BY LAURA LEE MUNDIL.

Back again with a hello to all who have come back to school to recuperate from vacation—and New Years eve. The left hand diamonds are blinding us (some right hand ones have us wondering too). Acquaintances are now pinmates. In short, the campus and world in general seem to have gone completely "hedonistic."

Tri Delt Jean Whedon passed the candy after receiving a ring from George Remmenga, former UN student and now an air cadet at Phoenix, Ariz. Delores Schwenker of the same house also received a diamond from Dick Chapin, Phi Delt in the air corps. For many weeks Delta Gamma "M.A." Lehr has been wearing a beauty from army man Randy Pratt, former Farm House. And for a bit of the short and the long of it—Sigma Chi navy man Ed Faytinger clinched a several years' deal by presenting Pi Phi Shirley Johnson with one of "them" rocks, while more cinching was done of a rather short affair when Alpha Phi Carolyn Held turned up New Years eve with same from Kentucky's Jack May, ASTP.

On to pins—Pi Phi Sue Newman is wearing the Beta pin of George Pinney. ChiO Betty Ruth Dunlap is now pinned to Sig-Alph Bill Hewitt of the air corps who came home on a surprise furlough just before Christmas... ChiO Betty Jean Hatch has had the Sigma Chi pin of Jack Grainger since a week before Christmas, but it was a secret till Jan. 5. Tri Delt Janice Pauley received the Sigma Nu pin of Keith Atkinson, former UN man, now at Crete.

### Serious Affairs.

Down fraternity row, the Sig Eps are out in front with their new pin hangings, serenades and what have you. Jim Kratochvil's heart hangs on Mary "Kitten" Hall; Selma Pfingsten is the beaming dorm gal (preoccupied too) with Day Slout's pin. This is what we've been waiting for and we hear tell it is really serious—but no more serious, perhaps, than the affair of Merrell Shutt and Loren Bevan.

### Rare Bits.

Things rare: Sig Ep Ernie Luther travelled to Washington, D. C., for the holidays to see his "sister." Brothers know he didn't have reservations and they don't think he has a sister. News of Alpha Chi Betsy Wright passing the candy in Professor Arndt's Friday 9 o'clock money, credit and prices class. What "price" love!

And by the way, for you readers' information, Sig Ep Bob Henderson, the "Alpha Fiend," is no half-witt; he's all "Witt." Ta ta.

## STAR Notes

By Pfc. Patsy Noto.

The University girls missed the biggest affair in Lincoln on Christmas night, when they all hurried back to their native cornfields. There were no lonely hearts at the STARS' Ball that evening, and the girls who came are still talking about it. Rightly so, too, for they got anything their hearts desired,—from G. I. transportation to maidenswoon brutes of men. The decorations were beautiful, with an array of colored lights that put

### Army Editors On Furlough

There will be no army news today or Sunday, as the editors, Pfc. Bill Chisolm and Bill Calkins, and their staff are on furlough. Watch for the army news in Wednesday's issue.

even the chaperons in the mood. There were refreshments galore, and Francis Ellsworth gave out with the sweetest music on this side of heaven. It made such a big hit that everyone is asking, "When is the next dance?"

Among the girl celebrities at the dance were Patricia Murphy, the Colonel's daughter and Pat King, the unforgettable daughter in "Hay Fever." That King girl, by the way, should be called a queen. She seems to be even more wonderful of the stage. She is also the reason Cpl. Jerry Rozanski is shaving twice a day lately.

New Year's Eve was so quiet in Lincoln, that the new-born '44 babe crawled back into its crib and lay there wondering. They only event that brought a gurgle from him was the grand affair at the U.S.O. Here they really made merry, and Old Man '43 was kicked out mercilessly. At one house party, where Pvt. Anthony Piccola was raising the devil, a few neighbors complainingly knocked on the wall. Piccola, mistaking this for diversion, knocked right back. This continued for 15 minutes, until the neighbors realized it was New Year's Eve.

Everyone has probably made a '44 resolution. For anyone who has not done so, T/5 Herman Kroschell's poem will certainly suggest a fine one:
