are here now and not there, I guess.

The weather here is just as it is at this season, but, of course, quite unlike the weather where we were before we left for here. After leaving by what we left by, we had a good trip. The land and water is just like it would be here and not like anything there.

The People Look.

The people here are just like they look, but don't look like they are where we came from. From here to there is just as far as it is from there to here. I feel just as I should for the weather here, but, of course, I felt all right there for the kind of weather there.

The time here is just like the kind of time we had there only it is a different time. The time we left there, where the time was like it is but which was not the same here like it should be of course, was different from the time here when we got here.

Of course we had to bring along everything we have with us for

we wear what we wear here, like we wore what we wore there which is not like what we wear here.

It is now time in all probability to stop this letter before I give away too much valuable information as the censor might be a spy as they have there, but not quite the same.

Yours,  
RAY CUNNINGHAM.
