duced at the Panhellenic meeting Monday afternoon. That evening she will have dinner at the girls' dormitory. Following dinner she will be in the knotty pine room in the dorm, available for those girls who wish to talk to her.

Ensign Dorsey and Lt. Betty Seeley of the WAAC will be in Ellen Smith hall for conferences for those who would be interested in further information. Conference hours will be from 10:00-12:00 in the morning and from 1:00-5:00 in the afternoon on Wednesday. Make appointments by calling the dean of women's office.

Ensign Ann Dorsey and Lt. Betty Seeley are from Des Moines, Iowa. Both of them attended Northwestern university.

WAVES and SPARS next Tuesday at 5 p. m. Her talk was scheduled for a few weeks ago, but due to measles she was unable to come at that time.

This speech will be Ensign Dorsey's main talk on the campus. She will lead a panel discussion after her talk, and she will answer any questions girls wish to ask about the WAVES and SPARS. This meeting is sponsored by AWS as a continuance of the AWS vocational program. Ensign Dorsey will be intro-

college. Dark brown hair and brown eyes describes two of the beauty assets of Virginia McCulla, member of Alpha Phi and a sophomore in teacher's college. Swimming and dancing share equal ranks as Ginny's favorite activities.

Fashion work is the avocation of Myridene Buller, Alpha Chi Omega. Drawing sketches of designs, dancing and singing fill her hours while pinmate Bill Arnot, Beta and Phi Rho, attends medical school in Omaha. "Myrt" has black hair and blue eyes, and is a senior in arts and science college.

Another beauty queen pinned to a Beta and Phi Rho is Dorothy Theisen, Kappa Alpha Theta. A sophomore in teacher's college, she takes to dancing, art and bowling during her free time. Blonde hair and blue eyes mark "Theis's" beauty.

Naive and unsophisticated Dorothy Black, Chi Omega, radiates beauty from her strawberry blonde hair and creamy fair complexion. Dorothy mixes outdoor life, especially camping trips, with her present avocation, art, her future career. Dancing is another of her many favorites. She is a sophomore in arts and sciences.

Debators Win 68 Per Cent Of Inter-collegiate Meets

As the debate season closed the university forensic squad had won 68 percent of the 109 inter-collegiate debates in which the 21 students participated.

"In view of war time travel restrictions, budget limitations and disruptions of squad personnel by epidemics and calling up of the ERC, the Varsity Debate squad has completed a surprisingly successful year," Dr. L. T. Laase, director of debate, said.

The three subjects which were debated by the team were:

Resolved, that Congress shall enact legislation providing for universal draft of women and men between the ages of 18 and 64 for war production, agriculture and the armed service.

Resolved, that the United Na-

tions shall form a permanent federal union to establish and maintain peace.

Resolved, that after the war, America shall return to competitive enterprise as its dominant economic system.

Eighteen of the squad members received excellent or superior ratings.

Members of the Forensic squad included: George Blackstone, Art Rivin, Frank Mattoon, William Rist, Norman Hansen, Dale Wisser, Roland Luedtke, John Dale, Albert Johnston, Jean Frescoln, Jean Kinzie, Betty Newman, Katherine Sloan, Helen Kiesselbach, Anne Wellensiek, Gerry McKinsey, Mary Ann Mattoon, Romulo Soldevilla, Henry Lee, Irvin White, and Don Patterson.
