# UN Greets 36 Former ROTC's; Return to Train on Campus

BY MARYLOUISE GOODWIN.

At approximately 10:15 a. m. Monday 36 travel-weary former Nebraska students piled off a train, 11 hours late, at the Burlington station to begin their training at the university.

Down at the station to greet the returning men were five Nebraska coeds—two wives and two pinmates—and Pat Chamberlin with her camera. "Wow, does this look good to me," was the unanimous opinion as the men climbed into the trucks leaving the station.

## Second Group to Return.

This is the second detachment of former first year advanced ROTC men to return to the campus this fall. Assigned until Jan. 13 to the ag campus STAR unit, they will take refresher courses preliminary to entering engineering study under the ASTP on the downtown campus. Most of them have completed the equivalent of three years of college study.

The men have been stationed at Camp Roberts, Calif. since early summer where they underwent basic training.

Those who arrived Monday are: Abbott, George W. Bachman, Forrest C. Bernstien, Gerald W. Bottorff, John G. Brunson, Forrest W.

Line formed to the left around the telephone booths in the Burlington station when the 36 Nebraska men came in from Camp Roberts, California, 11 hours behind schedule Monday.

Per usual, Kenny Elson is right on the spot and that beam isn't all for G. Willie Abbott who's next in line. Jerry Bernstein is taking it all in with a grain of salt. He knows there'll be telephones out at ag.
