Announce ASTP Queen At GI Dance Saturday

Nebraska's Miss ASTP of 1943 will be presented to her assembled GI subjects tomorrow night at 10:30 as the feature attraction of the second coliseum dance for all campus military trainees.

The identity of the soldiers' future queen of queens will be revealed by Maj. Harland G. Pattison, commanding officer of Love Library's Second Battalion, who will do the honors of introducing the beauty queen on behalf of UN military personnel and the Daily Nebraskan Army News, which sponsored Miss ASTP's election.

Haun Furnishes Music.

Dave Haun will make the walls swing and sway with his rippling rhythm and the songs of beautiful Shirley Page from 9 till 12. The Lincolnettes and the War Council have guaranteed to have at least 200 pretty hostesses all eager to dance with GI stags. There will be a coke bar near the dance floor and free checking service for wraps in the basement. No GI shoes will be allowed on the floor.

ASTS Vote for Queen.

The ASTS voted for the queen of their choice on Wednesday night but the glamorous winner will not be unveiled until tomorrow night at the presentation. Early election returns indicate a close race between the five candidates. The candidates for the title of Nebraska's Miss ASTP of 1943 are: Kay Detweiler, DG; Margaret Munson, Alpha Phi; Barbara Stahl, Alpha Chi; Elinor Thomas, Raymond Hall; and Lois Wright, Theta.

Army Inter-Unit Matches Show Rivalry

The Army's basketball tournament is well under way, three games having been played so far, and the fourth, between Company C and the Field House, scheduled for tomorrow night in the Coliseum at 7 o'clock. The game will be followed by the regular bi-monthly Student Union dance, and the presentation of Miss ASTP.

The competition between the five teams is keen, with B company and the Field House the only undefeated teams at this early date. The Air Corps tackled the Field House in the tourney opener, and had their wings clipped to the tune of 25-23. The game was nip and tuck all the way, with the engineers overcoming the fliers half-time advantage to win.

The two top seeded teams met in the second game, when the hustlers of Company B tangled with Smith's speedsters from C company. The Smithmen had a previous 34-23 win to their credit, but B company outplayed them all the way to rack up an important 37 to 28 victory in their tourney meeting. This win established Lieutenant Hesler's aggregation as the team to beat.

The newly formed Co. A team met the Air Corps last Tuesday and were taken into camp finally 26-24. The score was all tied up at the end of the regular session, and it took three overtime periods before the birdmen came through with the winning basket.

Much color has been added to the teams with the acquisition of uniforms by the different clubs. The Tuesday night games, originally scheduled for 9 o'clock are being played at 6:30 instead.

Notices have been placed on the bulletin boards for soldiers wishing to attend the Thanksgiving religious service Monday evening at 7 in the Union ballroom.

Lobdell, Shafer Leave University For Kansas Posts

Lt. Cols. L. H. Shafer and Arthur T. Lobdell left the campus this week to take over new duties at posts in Kansas. Col. James P. Murphy, commandant of the University military units, announced yesterday.

Colonel Shafer has been ordered to the Fort Riley cavalry school and Colonel Lobdell has been transferred to Concordia, Kas.

Colonel Lobdell has been on duty on the campus since 1941, during which time he served as Director of Engineering for the ROTC and later as president of the ag college STAR classification board. Before coming to the university he was with the state highway department and a member of the army reserve.

Colonel Shafer came to Nebraska last March from Camp Bragg where he was special service officer, insurance and bond officer, and was also attached to the Ninth division.

Maj. Edward E. Mutschallat will take over Colonel Shafer's duties as head of the ROTC.

G. I. Swing Trio Provides Music That Bounces . . .

When Pfc. Joe Wilkinson beat a tune out of the piano on the Union ballroom stage a few weeks ago, he started something that's kept the ballroom bouncing nearly every day since.

Among the people Joe first attracted with his piano playing was Pvt. Harold Carnes, who also plays the piano, and the two AST men began working out some melodies together. Joe asked Pfc. Ken Strickler to join them with his clarinet, and the swing trio began. Carnes later borrowed a bass from the University.

Play at Union.

Attracting an audience each noon and evening, the boys found offers from the people who came around. They played at the Inter-Fraternity dance in the Union last Friday and are playing at the Sigma Nu house tomorrow night. They'll also be intermission entertainers on Sunday's Variety show in the Union ballroom.

All three are experienced musicians, Strickler played with dance bands at Washington State and Wilkinson played around the University of Arkansas. Strickler also played on a GI orchestra at Fort Riley, Kas. Carnes, most versatile of the trio, has studied nearly every string and brass instrument.

Requests are always in order when the trio plays, since they claim they'll play anything they've heard of.
