

## Party Line

BY JUDGE MASON.

Here we are trying to concentrate (period) on writing a bit of news while we are just dyyyyyyyying of curiosity concerning the picture which appeared next to this column yesterday. They tell us there will be another one today which leads us to suspect that Thornberg's publicity ideas are suffering from armyphobia. No offense meant.

Our wandering reporter, The Snitch, has also been suffering from curiosity lately, due to the disappearance of Bill Gist every morning after breakfast:

He folowed Bill from school one day

To see where he would go, And found him at Barb Schalter's house

Eating another breakfast. (We're not responsible for rhyme or reason.)

We have finally come to the conclusion that air corps dates are preferred over ROTC dates after having received a list of 46 dates for the week end between air corps boys and university girls. A few of these dates: Mary Neuhouse, Alpha Phi, and Rod Taylor a Phi Delt from U. of Oregon; Betty Slothower and an ATO from the same university, Bill O'Malley; Dorothy Black, Chi O, and Joe Benoit, Omega Alpha Kappa from Soc. Jr. College; Don Barsotti of Stanford, former sports editor of the UCLA Bruin; and Donna Rae; and Vern Ingebretsen, Sig Alph from U of Idaho, and "Tiny" Davison, Alpha Chi. Woody Davis of San Francisco U is making a double header of it by having a date with Lois Brainard, Alpha Chi, Saturday and one with "Dee" Stonesifer Sunday.

Two Dekes from U of Wisconsin, namely Jim Stewart and Jim Wheeler will be escorting Pat Chamberlin, Theta, and Betty Ann Kendall, respectively. Bill Mayo, not of the clinic, but a Pi Kappa Alpha from USC, and a 440 dash performer, has a date with Margaret Kaufman. Bob Riley, a skier from Wisconsin university (it must have been a long trip) is stepping out with Jean Woodford of the Dorm.

Another Split-Up.

We have wasted sufficient time for The Snitch to come back from his bi-daily rounds to bring us the news that Helen Greusel, AOPi, has broken that steady chain between herself and Bob Ferguson, DU. The Snitch found the source of trouble at the Pi Phi house.

Some day, if you want to hear something funny, ask the Phi Psis how their fraternity brother, Dick Joyce, happened to participate in the raid over Tokyo. These week-end leaves are good army psychology for such missions.

Sig Eps Say Goodbye.

The Sig Eps will be throwing a farewell party Saturday night, where such combinations will be seen as Ray Miller and Betty Ruth Dunlap, Chi O, Bob Henderson and pinmate Mary Miles, Tri Delt, Dave Barber and Doris Marshall, AOPi, Cap Theisen and Lois Metcalf, Chi O, and Gil Allan and Pat Hasselquist, Alpha Chi.

Competition for this party will be the Sigma Chi party where we will find Bill Heintzelman and Gloria Schizas, Lincoln high, Jack Reinck and Betty Westburg, Gus Duvas and Joan Damewood, dunker's love at first sight) Stan Martz and Barbara Breed, and Harlan Boutchens and Eva Spelts, Alpha Phi.

So with these lists to wade thru, we leave you with a wish for all, "Happy week end."

### Poultry Science Club Disbands For Duration

Record books of the CPSC, Cornhusker poultry science club, have been closed for the duration, announced Ray Stehno, treasurer.

Despite present conditions, the Poultry club at ag college, has had a successful year. Last semester the club sponsored a poultry judging contest. This semester, an annual party was held, and colored movies were shown to the public. Fifty dollars was invested by the club in war bonds to insure the future welfare of the club after the war.

# Ivy Day Form Chart

With the feeling that Ivy Day, more than any other one day of the year, holds special import for Nebraska's coeds, the following form sheet is hereby respectfully dedicated to them.

Members of the Daily Nebraskan staff, looking eagerly forward to this day when—(possibly) political back-stabbings, (possibly) intra-sorority knifings, (possibly) the acme in ex-

hibitions of all the venom that feminism can be, and (probably) a super display of screams, groans, shrieks, cheers, weeping, wailing, and gnashing of the teeth—predominate.

In advance, the Daily wishes Godspeed to the soon-to-be Mortar Boards. In your hands, for the duration, will rest the machine that man calls campus politics. We trust, hope, are almost certain . . . you will keep it well oiled.

HORSE	ODDS	JOCKEY	COMMENTS
Are Lock	7-5	No Jockey	Insiders think that she should be present at finish.
Nan Ramone	2-1	New Man	Safe bet. Steady horse has jockey with experience in tough spots.
Ronnie's Girl	4-1	No Jockey	Hard worker. Should place even tho sire was fouled in same running last year.
Theta Lass	4-1	M. B. Prexy	Carrying colors of red and white; has plenty of backing to place high here.
Butch	5-1	A. Trie	Peppy nag, runs well. Bookies say stable has good connections.
Mar May	6-1	Unaffiliated	Waiting a long time for this race; has stuff to win unless fouled at the stretch.
Doll Thorp	8-1	No Jockey	Loss of wise handler to army making running more difficult, but experts say there is a reason "Y" she won't lose.
Well, Wells	10-1	No Jockey	Stable has had difficulties in past, but last winning race will help her.
Bluegrass B	10-1	Doubtful	Fed in eastern pasture; has won many country races and is a safe bet in this one.
Joyce J.	12-1	A. Lot	Should wander in; is entry with

HORSE	ODDS	JOCKEY	COMMENTS
Lyonheart	12-1	Curly Jan	Butch and good bet unless track gets muddy.
Pretty Model	12-1	A. Becky	Recovered from sickness in stable, and should run fast race with very good support.
Simmy	15-1	Doubtful	This filly won Foundation derby; but looks bad on the stretch.
Little Chris	15-1	Iz Missing	Record is good but handlers say she needs smart jockey. A dark-horse in this one.
Bone Bright	18-1	No Jockey	Fast starter may take this one. Would be cinch if all handlers were present.
Smiling Mundy	20-1	Doubtful	Hard worker, lacks proper connections. Could place in close race.
Red June	30-1	No Jockey	May laugh her way into the money; looks good but lacks necessary weight required for this race.
Trish Cole	40-1	No Jockey	Has weight but track big shots think she's erratic; has caused too much trouble at the post in early runnings.
V-Mail	50-1	M. B. Prexy	Knows ins and outs of various stables but never enters herself in other races; has helped others running in this one.
			This two-year-old can out-run all entries, but youth disqualifies her.
